Asserts a Telegram from Aguinaldo Repudiates the Peace Over-

LONDON, May 2,-Representatives of the Filipino junta say that they have received a telegram from Aguinaldo datea April 30 in which he states that his government has nothing to do with the present peace negotiations, which, he asserts, are being conducted by a group of half castes and creoles, who are anxious for peace in the expectation of getting high office under a new government. Several of these men, Aguinaldo says, are members of the Filipino congress, where they are endeavoring to outvote nim. Aguinaldo added that he had had no direct negotiations with the Americans since the fall of Malolos, when certain proposals passed between D. C. Worcester of the American Philippine commission and a representative of Aguinaldo looking to a peace based upon independence with an American alliance. Aguinaldo disavows the present negotiations and adds that under no circumstances will be accept an American protectorate.

The dispatch concludes with a contemptuous reference to Major Arguelles as a Spanish officer who has no more authority to act on behalf of Aguinaldo than has Luna him-
