Litchfield and Clarence W. Moore of Chicago. The capital stock, fully paid up, was placed at \$5,000,-000, and of this amount it is said \$4.000,000 alone will be expended in the construction of the road, which runs from Tara to Council Bluffs, a distance of 180 miles.

From Tara to Council Bluffs the road runs through Rockwell City, Wall Lake, Debolt, Denison, Arion, Dow City, Dunlap, Woodbine and Logan. It is confidently expected, however, that a number of new towns will be established in the near future along the line, especially between Denison and Tara.

Surveying of the line, and in fact active work, commenced the day following the filing of the articles of incorporation in Des Moines. The work has been actively pushed and Chief Engineer Grafton expects to have it completed by November 1.
