

PREPARE FOR THE STRUGGLE

Competing Lines Want a Share of the Union Pacific Traffic.

FOND HOPES OF THE BURLINGTON SYSTEM

Confidant a Director of Q and Also of Overland, Which Fact Buys Up the Spirits of the Former Line.

Omaha railroad men are manifesting an increasing interest in the coming struggle for a division of the Union Pacific traffic. One of them, in talking of the situation and speculating upon the outcome, remarked: "While much has been said concerning the various interests which are represented in the new Union Pacific company, and the probability of some of them uniting in a demand for a change in the present policy of that road, one other fact has been overlooked. That is that St. Jefferson Coolidge of Boston, a director in the Burlington system, is also a director in the Union Pacific. He is an important factor, too. With possibly the exception of Mr. Harriman, he is the most influential member of the Union Pacific directors. He represents strong financial interests, giving him considerable power in the shaping of the policy of the Union Pacific road.

"While the Burlington long ago gave up the idea of getting any share of the business originating along the Union Pacific system, and care little today how the coming struggle will terminate, it can be seen that the position occupied by Mr. Coolidge will be one of advantage when the time for a showdown arrives."

B. & M. Surveyors in Wyoming. CHEYENNE, Wyo., April 21.—(Special.)—Passengers who came in from the north this morning on the Cheyenne & Northern train report a party of B. & M. surveyors working in the vicinity of Uva in the northern part of Laramie county. The movements and prospective operations of the Burlington company in Wyoming are being watched with great interest, not only by the public but by other railroad companies. It is reported on fairly reliable authority that the company is now negotiating with the Colorado Southern for the purchase of the Cheyenne & Northern branch of that system. If this is secured a branch will be extended westward from Horse Creek station to the coal lands owned by the Burlington company in Carbon county, a distance of about sixty miles. With this branch the coal could be marketed by almost straight lines of road in the Black Hills of South Dakota and in Omaha.

Plans of the Minneapolis Road. It is announced that the Minneapolis & St. Louis, instead of waiting till it finishes its line to this city before seeking a share of business in this territory, is about to complete a trading arrangement with the Illinois Central, whereby the former road will connect with the new line being built by the Central to Omaha. According to reports of the plans of the Minneapolis & St. Louis, that company will not complete its line to this city for two years, but by the use of the contemplated trackage agreement, it may begin operating trains into Omaha by the latter part of the year. With this connection the Minneapolis & St. Louis will have the shortest line between Omaha and the Twin Cities, an advantage it expects to gain to a greater extent when it completes its own line to this city.

Ruling in Northern Pacific Case. MILWAUKEE, Wis., April 21.—Judge Jenkins in the United States circuit court today confirmed the master's report in the matter of Farmers' Loan and Trust company against the Northern Pacific Railway company in regard to the computation of interest upon the consolidation of bonds in the Northern Pacific roads which were owned by the complainant to the amount of \$14,233,600. The master held that interest upon the principal of the bonds and the interest coupons after their respective dates should be 5 per cent per annum. The trust company objected, claiming 6 per cent, the difference being \$1,664,382. The objection was overruled and the master's report confirmed.

Section Men Get Better Pay. JOLIET, Ill., April 21.—The Chicago & Alton Railroad company has increased the wages of 800 section men on the two divisions between Chicago and Bloomington and between Dwight and Peoria, from \$1.15 to \$1.25 per day. The forces now at work will be doubled.

Railway Notes and Personalities. William Teller, counsel for the Union Pacific at Denver, was a visitor at headquarters. H. G. Clark of St. Louis, general superintendent of the Missouri Pacific system, is in Omaha. H. H. Marley of Kansas City, southwestern passenger agent for the Michigan Central, is in Omaha. A. G. Shearman of Cincinnati, general agent for the Union Pacific, is a visitor at headquarters. S. A. Hutchison, assistant general passenger agent for the Union Pacific, has returned from a four weeks' trip in the eastern states. Sir William C. Van Horne, K. C. M. G., of Montreal, president of the Canadian Pacific, passed through Omaha on the Union Pacific in his private car. He is on his way to Vancouver. Prince Kanoye, president of the Japanese company of Peers, on his way around the world on a trip of inspection and investigation, will arrive in Omaha this morning on the Union Pacific.

An order has been issued by the New York, New Haven & Hartford road, to discontinue the wearing of tan shoes, fancy shirts and other freaks by passenger trainmen. They must wear patent leather shoes, white shirts and black ties and must shave daily. For 2.95. You can buy a pair of men's fine vici kid tan shoes that sell regularly for \$4.00. Will you let us save you \$1.05? CONTINENTAL CLOTHING CO.

Divine Healer Schrader. Schrader, the divine healer, is now resting in Council Bluffs, Ia., and will lecture in Chambers' academy, Fifteenth and Harney streets, this city, Sunday, at 3 and 8 o'clock p. m., at which time Mr. Schrader will give public healings free and endeavor to effect a cure for all who visit him and shake his hand. An admission of 25 cents will be charged to help defray the large expense. ALL TREATMENTS FREE OF CHARGE. For Current Topics Leader. All members of the current topics department of the Women's club who were not present at the meeting held Monday, April 17, will kindly send their preference for leader, assistant leader and secretary for the coming year to Mrs. J. IN INTEREST OF YOUNG MEN

Athletic Park is to Be the Finest West of Chicago—Y. M. C. A. Notes.

The athletic park committee is very enthusiastic over the prospects for the summer and believes that the new park when the improvements are made will be the finest athletic park west of Chicago. Work on the bicycle track will be started next week. The gym club, from interest manifested by many business men, bids fair to be a great feature. Of course base ball will be a leading feature, and it is expected that a number of teams will be organized. A call has already gone out for the lawyers to meet and organize a base ball nine. The night classes in the gymnasium will close next week. This has been a most successful season, and on Tuesday and Thursday nights elementary and intermediate tests will be given and the members of the classes rated according to their standing. The noon business men's class, which now has a large attendance than at any time for several years, will be continued through May. Classes meet Monday, Wednesday and Thursday nights. On Thursday of next week in the gymnasium the working boys and juniors will have a Pentheion contest. The March club, which includes every member of the association who joined the association or renewed his membership during the month, will have a social meeting Tuesday night at 8 o'clock in the parlors. Chairman Morgan of the membership committee is planning an interesting time. The bicycle club is having a meeting of the bicycle club Thursday evening, when reports were received from several committees. The following officers were elected: W. Ernest Johnson, president; M. H. Murray, vice president; H. R. Ellis, secretary and treasurer; and A. C. Jones, captain. It was decided that the next run of the club be held Thursday, April 27, leaving the building at 7 o'clock, with Florence as a goal. Notwithstanding the chilly air the club run Thursday night was well attended and a decided success. The association has not yet decided on the use of the bicycle club a room on the third floor, which will be furnished by the club and used as a club room during the summer. The men's meeting Sunday afternoon at 4 o'clock will be presided over by W. Ernest Johnson and the address of the afternoon will be made by C. P. W. Nims, a commercial traveler from Boston. Mr. Nims has spoken before the association before and has a great many friends who will be delighted to hear him again. Reports from all over the country show an increased interest in the international convention, which will be held at Grand Rapids May 25-28. This convention will be marked by the presence of business men.

11.10 and \$1.25. We sell a boy's good shoe for \$1.10—a better one for \$1.35. CONTINENTAL CLOTHING CO.

Announcements. This week at the Orpheum has been marked by excellent audiences, who have had the opportunity of seeing a bill comprising very high-class features in the vaudeville line. The comedy of Blackism and Burns, the minstrelsy of Lew Hawkins, the cakewalking, dancing and singing of Walker's merry-makers have all met with the warmest approval. The marvelous feats of the four Nolas sisters, the outburst of women acrobats in the world, have created much interest and admiration. All of these features form excellent matinee attractions.

There is lots of genuine and spontaneous fun in Stapleton's farce, "A Bachelor's Homecoming," which is billed for today for three nights, starting Sunday matinee. The public may be prepared to laugh. The Detroit Evening News said: "It was a nice, lively homecoming that Mr. Bachelor experienced, and the people who were present last night seemed to enjoy it almost as much as if it had been their own. It is a whimsical story, which is billed for today for three nights, starting Sunday matinee. There were not many stories in last night's audience and the merit became hilarious as the comedy progressed. One man nearly fell into the stage when he saw the blonde-haired lady with the red plush waist ruined her gloves in her enthusiasm."

This afternoon Mrs. Longshore-Potts, M. D., will give the third of her free lectures to women at Boyd's theater. On Monday the fourth lecture of the series, also a free one, will be delivered. On Tuesday afternoon she will present her famous lecture on "Maternity" which will be illustrated with X-ray photographs and stereoscopic views. A small admission will be charged to this lecture. At all the free lectures the stereoscopic views will be shown. The views include besides those of strictly an anatomical kind those of scenery and war scenes. Mrs. Potts has had the most successful series of lectures that she has ever given. Her lectures have been made up of the best women in the city and all freely endorse the methods she uses in handling her subjects. Mrs. Potts is thoroughly conversant with the latest scientific facts and as she has made the subject a study she knows what are the best methods to regulate and cure these ills. Must Not Fence in the Street. Two police officers have been engaged in endeavoring to induce Ben Anderson to remove the fences he is erecting on Grand avenue between Twenty-fifth and Twenty-sixth streets. Destroying a larger space for his garden, Anderson began an extension which would have obstructed the street had he been left to continue his building unimpeded. He promised the officers to take down the fences and leave the street open as it has been in the past. The Good Dressers. Now wear Alfred Benjamin's make of fine suits—we've the exclusive sale of these suits in Omaha. Price is no higher for them here than elsewhere. They are selling \$15.00 up. Give us an opportunity to show you these goods. CONTINENTAL CLOTHING CO. We don't generally do business at a loss, but our profit road is a narrow gauge one, and its branches extend into every department of our big store, each of which is a low-price terminus.—Hayden Bros. The Dewey European hotel, 13th and Farnam. First-class rooms. Reasonable rates. Mr. Kelly presents his third subscription concert next Monday night, "Daughter of Jairus."
