END OF EPISCOPAL COUNCIL

Laborers Concluded with a Bare Quorum of Clergy and Laymen Present.

MISSIONARY WORK DISCUSSED A LITTLE

Committee is Appointed to Notify Rev. A. L. Williams of His Election as Bishop of Nebraska.

With a bare quorum of the clergy and laymen present, the Episcopal council concluded its labors at the season held Friday. After the devotional exercises missionary work was discussed by Revs. Ingersoll, McKim and Murphy. It was estimated that the sum of \$6,000 will be required to carry on the work throughout the diocese during the current year, of which sum \$3,500 has been already pledged.

The pet scheme of Rev. H. Percy Silver for the establishment of a training house at Lincoln for the purpose of rendering assistance to young men desiring to enter the ministry, and which was tabled at a previous meeting on account of not having been approved by the majority of a committee appointed to investigate the feasibility, was taken from the table and discussed. In the end Rev. Silver won by a large majority, as Bishop Worthington appointed Revs. Silver, Johnson, Weed and the clergy a committee to solicit funds and bring the matter officially before the bishop of the diocese. Rev. Silver in speaking to the question gave it as his opinion that with \$500 the training house can be put upon its feet and started in its career.

New Musician in Town.

Walter Young of Portsmouth, England, arrived in Omaha from his native place last week and will assist Thomas J. Kelly at the services of the First Methodist church tomorrow, playing the organ, preludes, the morning offertory and the postludes. Mr. Young is an organist of the English school and has played at several important churches and halls in England. The evening offertory at the church will be sung by Lester Janowitz, a newly arrived tenor.

Garfield Circle Entertainment.

Garfield circle, Woman's Relief corps, gave a delightful entertainment last evening in Myrtle hall annex before a large attendance. An enjoyable musical program was interspersed by interesting recitations by several of the more talented young people of the circle. Among those who took part were: Dollie Trent, Stella Heurigan, M. Koopman, Charlotte Edwards, Charles and Joseph Hourigan, Henry Metcalf, Maud Lord, Cecil Elliott, Edith Cummings, Mr. and Mrs. Kuhlweyer, Nellie Koopman, Alice Hertzman, Bessie Edwards, Mrs. Elliott, Mrs. Dodson, Kate Koopman, Miss Price, Myrtle Bruce. The principal speaker was Major J. S. Miller.

LOCAL BREVITIES.

Alfred E. and Anna White Baker have sold a farm of about 160 acres in McArdle precinct to Stephen McWhorter for \$7,200. The Primary Teachers' union will hold its weekly meeting in the Young Men's Christian association parlors on Saturday at 4 p. m. John Rush and wife have deeded to P. J. Marzetti lot 3 in block 4, Bowers Hill addition for \$2,500. The property is located at Thirteenth and Arbor streets. A permit has been issued to Victor White to erect a two-story frame dwelling near the southwest corner of Twenty-eighth and California streets, to cost \$3,000. Maurice Stegeman, a tall, well built young man, was arrested Thursday on complaint of Mrs. Alex. Bailey of 1710 Center street, on account of some trouble that arose out of a petty neighborhood quarrel. He was accused of striking one of the Bailey children. His mother appeared in court and declared that he was a good boy, which view of the case appeared to Judge Gordon, who dismissed the case.

Garfield Circle Entertainment.

The state failed to make a conclusive case against J. B. Kitchin and William Maier, charged with the malicious destruction of property. Merritt Risdon was the complainant. He alleged that they had destroyed a \$2 bench on the corner of Fourteenth and Farnam streets, placed there for the accommodation of passengers. After the testimony was all in the court held that the evidence showed the iron supports of the bench had been destroyed and not the bench proper, so they were discharged.

SOUTH OMAHA NEWS.

It is understood that there is a possibility of the Commercial club taking up the matter of a new high school building. Several of the members of the club have expressed the opinion that there is great need of a high school building and that bonds should be voted for the purpose of erecting such a structure. Those who have investigated the proposition assert that bonds in the sum of \$100,000 can at this time easily be sold at 4 per cent interest. This city has now seven fine brick school houses and three frame school houses. Every one of these buildings has been erected out of the annual income of the school district. The yearly liquor licenses bring to the Board of Education considerable money and the police court fine also go to the schools. These fines are, however, very small and in the course of a year do not amount to half as much as one liquor license. Further, it is asserted that by voting bonds the rate of taxation could be reduced. For some years past the annual levy for school purposes has amounted to from 18 to 20 mills. The voting of bonds, it is claimed, would reduce the school levy to 15 mills or less.

The fact that the school district is not in debt and is not bonded is given by some as a reason for opposing the bond proposition. Two attempts have been made during the last few years to vote bonds for high school purposes and both times the proposition was defeated. Both of these propositions were submitted at general elections and this is given as an excuse for the result. As the tickets are generally long and the bond propositions came last on the tickets the voters, or at least a great many of them, overlooked the matter, and consequently the bonds did not receive the necessary majority. It is figured that if a special election is held and the question of bonds or no bonds is thoroughly discussed by the voters of this city that there will be no trouble in carrying the proposition.

Urged Abolition of Contract.

CHICAGO, May 19.—The Chicago Board of Trade directors today passed the following resolutions and telegraphed them to the parties in interest at Buffalo:

Resolved, That it is the sense of the Board of Directors of the Board of Trade of the city of Chicago that the contract of Mr. Conners with the Lake Carriers' association should be immediately abrogated, and that normal conditions affecting transportation on the great lakes and the unloading of cargoes at Buffalo should be instantly restored."

Imaginary Arrest.

There are many who have pains in the back and imagine that their kidneys are affected, while the trouble is a rheumatism of the muscles, or, at worst, lumbago, that can be cured by a few applications of Chamberlain's Pain Balm or by dampening a piece of flannel with Pain Balm and binding it on over the affected parts.

Invitation to Manufacturers.

HARRISBURG, Pa., May 19.—Governor Stone has written to the executives of all states and territories in the United States, calling their attention to the exposition of

remained parts of his body, but survived. He remained at the South Omaha hospital until he was on a fair way to recovery, when he was taken to the county hospital to await the trial. In jumping from the building after the shooting the Jackson woman fell and broke one of her legs. Her recovery has delayed the trial several weeks.

Magic City Gospel.

Deputy Treasurer Gallagher returned yesterday from a short western trip. J. E. Smith is preparing to erect a residence at Twenty-fifth and M streets. A false alarm of fire about noon yesterday called the fire department to Twenty-sixth and N streets. Thomas Hunter writes to friends here from Hot Springs, S. D., that he is improving every day and will be home soon. Chief of Police Carroll returned last evening from Beatrice, where he went to attend a hotel. W. R. Truesdale, storekeeper at the Exchange hotel, resigned yesterday. He intends going to Lodge, Neb., to manage a hotel. Yesterday's heavy rains caused a number of washouts on the unpaved streets and the street commissioner will be kept busy for some time to come in making repairs. Bruno Strathman, for many years a resident of this city and at one time a member of the city council, has returned from Colorado, where he went two years ago to engage in the mining business. Mr. and Mrs. W. N. Kinsley were brought down from Omaha yesterday and are now confined in the city jail. It is expected that the will be tried in police court today on the charge of obtaining goods under false pretenses.

Plans for the new stone Episcopal church

to be erected at the northeast corner of Twenty-fourth and J streets will be completed in a few days. On account of the bad roads very little stone has been hauled to the site as yet. Councilman Wear of the Third ward is chairman of the present streets and alleys committee, instead of Councilman Trainor, as was inadvertently stated in The Bee a day or two ago. Mr. Trainor is chairman of this committee until the recent reorganization of the council.

PLANS TO THWART TRUSTS

Good Attendance Probable at the Chicago Conference to Discuss Commercial Evils.

CHICAGO, May 19.—Responses to the invitations sent out by the Civic Federation for the conference to be held June 26 to 29, on combinations and trusts, have already begun coming in. Governor McLaughlin of Mississippi heartily endorses the conference and has named Hon. J. W. Cutler of Clarkdale, Miss., John Sharp Williams, Yazoo City, Miss., and Frank Burkitt of Oklawaha, Miss., as delegates. Governors Roosevelt of New York, Wolcott of Massachusetts and Pingree of Michigan will each appoint delegates and attend personally if their official duties do not interfere. The president of the Chamber of Commerce at St. Paul was authorized by that body to appoint three delegates. The president of the Chamber of Commerce at Baltimore writes that he expects that organization to name delegates Saturday. The secretary of the Commercial club of St. Louis thinks that organization will appoint delegates at its next meeting. The Springfield, Mass., Board of Trade writes heartily endorsing the conference.
