> ANSWER OF COMMISSIONERS Denial that the Auditor is Any Part of the County Clerk's Of-

> > fice Force.

The answer of the Board of County Commissioners in the injunction proceedings instituted by County Clerk Haverly has just been filed. It is a voluminous document, presenting the position of the majority of the board in exhaustive detail and occupying a wad of typewritten sheets half an inch thick in telling the court why the appointment of clerks in the "auditor's" department should be the exclusive prerogative of city. whatever element happens to dominate I

The answer explicitly denies that the auditor is any part or parcel of the office force of the county clerk. It represents that the duties devolving on the commissioners are so arduous and exacting that they have no time in which to check up quarterly reports claims or the books and accounts of counts officers. Consequently, it is necessary to employ expert accountants to attend to that class of work. The history of previous appointments is recited at length to show that the board has heretofore enjoyed the privinext Monday evening. It was reported on lege of dictating them, and it is contended that any effort on the part of the county clerk to have anything to say at this time is a usurpation of the powers of the board. It is denied that the services of John H. Tate have been and are satisfactory, as related in the application for the injunction. and it is also positively denied that the recent appointments are dictated by any political interest.

Supposed to Be Guilly of Numerous Murders-Proofs of Guilt Stight.

SAN FRANCISCO, April 24.—Harry Wilson, the mulatto whom the police have arrested on suspicion of being the man who several years ago strangled a number of women in this city and Denver, will be held responsible for several daring robberies, nearly all committed in the tenderloin dis-

While the detectives and police were scour-

ing the city for Wilson, who recently robbed a Mrs. Griffin and several other women, he visited the house of Mrs. Leonard on Ellis street and pretended to be smitten with her charms. While they were in a room on the upper floor Wilson seized his unsuspecting ictim by the threat and after almost strangling her threw her over the banisters o the floor below. He then entered other private apartments and stole \$400. For this he may be held on a charge of assault to murder. While convinced that he is the much wanted strangler, the police say it will be difficult, if not impossible, to convict him of the crimes committed so long ago Wilson says that he is a gambler, and admits having been in Denver when several women were foully murdered. He ridicules the suspicion that he is the strangler and says he is able to prove his innocence when it is necessary. He also disclaims any connection with the murders of women in this

Two Kindred Patriotic Societies Prefer to Travel Under Separate Standards.

PHILADELPHIA, Pa., April 24.-The Paughters of the Revolution and the Daughters of the American Revolution will not unite. The annual meeting of the general society of the Daughters of the Revolution began today at the Hotel Stratford and one of the most important matters transacted this afternoon was the ratification by the major organization of the "a calition" resolution that was adopted by the board of managers in New York last Monday. The convention opened at 10 o'clock. N. S. Keay, state regent of the Pennsylvania society, made the address of welcome. Delegates were present from nineteen states. The annual reports of the officers were read and showed a flourishing condition of affairs.

To Investigate a Suicide. The inquest to determine the cause of the death of Ira Schultz, the 19-year-old girl who died so mysteriously early Monday morning at her home, 1314 California street, resulted in a verdict of suicide by taking strychnine. From the evidence it developed that the girl had been in poor health for a number of years and had frequently threat ened to take poison. Although no letter were left to explain the death, the testimony of the attending physician and the fact of finding an empty envelop marked strych nine poison, left no doubt that it was suicide

Arrested on Charge of Burglary. George Carter and Emnole Penn, two col-ored lads living near Tenth street and Capitol avenue, were arrested on the charge of burglary, said to have been committed in Kearney, Mo. Articles of jewelry, including a valuable watch and a ring, clothing and silverware, were secured by the burglars and were brought to this city where they were disposed of in second-hand goods stores. Some of the stolen property was recovered.

Coroner Will Investigate. The coroner's inquest will be held Wednesday over the body of A. J. Robinson, the expressman who was shot Sunday by Fred Smith, a bartender, in the Brunswick hotel salcon. Although the police are convinced that the shooting was accidental, Smith will not be released from custody until after a verdict to that effect has been rendered.
