MOVEMENTS OF STOCKS AND BONDS. Prices Fall Under Crop Damage News

and Market Closes Weak. NEW YORK, April 27.—Stocks opened up this morning and after moderate fluctuathis morning and after moderate fluctuations either way slid off below yesterday's prices. There were advices of crop damage, sterling exchange was strong at higher figures and call money was at the logal rate of per cent in the afternoon, all of which combined to send prices off with a rush and the market closed weak under pressure. The demand for money was incidental to the preparations of corporations to meet May disburcements and then there was a disposition among traders to anticipate a possible squeeze in call money tomorrow, when loans carry over to Monday.

There was moderate arbitrage buying for London account early and the traders also were prominent buyers, but the diminishing commission house business prompted them to switch their position and sell for a turn. The trading, which reached half a million shares, was practically all for professional operators. Silver certificates representing 100,000 ounces changed hands at from 634 to 644, the latter being the highest figure in over two years.

The bull speculation in silver, as well as dividend gossip, imparted strength to Benver & Rio Grande. Anaconda had over 3 points knocked off from its recent advance you injuidation induced by the denial of a large interest that the proposed Copper trust had control of the property, Manhattan Beach dropped 7 points, with little recovery on stop-loss orders being reached. New York Airbrake sold up 14 points, the greater aart of which it held on the approach of the property hope will be favorable. Delaware, Lackawanna & Western recovered from yesterday's depression, which was connected with rumors of impending tions either way slid off below yesterday's

ble. Delaware, Lackawanna & Western re-covered from yesterday's depression, which was connected with rumors of impending abor difficulies. The heaviness of the mar-ket was accentuated by free selling of Brooklyn Rapid Transit and Sugar, al-though an earlier rise in Sugar was on an intangible rumor that the company would offer rights to subscribe for a new issue of stock at par to be used in connection with the deal with rival interests.

HOGS—On the first round bids and sales were only about steady, but through the influence of the good demand the market gained in strength and the bulk of the hogs sold at the range of \$2.656.370. There were a good many more sales at \$2.67\forestimethic today, a bunch of choice heavy bringing \$2.50. They were filled the market was not quite so atrong as it was at the best time, but the good on the face of it this may promise final turn may bring peace.

strong as it was at the Bost time, but the market as a whole averaged a little higher than it did yesterday, as will be noted from the table of average prices at head of the consolidation campaign, appreciating fully active and practically everything said in good season.

One we'k ago achay the market was high, the hogs reding on that date within 2s of the highest point touched this year, and the market is now less than a dime owe than it was on that date. In other words, hogs are now selling fully up to the average for the consolidation campaign, appreciating fully the fact that a single day's developments may be of far-reaching significance.

Opinion Favors Nat Goodwin.

CHICAGO, April 27.—The verdict for \$10,000 was set aside and the motion for a new trial granted in the case of Juseph M. Maxwell against Nat C. Goodwin, in an opinion ge to supply the demand. Represen-

CINCINNATI, April 27.-HOGS-Quiet at \$2.1563.95. CATPLE—Steady at \$2.7565.00. SHEEP—Strong at \$3.0004.75; lambs, strong at \$4.5005.00. Iron Trade is Agitated. CLEVELAND, April 27.-The Iron Trade Review, in its issue tomorrow, will say: Big movements in the iron trade have been

in the air the last week. They show that control by a few large corporations is not only the destiny of the iron trade of the country, but is practically its condition today. And that movements just ahead will mean further dominance by large corporayear in and year out, and of harmony among the few large interests, is to result from the deals now under way. The only element of uncertainty is that growing out of the \$15,-000,000 steel works project at Buffalo. While

000 was set naide and the motion for a new trial granted in the case of Joseph M. Max-well against Nat C. Goodwin, in an opinion handed down today by Judge Seaman in the

United States sugreme court.

The court hords that the evidence is insufficient to establish a charge of literary piracy against Henry Guy Carloton, who wrote the play "Ambition" for Goodwin.

Maxwell, who is a Chicago newspaper man. charged that he had submitted the play to Goodwin; that it had been refused and latwas produced as Carleton's without material change in the plot or lines.

Quentin's Accounts Badly Mixed.

amination will not be completed for several weeks and a further inquiry may show a heavy shortage, it is said.

New Copper Mines Discovered. SAN FRANCISCO, April 27.—A special from Tacoma says: It is reported that the largest copper ledges ever discovered in the northwest have been found in the Carbon district north of Mount Rainier and sixty miles cast of this city. The ore is said to be similar in Arabica, and arabical said to be similar in character and geological situa-tion to that found in Montana and to be fully as rich as that of the Butte mines.

fully as rich as that of the Butte mines.

Chester Thorne, president of the National Bank of Commerce of this city, has had prospectors at work in the new district for two years. It is stated that a large ferce of men will engage in the work of development as seem as the snow disappears.

D. O. Mills of New York and Alvinga Hayward of San Prancisco are here on a tour of inspection of their properties in this section. The Tacoma smelter is being en-The Tacoma amelter is being ensection. The Tacoma amelter is being charged to four times its former capacity, with the primary object of handling the output of Idaho and Alaska mines controlled by these capitalists. Before returning home they will inspect the recent coal discoveries in the Mount Baker region. The Bellingham Bay and British Columbia railway will be extended to the new mines.

Pushing Up Price of Silver.

NEW YORK, April 27.—Silver certificates representing 40,000 ounces sold on the stock exchange today from 63% to 63%c. The price of commercial bar silver was 63 ac-The last time 64 cents was reached for ell-ver was in August, 1807. Builton desiers call the advance in certificates speculative, pointing out that no increase in commer-cial demand has appeared from any quar-ter and that China sold on yesterday's advance. While a difference of opinion exists as to whether the movement is being engineered here or from the other side of the water, it is conceded that it must be powerful interests, as they are obliged to take large amounts. Before the recent movement silver condicates were for months without a transaction, liquidation being nominal.

Color Question in Convention.

ATLANTA, Ga., April 27.—The race ques-tion was a disturbing feature of today's session of the International Sunday School convention. It made its appearance in two ways—in the endeavor of Georgia and South Carolina negroes to place colored men on the committee on nominations with the whites, and by reason of the fact that the convention in permitting negro delegates to be seated with the whites is violating not only a city ordinance, but a state law which requires that the whites and blacks be separated in all public gatherings. The police called the attention of Colonel Asa Candler, chairman of the entertainment committee, to the matter, but after a dis-cussion it was decided to let the delegates sit as they were.

Dead Negro by the Roadside. LEESBURG, Ga., April 27.-The body of Mitchell Daniel, a negro, was found in the road near here today, riddled with bullets. The man who came in to notify the coroner, says he heard the shooting at 3 o'clock this morning. Daniels and other negroes have recently made inflammatory talks against a family named Laramore and others, charging them with complicity in a lynching near here some time ago. Three negroes about a week ago tried to force an entrance into the room occupied by Mrs. William Laramore. Her screams brought help and the parties ran, but dogs trailed them home. Daniel was supposed to be implicated in this affair. Following this out-

few days ago. Survivors of Sultana Disaster. CLEVELAND, April 27.—Nearly 100 survivors of the Sultana disaster gathered

rage the Laramore house was fired into a

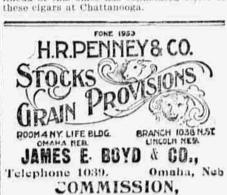

ere in annual convention today, the oceasion being the thirty-fifth anniversary of the event. The session today was largely devoted to addresses and reports of officers. The society shows a marked decrease in the membership from death, and the past year has been no exception in this respect. The Sultana was a Mississippi river boat. On April 27, 1864, it was work-
