Mrs. Pinkham's Advite Saved Mrs. Hayes From an Operation.

[LETTER TO MRS. PINKHAM NO. 64,283]

"DEAR MRS. PINKHAM-Words cannot express my thanks to you for your kind advice to me in regard to my health, I had been running down in health for about seven years. I had doctored with good doctors and taken a great many patent medicines. My trouble began when my first child was born. I had a very hard time and after its birth would have severe flooding spells.

"After my second child I had very good health until last winter when I again became pregnant and suffered very much and miscarried. I came very near dying, and the doctor said I must have an operation, which frightened me very much, and concluded to write to you for your advice, and take your medicine. Was troubled with the whites, great pain in back and hips, sometimes when lying down or sitting was unable to get up. Would have such pain in groins could hardly walk. "I can say I have never seen anything so wonderful as Lydia E. Pink-

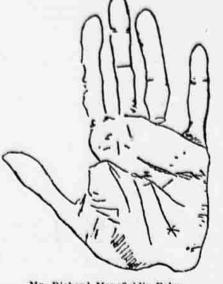

ham's Vegetable Compound and Sanstive Wash. Your remedies have done wonders for me. Hoping that many of my suffering sisters may be led to take your medicine from reading this letter, I remain, sincerely yours, MRs. MARY HAYES, HABDINSBURG, KY.

Letters like the foregoing should convince everyone that Mrs. Pinkham's advice is certain help.
