Mr. Johnson's Experience in Attempting to Get Unadulterated Article

It is the Duty of the Board of Health to Make the Milk Inspector Keep the Milk Up to the Required Standard.

Milk," published in last Sunday's Bee, has structure. some attention, and particularly give Omaha pure milk, but thinks the board can go much further,

An important point has been overlooked when he attempted to continue his work had by the board," says Mr. Johnson. "The report stated that the dairies are clean and that the cows are in good condition, but cities once a year the board of health pubthe condition of the dairies and of the cows and discharged him. and per cent of cream, together with the name of each dairyman who waters his milk. If the Board of Health is in earnest to give us good milk let it publish a detailed report and I will at my own expense furnish a report by an expert chemist on each man examined. I merely preface this so as to give my experience during the last winter in trying to raise a child of mine on the bottle.

'My family physician ordered me to get a quart of milk, mixed, from my milkman, stand it on ice for six hours, then take off six ounces from the top, which, according to his instructions, should contain 12 per cent of cream. All I could get was three ounces of cream from the top, after re-peated efforts from day to day. I changed milkmen six different times, and could get no better result. I finally had to purchase cream straight in order to feed my child properly. These cases showed a clear reduction in the quantity of cream with six different milkmen and undoubted proof of watered milk. I asked my physician why he did not expose such imposition on the public. His only reply was that the health department was the proper party to see to Now, I have no doubt that otes of poor families in this city have to bring up their children on the bottle and cannot afford to purchase cream every day, as well as milk, in order to raise their children, and it is a downright shame that the public should be imposed on in any such way when our health department spends over \$6,000 a year and keeps a milk inspector for the very purpose I have spoken I have no ill-will against the Board of Health. I wish merely to call for public support to back it up in its efforts to give us unadulterated milk."

There is a time for all things. The time to take DeWitt's Little Early Risers is when you are suffering from constipation, billous-ness, sick-headache, indigestion or other stomach or liver troubles. They never gripe

HONOR FOR REV. GILCHRIST

Elected to Position of Secretary o Board of Home Missions of Presbyterian Church.

A telegram has been received by G. G. Wallace from Philadelphia announcing the election of Rev. Alexander Gilchrist of the Central United Presbyterian church to the position of secretary of the Board of Home Missions. Dr. Glichrist was sent as a dele gate to this meeting of the general assembly some two weeks ago, and his congregation ization of the country kid Mr. Midgley shows here had no thought of his being elected to himself to be an actor who would occupy a this position, which has but recently become very high place in the realm of legitimate vacant, and will protest against his accepting it. The board having in charge the mission work in this country is located in the vicinity of Pittsburg-the Mecca of the denomination-and if Dr. Gilchrist accepts it means his removal from Omaha.

Since coming west in 1895 the doctor has taken a great interest in mission stations, and has had charge of the work along this line in the Omaha presbytery, comprising a large part of the state of Nebraska. The choice of the members of the general assembly is no doubt a good one.

Dr. Owens, for some years secretary of this board, recently resigned to become editor of The Midland, succeeding the late E. B.

MAGNIFICENT TRAINS.

Omaha to Chicago.

The Chicago, Milwaukee & St. Paul rail way has just placed in service two magnificent electric lighted trains between Omahs and Chicago, leaving Omaha daily at 5:45 p. m., arriving at Chicago at 8:25 a. m., and leaving Chicago at 6:15 p. m. and arriving at Omaha at 8:20 a. m. Each train is lighted thoroughly by electricity, has buffet smoking cars, drawing room sleeping cars, dining cars and reclining chair cars and runs over the shortest line and smoothest roadbed between the two cities.

Ticket office, 1504 Farnam street, and at Union depot.

W. H. Stillwell, assistant general super intendent of the Rock Island road, with

headquarters at Topeka, is in the city. President Burt of the Union Pacific has re-turned from the west. He accompanied the Harriman scientific expedition for several

The Union Pacific has issued a booklet on the coming meeting of the National Educational association in Los Angeles. It con-tains a sketch of the history of the organization by one of its prominent members and incidental cuts of the scenery on the way there, with side remarks on the service of one of the roads by which Los Angeles is

Some of the towns in the western portion of the state seem to be getting unduly ex-cited over the prospect of railroad building in that section. The work of the Burling-ton on its extension from Alliance to the river and thence westward has been going forward and has apparently led the people of certain places to believe the railroad is go ing to touch them. One of these is the small town of Brady Island, which, according to reports, is making preparations to become a metropolis on the strength of being made a Burlington point. The road has no present intention of touching at Brady Island. The Union Pacific is doing nothing toward entering the new territory into which the Burlington is reaching further than the preliminary surveys made some time ago, which fact would seem to indicate an abandonment of the proposed ex-

House-Moving Ordinance and Discharges Kment.

moving wherein HE CLAIMS MILK IS WATERED IN OMAHA fendant. The ordinance provides that a Clarkson hospital. housemover must obtain a permit from the city to move the house through the streets number of residents in the block and across The article entitled "Death Lurks in the the street where he expects to stop the flik," published in last Sunday's Bee, has structure. In this case the city acknowledged that Kment had paid \$3 for his permit, property owners. The building inspector

Judge Gordon held that the ordinance was nothing more than class legislation and he there is not a word about whether the milk | believed it to be unconstitutional and void. is up to the standard or not. In eastern He did not think the city could arrogate the authority to make certain restrictions lishes in the daily papers the annual report as to how work should be done. He thought from the milk inspection department, giving the defendant was entitled to his freedom

> Admiral Schley and party have accepted an invitation to attend the Orpheum tonight, and for the occasion the curtain will rise promptly at 8 o'clock.

evening. An invitation sent vesterday by stays cured. wire reached Senator Manderson in ern Wyoming and he immediately answered 'Our party accepts invitation for tomor-row evening and will be at Creighton-Orpheum theater from 8 to 9 o'clock." When the members of Grant post, Grand

Army of the Republic, heard that the gal-lant admiral would be with them at the theater they were naturally very much pleased. Tonight is to be one of the big nights of the benefit for the memorial and monument fund and the occasion had been ooked forward to with delight by the old Now that the admiral and brave seaman of two wars has signified his intenion to be present the occasion will undoubtedly be one of more that ordinary enthusiasm and significance. theater has been handsomely decorated with Oliver Lee and James Gilliland, the defendflags and red, white and blue festoons. The rapid-fire Hotchkiss gun which accompanied the Omaha Guards to the south has been stationed under the main portico and points directly into the lobby. The boxes which Admiral Schley and his party are to ccupy will be beautifully adorned and everything possible will be done by the management to afford the hero of Santiago an hour of unlimited vaudeville enjoyment.

As a matinee attraction the bill at th Creighton-Orpheum this week leaves nothing to be desired and will doubtless prove a great delight to vaudeville patrons this afternoon. Tonight will be the first special event of the benefit week. Grant post will visit the theater in a body and will find am-ple oppurtunity for patriotic enthusiasm in lewing the splendid musical and scenic production of A. R. Carrington, the "Drummer Boy of Shlioh."

The features of the regular bill are all of an admirable sort. Vaudeville artists to their finger tips are Janet Melville and Evic Steton, who present a distinctly original medey of topical songs and dialect imitations. Tacianu, the wonderful female impersontor, contiues to startle by his singing of songs in two distict voices-a baritone and soprano, either of which would bring a ortune on the operatic stage. Knox Wilson, the musical Dutch comedian, has made a most pronounced hit. Tomorrow night

a most pronounced hit.

Custer post is to visit the theater in a body. A funnier act than that of the Midgleys at present playing at the Trocadero theater, was never seen in Omaha. In the character acting. Miss Lora Lieb possesses a singing voice that many a prima donna would envy She is one of the features of the bill. In Wertz and Adair, the head balancers, the public are given the best exponents in that line. Miss Mattie Little, a former Omaha girl, with a voice that rivals Ellen Beech Yaw's in its range, is seen in an excellent singing specialty with Mr. Pritzkow, her partner, late leading tenor with Primrose's minstrels. The Electros, in a musical act. display a knowledge of electricity in the decration of their vestments that is mystifying. Pascatel, with his shoulder dislocating ct and marvelous feats of contortion, sends an audience away wondering. The concert in the garden nightly is a big feature.
