SALOONS' LAST DAY OF GRACE

Date at Hand When Anti-Saloon League Promises to Close Doors.

TWELVE HUNDRED MINERS STILL ON STRIKE

Trades Unions Prepare Petition to Governor Praying that No Non-union Operatives From Pana Be Allowed Entrance.

DES MOINES, April 14.—(Special Telegram.)—Tomorrow is the announced day upon which the State Anti-Saloon league will take and declare they are prepared for any emergency.

It is believed the announcement of the women's Christian Temperance union of its opposition to the movement inaugurated by the league will have a desired effect and that in the future the latter will more closely confine its efforts to the work of obtaining the repeal of the malt law than to trying to enforce the laws of the state in the liquor traffic.

There are many rumors in the city as to the importation of miners from Pana, Ill., and other points. The trades unions have been getting signs to a petition to the governor asking that any effort toward that end be prevented.

Wesley Garver asked for a divorce today from his wife. He alleges in his petition that he has attempted to poison him and that not long ago she told him that some night when he was asleep she intended to pour boiling lead into his ear.

Governor Shaw is considering the matter of calling the State Board of Mining Examiners together to examine candidates from which to select a successor to Morgan G. Thomas, the state mining inspector, who died this week.

TREATS OF MRS. GEORGE

Conversation Related in Which She Accused James D. Saxton in a Menacing Way.

CANTON, O., April 14.—During the trial of Mrs. Annie George today, numerous threats by Mrs. George against the life of George D. Saxton were testified to by witnesses. Many of the statements were copied from Mrs. George's story of the alleged wrongs to her at Saxton's hands, which she told the witnesses in connection with her threats.

All was not smooth sailing for the state today. The prosecution had expected to introduce a chemical analysis of the outside taken from Mrs. George's hand when she was arrested, and prove thereby that the discolored was due to powder smoke.

Additional cross-examination of Mrs. Mary Finley opened today's proceedings in the trial of Mrs. George for the murder of James D. Saxton. This was chiefly directed toward proving that the witness had been coached for her direct testimony.

Mrs. Mary Nauman related conversations of Mrs. George. In one the latter told of having seen Saxton enter the Althouse home by pointing a pistol and making him come away with her. Mrs. George asked Saxton if he was ready to die and said she could have killed him then, but wanted her money first.

In cross-examining Mrs. Nauman the defense sought to have her relate Mrs. George's alleged grievances against Saxton. Mrs. Nauman, however, testified that Mrs. George never told her of the alleged conversation which Saxton inflicted upon her.

Mrs. Nettie McAllister detailed a conversation with Mrs. George about a threat to kill Saxton, about the pistol incident at the Althouse home and the threatening letters. John L. Jackson, a colored janitor, testified that Mrs. George often came to him at the block where he worked and said to him she would kill Saxton if he did not write with her and quit going with Mrs. Althouse.

Great Bicyclist Advises All Riders to Use Paine's Celery.

Miller Has Found This Wonderful Remedy to be a Perfect Restorer of Impaired Nervous Energy—Keeps It in the Spring When He Feels Out of Sorts and Run Down.

"I won the six days bicycle race in Madison Square Garden," writes Champion C. W. Miller, "I covered 2,007 miles and beat my next competitor 21 miles."

"Two weeks from the date of that exhaustive struggle I would not have known that it happened. I was in as good condition as any man could possibly be."

"I owe to Paine's Celery Compound a debt of personal gratitude. For several years I have occasionally used this splendid spring remedy when I felt out of sorts and run down."

"I have been a professional bicyclist for about three years; before that I was in the grocery business. I lost the big race in New York, feeling that I ought to be in the best possible condition, because a nervous breakdown on the track is the one thing that all well-trained men are afraid of—I began to use Paine's celery compound."

"But what I feel I ought to tell you is this, that after the race, when I had used up every bit of energy that I could and was as far broken-down as a man would naturally be after such a tax upon his strength, I felt the need of something to tone up my system, to restore my nerve, which were somewhat shaken; to give me an appetite, which I had lost, and I fell back upon Paine's celery compound. I assure you that it did me so much good that I am very glad indeed to send you this letter."

"Trusting that riders who are not put to such severe tests as I, and perhaps couldn't stand such severe tests, may have the benefit of my experience and the what I consider a perfect restorer of impaired nervous energy, I am, Yours truly,

C. W. MILLER. Champion Long Distance Rider of the World.
