In this connection the packers assert that they are paying more for beef cattle now than at any time in several months past. In fact, cattle are selling now at middle of the winter prices. In addition to this there is a heavy demand from the east for good beef, and this tends to stiffen the price of live stock. Then there is an exceptionally good foreign demand just now which adds strength to the market.

The farmer and stock raiser is therefore getting more money for his live stock now than at any time since the first part of February. Another reason given for the advance in prices is that it is now just between the grass and corn season and good grade stock is hard to get. As a result of these conditions the packers say that they must get more money for dressed beef at this time than at other seasons of the year, when the conditions are different.

Requests Street Improvements.

Superintendent Cramer of the new govern nent building is preparing to call the attention of the mayor and city council to the fourth street and the alley west. Between the points mentioned the street is higher than the curbstone recently set by the government and unless some of the dirt is taken away storm water will run over the curb and onto the sidewalk. The council will be requested to have the street at this point ounded up and a gutter dug so that the curb will keep the water off the sidewalk. Work on the new sidewalk is progressing quite rapidly and it is possible that the fence surrounding the building will be removed the latter part of the week.

A New York Physician Advises His Patient to Take Lydia E. Pinkham's Vegetable Compound.

[LETTER TO MRS. FINEHAM NO. 73,936] " DEAR MRS. PINKHAM-I have three children and suffered with falling of the womb and flooding. My physician scraped the womb, still the flooding continued and I was no better. At last he advised me to use Lydia E. Pinkham's Vegetable Compound. Then I thought I would write to Mrs. Pinkham for she could advise me better than any one if I was to take her remedies. I received her reply and followed all her directions and I am very glad to send you this testimonial, for Lydia E. Pinkham's Vegetable Compound is just what it is recommended to be. I advise all women who suffer from these complaints to try it."-MARIE

LEMP, 108 2D AVE., NEW YORK CITY. "A year ago I was a great sufferer from painful menstruation. I could not lie down or sit down for the dreadful pain each month. I wrote to you and took twelve bottles of Lydia E. Pinkham's Vegetable Compound, and it has helped me so I cannot find words to express my gratitude toward Mrs. Pinkham. I am to-day well and hearty."-MISS JOIE SAUL, DOVER, CLARE CO., MICH.

More than a million women have been helped by Mrs. Pinkham's advice and medicine.
