

DES MOINES BOYS WOUNDED

Three of Its Favorite Sons Are Wounded in Philippine War.

D. & N. O. SECURES RIGHT OF WAY

Governor and Mrs. Shaw Issue Invitations to a Notable State Reception with John A. Kasson in Title Role.

DES MOINES, May 6.—(Special Telegram.)—Word comes from the Philippines that three soldier boys of the Fifty-first were wounded while engaged in battle at San Tomas. Corporal John Cushing of Company C, slightly wounded on the scalp, enlisted as a private on December 1, 1898, and was sworn in May 30. He is aged 21. On June 30 he was promoted to corporal. Private Everett Brunson of Company E, wounded in the abdomen, enlisted June 1 and is from Hamburg, aged 21. Charles Bauder of Company H enlisted at Des Moines as a private and is aged 24. Charles Bauder is a son of John L. Bauder, an engineer on the Rock Island railroad. When the war broke out Bauder was occupying a good position with the same company as his father, with what seemed rapid advancement ahead. He was a graduate of the High school, and was born and raised in Des Moines and was well known in athletic circles.

The work of surveying a right-of-way through Des Moines for the Duluth & New Orleans Railway company has been completed and immediate steps will be taken to secure the condemnation of the land required by the company. An ordinance has been prepared stating what streets the road will traverse and what shall be required of the railroad company in exchange for its demands. The ordinance is now in the hands of Mayor MacVicar and will probably be presented to the council at its next meeting. Governor and Mrs. L. M. Shaw issued invitations today for a large state reception, which will be given Wednesday evening, May 17, the day of the laying of the cornerstone ceremonies of the state historical building. Something like five hundred persons have been invited to meet Hon. James Harlan, the presiding officer, at the ceremonies. Hon. John A. Kasson will be the principal speaker of the day. The former governors of this state and the Iowa congressional delegation are invited. The reception will be given at the Savery hotel and will be one of the notable events of the season.

ALLISON ENDORSES M'KINLEY

Iowa Senator Says All the Aguinaldos Must and Will Be Subdued.

IOWA CITY, Ia., May 6.—(Special Telegram.)—United States Senator William B. Allison, one of the judges in the Minnesota-Iowa university debate, returned to his home in Dubuque today. Prior to his departure he was interviewed by a representative of The Bee concerning President McKinley's expansion policy. He said: "Certainly I agree with and endorse the present policy of the United States as manifested by President McKinley. Mr. McKinley is doing right. What other way could he act? There is nothing else to do. Whether the war in the Philippines shall be one of extinction or shall be otherwise settled I am not prepared to say. Aguinaldos must be subdued, certainly. Other Aguinaldos must be subdued also. I do not care to go so far as some people and say that the men who attended and participated in the recent anti-expansion meeting in Chicago are traitors and guilty of treason, but their acts were certainly wrong. President McKinley ought to be supported and such conduct on the part of his fellow-citizens is blameworthy and tends to encourage those savages over the way."

Important Decision of Supreme Court

SIoux CITY, May 6.—(Special Telegram.)—Word has been received by the attorneys for the Credits Commutation company that the supreme court of the United States has denied the company's application for a writ of certiorari in the case of the Manhattan Trust company, trustee, against the Sioux City, O'Neill & Western Railway company. This was an effort to delay the sale of the road May 26, under foreclosure proceedings, but now the commutation company asserts it will interfere no more and the sale can go on as advertised. It is thought certain that J. Kennedy Tod & Co. of New York, who hold the bonds, will buy the road, but nobody seems to know what they will do with it.

W. E. Cady, receiver of the Home Savings bank of Sioux City has declared a dividend of 15 per cent in favor of all depositors. This gives the Sioux City school district \$5,000 on its deposit of \$50,000. The bank failed in the winter of 1898 for \$70,000, most of the deposits being those of school teachers and working people. It is not thought much more can be obtained from the assets.

Shooting Tournament Projected.

MARSHALLTOWN, Ia., May 6.—(Special.)—The big shooting tournament to be held under the auspices of the Marshalltown Gun club will occur in this city May 18 and 19, and promises to be one of the greatest amateur sports ever held in the state. Professionals, including agents of manufacturers, are barred and all the events will be strictly amateur. This, however, will permit of some of the best shots in Iowa taking part, and some good scores are looked for. One of the

Tower Too Heavy for Superstructure.

HARLAN, Ia., May 6.—(Special.)—The Board of Supervisors on Monday decided to take down twenty feet of the tower on Shelby county's \$60,000 court house. The tower built of stone has proved too heavy for the superstructure and has sunk several inches, making the building dangerous. In addition, the recent heavy rains have run to the base of the tower instead of to the eaves of the roof, damaging the offices. Many criticisms are heaped on the architect.

Prohibition Convention in Iowa.

NEVADA, Ia., May 6.—(Special.)—Chairman Wright of the story county prohibition convention has issued a call for a meeting to be held in this city on the 12th inst., to select delegates to the state prohibition convention which will be held in Des Moines on the 23rd and 24th inst. The call states that women are invited to take part in the meeting and are urged to be present.

School Board Elects Teachers.

OMAHA, Ia., May 6.—(Special.)—A meeting of the Omaha school board held last evening Prof. A. F. Styles of New Providence was elected principal for the coming school year. The board also elected Miss Hulda McMurray of Indianapolis, Ind., in the first grade and Mrs. Evans Buckley of Wota in the ninth grade. The other grade teachers were all retained.

LACRET STIRS UP TROUBLE

Predicts an Outbreak of Brigandage in the Island of Cuba.

HAVANA, May 6.—Utterances by General Lacret and other assembler leaders are published here today, which might be regarded as intending to inflame the minds of the Cubans against the United States and to incite them to outlaws. General Lacret is reported as saying that, while he has no doubt of the honorable intentions of the United States towards the Cubans, troubles and misunderstandings arise through the ignorance of department commanders as to the conditions in Cuba. The general also reported to have said that he could not see how the lower classes would be able to live during the year. The crops are now harvested, business is dull and industries at a standstill. The capital of the island is hoarded while foreign capital is timid. The general said he was confident that starving Cubans would soon be obliged to steal in order to keep body and soul together and that were they to steal his property he could not blame them. As for the \$5,000,000 sent from the United States for the payment of Cuban soldiers, that money would soon be spent in saloons and would give no substantial help. Talk like this, which is repeated by other Cubans, is believed to be causing outlaws. Strikes are spreading. The educators at Cienfuegos have again quit work. General Wilson has ordered that the reservoirs and tanks of the Cienfuegos aqueduct be cleaned. They are in a filthy condition, and to that source is attributed a large percentage of the illness in Cienfuegos. The sisters of Charity of Matanzas, who have been occupying the home owned by Beneficencia, a charitable society, have been ordered to move out. Major General Brooke, the governor general of Cuba, was asked to issue orders for the expulsion of the sisters of the Holy Family, who are under American protection. Fifteen districts, comprising seventy villages, have petitioned for authority to build wagon roads, to establish communication between various points and to furnish needed employment for laborers. General Brooke has ordered that in future soldiers dying shall be buried in the military cemetery at Mariano instead of in the Colon cemetery.

HYMENEAL.

Gerken-Stratman. WEST POINT, Neb., May 6.—(Special.)—Last evening at the Catholic church at Aloys, eleven miles west of West Point, the marriage of Conrad Gerken and Miss Lizzy Stratman was solemnized by Rev. Victor End before a large congregation of relatives and friends. After the ceremony a reception was held at the home of the bride near Aloys, in which a large number from West Point participated.

Patrick-Perry.

CARSON, Ia., May 6.—(Special.)—The wedding of Robert E. Patrick and Miss Leonard Perry, both of this place, was celebrated at the home of the bride's parents last evening. Relatives and a few invited guests were present. Rev. Davis of the Methodist Episcopal church performed the ceremony.

and fell into the clutches of the police. He is booked to appear before Judge Aylesworth tomorrow morning to answer to the double charge of impersonating an officer and carrying concealed weapons. Larsen was noticed prowling around the Rock Island yards yesterday morning by Detective Weir and as his appearance seemed to answer the description of a man wanted he was taken into custody. When searched at the police station Larsen was found to have a brand new pair of handcuffs in one pocket and a .35-caliber revolver in the other. He was also wearing a Rock Island railway detective badge No. 17. The latter he claimed to have picked up. He left his overcoat, handcuffs and badge as security for his appearance in police court Monday.

FIRE IN ROCK ISLAND ROUNDHOUSE.

Two Cars and an Engine Are Considerably Damaged. The Rock Island's roundhouse in the south part of the city was partially destroyed by fire about 2 o'clock Saturday morning. Two flat cars were burned and an engine was considerably damaged. The origin of the fire is unknown, but it is supposed to have started in the room partitioned off for the foreman's office. The alarm was promptly turned in and the department was soon at the scene of the fire, but was handicapped in its work owing to the inadequate fire protection in that part of the city. Only one stream could be thrown on the flames and owing to the distance from the hydrant from the roundhouse two reels of hose had to be coupled together.

As soon as the hostlers who were at work discovered the flames they hastened to get the engines that were in the twelve stalls out and succeeding safely getting out all except one. The flames caught the stall in which engine 821 was located. All of the woodwork was burned and the steel fittings were warped and twisted out of shape by the intense heat. It was a comparatively new engine, of the ten-wheel type and had been in service but three months. The fire was gotten under control after it had destroyed the southwest portion of the roundhouse containing four engines. The foreman's office and all the books were completely destroyed. Two stationary engines and a number of working tools were more or less damaged. The adjoining "bunk" house was also completely destroyed. The loss is estimated at \$6,000. Except for the temporary inconvenience the partial destruction of the roundhouse is not of much importance to the company, as a new one is to be built as soon as the filling of the yards is completed.

SOUTH OMAHA NEWS.

On account of the continued illness of Mayor Ensor W. A. Bennett, president of the city council, is still acting mayor. Mr. Bennett said last evening that he would continue to enforce the mayor's orders in regard to Sunday closing. He learned yesterday that some saloon keepers were inclined to treat the orders lightly on account of the mayor's illness. Bennett insists that he will enforce all rules and regulations that he will force as far as the liquor traffic is concerned. When it comes to dances Bennett says that any lodge or congregation of the kind will be removed from the force on account of his having represented that he received his orders from Bennett to close the dance hall at midnight. This officer asserted in the presence of witnesses that he had orders from Bennett to close the dancing places at midnight.

The acting mayor insists that he will enforce the laws and will not allow any violation. It was reported to Mr. Bennett yesterday that certain saloon keepers who considered their pull worthy of protection were keeping open on Sunday. Bennett says he will keep every saloon closed—if it takes a policeman to guard every door and every window of every saloon in the city. On account of this decision the saloons will be kept closed all day today and it will be a hard matter for any one to break through the rule.

Takes It All Back. The uptown sheet which reported the disappearance of Hill Street, is now acknowledged that its South Omaha correspondent did not know what he was talking about. Sherman is on the streets every day and laughs at the stories about foul play. Sherman returned home when his visit was over and he gained in both while on his trip. He did not testify before the investigating committee, as he was only one of many hundred witnesses who were shut out on account of the limited time allowed the board for its investigations. Every one in South Omaha is laughing about the foul play story and the writer is being ridiculed every turn because he did not know that Sherman was safe at his home three days prior to the printing of his foul play story.

Mayor Confined to His Bed. Mayor Ensor is still confined to his bed, but last evening he was reported slightly easier. His trip to Colorado proved disastrous in that his malady was increased and he felt that his only relief was to get home. His friends are not admitted as yet, but the doctor stated through his nurse last night that he thought he would be able to receive callers in a day or two. Everything possible is being done to alleviate the mayor's suffering, but as it is a hard case of rheumatism it is thought that he will not make time to get home on his feet. Friends are daily sending him, but Mrs. Ensor does not allow any one but the attending physicians and the nurse to see the patient.

To Prevent Littering the Streets. The littering of the streets is a question which will come before the city authorities before long, as the nuisance is becoming unbearable. Sweepers, broom papers and other refuse out into the streets and thus make the appearance of the thoroughfare anything but neat. There is not enough money in the street repair fund to clean the streets every day and the refuse thrown on the streets by merchants makes a daily cleaning almost necessary. Steps will most likely be taken before long to prevent the throwing of store sweepings and other rubbish on paved streets.

Memorial Services. Memorial services, in honor of Ralph W. Kells of Company L, First Nebraska volunteer infantry, will be held at the First Presbyterian church this forenoon. Resolutions will be read from the book and a tribute from the Sons of Veterans will be presented. Mrs. R. L. Wheeler will present a memorial from the King's Daughters.

Supposed to Be Insane. An information against a man whose name is supposed to be William A. Norland with insanity was filed by the police with the commissioners for the insane yesterday. Norland was arrested yesterday morning about 5 o'clock at the corner of Pierce and alk street at the residence of Mrs. Bennett to drive a family named Blackburn out of their house. It is thought the man has been working on the Port Dodge & Omaha railway grade. From papers in his possession he is believed to be in St. Paul, Minn. When first taken into custody it was supposed he was crazed from drink, but it developed yesterday that the man was completely out of his head. He will probably have an examination before the board this morning.

PRIEST TAKES HIS REVENGE. Detachment from Pando's Army Butchered by Native Bolivians for Demanding Tribute. WASHINGTON, May 6.—The Department of State has been informed by our minister at La Paz, Bolivia, under date of March 28, 1899, that on March 1 Colonel Pando sent from his army at Sycastica 120 men to Ayopaya to meet with Mr. Arce, as being the best means for simultaneously attacking Cochabamba. On arriving at the town of Mohozo, Eugenio, the commander of the men, demanded the loan of 200 bolivars from the president of the town and twelve bolivars from the mayor. These demands being refused, the priest and mayor were imprisoned. Meanwhile, however, the priest had dispatched couriers to the Indian villages asking that the natives attack Pando's men. A large crowd of Indians came, and in spite of all measures taken to pacify them, the arms of the soldiers were refused, the men subjected to revolting treatment and finally locked inside the church for the night. In the morning the priest, after celebrating the so-called "mass of agony," allowed the Indians to take out the unfortunate victims two by two and 160 were deliberately murdered, each pair by different torturers. Seventeen escaped death by having departed the day previous on another mission. Each day brings news of risings of the Indians in different sections of the northern part of the country. A large party of whites arrived in La Paz today, being from the Indians.
