and Drop on the Floor. Hands Full of Water Blisters. Doctor Could Not Relieve. First Application of CUTICURA Stopped Itching and Induced Sleep. Cured in One Month.

I had eczema on my hands so bad that when I shut them, the matter would coze out and drop on the floor. My hands were full of water blisters of a white color. I was under the care of a doctor for about a month, but he did me no good. I was advised to try Cuticura remedies, and did so, and it was wonderful what effect they had. The first application stopped that dreadful itching. I sleptatonce, was cured in four weeks. March 21, '98. M. A. COSGRIFF, Emerado, N. D.

BABY'S FACE MASS OF SORES

When my little eister was four months old her cheeks became red and inflamed. Small pimples broke out over her face and it was one mass of scabs, which almost closed her eyes and reached into the corners of her mouth. For several weeks a physician attended her, but she derived little or no benefit from his treatment. We bought a cake of CUTICURA SOAP and a box of CUTICURA (cintment). Her face healed, she grew healthy again. ROSA BURGER, Solomon, Kan.
