Justice Takes Up the Scales in Philippines After Long Recess.

PORTION OF SPANISH SYSTEM IS ADOPTED

Judicial Bench Made Up of Prominent Lawyers of the Islands.

SPANISH WILL BE LANGUAGE OF COURTS

Anglo-Saxon Business Men Plead for English Tongue, but Otis Believes It Unwise to Upset Usage of Centuries.

MANILA, May 29.—An order has been issued re-establishing the Philippine courts, which have been closed since the American occupation. It revives all of the Spanish system not conflicting with the sovereignty of the United States.

The chief justice is Caltuna Arrelano. The associate of the civil branch are Manuel Arrella, Colonel Crowder and Gregorio Aralla. The justice of the criminal branch are Raymond Molliz, Ambrosio Rinzar, Julio Loreto, Major Young and Captain Birkhimer. The attorney general is Florentio Torres. This corresponds with the American supreme court.

The oath prescribed begins: "I recognize and accept the supreme authority of the United States of America," etc. The Filipino members are all prominent lawyers. Arrelano is the leader of his profession in the islands. In the early stages of the Filipino movement he was Aguinaldo's principal adviser. Molliz was president of the insurgent government.

Spanish the Official Tongue. Spanish will be the official language of the courts. There has been agitation among the local British and American business men and American lawyers who came to the Philippines to make fortunes to have the English as the official language adopted, but Major General Otis concluded that it would be unwise, even if practicable, to upset long usage.

Two correspondents of a New York newspaper have been disbarred for fabricating an interview with General Lawton, dated May 23, and evading the censorship.

The steamer El Cano has arrived here from the island of Guam, bringing the Filipinos who were expelled there by the Spaniards for participating in the old rebellion.

FILIPINOS MUTILATE THE DEAD

Three American Soldiers Found with Ears and Noses Gone and Heads Cut Out.

NEW YORK, May 29.—A special to the Herald from Washington says: Information received here in private letters from officers serving in the Philippines states that the Filipinos show no respect to the American dead. In one report an officer who was on the firing line says he was shocked to see three bodies of American soldiers who had been killed in an advance, and which were brought to Manila in the American lines, had their ears removed, the noses cut off the corpses had been removed, the noses cut off and the hearts torn out. Such mutilation disproves Aguinaldo's claim that the insurgents are conducting a civilized warfare. The American troops give the Philippine dead a decent burial and provide every comfort and afford the best medical treatment possible to the wounded.
