COMMERCIAL AND FINANCIAL

Market for the Grains Remains in Very Unsettled Condition.

ALTERNATE RISE AND DECLINE THE RULE

Corn the Only Commodity Which Shows Disposition to Hold Its Own -Provisions Inactive on Small Buying.

CHICAGO, June 6.-Wheat was weak throughout the session today and closed at decline of 1%c. Weak and lower Suropean markets, favorable American crop conditions and heavy receipts started important liquidation which continued to the end of the session. Oats closed only a shade lower and corn toutic lower. Provisions closed at a slight advance all

Wheat at the opening still showed the weakness that characterized the market late yesterday. Much wheat was offered on account of the favorable crop conditions prevailing and, in addition, early news was all against prices. The result was an opening decline in July of from %0 was an opening decline in July of from \$60. July starting at 764,675%c. This was close to "put" price and buying against those privileges caused a temporary reaction to 75%c. That demand satisfied, the markit again declined and for the remainder of the ession was decidedly weak. Liverpool cables showed 1%d decline. Northwest and local receipts continued heavy, Minneapolis and Dufuth reporting arrivals of 63 cars, compar'd with 116 a year ago. Chicago receipts were 240 cars. 216 of contract quality. During the afternoon liquidation, which had been steady from the start, became very heavy. July at one time showed 2c decline, but recovered slightly at the close. July opened at 704,6 and closed at 75c.

Corn was remarkably firm, considering the weakness of wheat. It showed some weakness of wheat, it showed some weakness at the start, partly from the favorable weather and large receipts, but at the decline there was a good dymand from shorts. The market closed steady at a decline. Receipts were 304 cars. July ranged from 33% 713%c and closed at 1,074c lower at 33% 63%c.

id fairly steady on a small amoun

Oats held fairly steady on a small amount of trading. There was some buying by shorts but otherwise the market was practically featureless. Receipts were 399 cars. July ranged from 23@223%c and closed a shade lower at 23%c.

Provisions were very quiet but firm. Hog receipts were light and yard prices higher. Packers were moderate sellers, but all offerings were absorbed by shorts. At the close July pork was 2%,20% higher at \$8,22%, July lard 5c higher at \$8,07% and July ribs 5c higher at \$4,07%4.70.

Estimated receipts for Wednesday: Wheat, 105 cars; corn, 330 cars; oats, 150 cars; hegs, 31,000 head.

But there was a very notable hardening of values in railroad securities, which was followed up as the day braced pretty much every railroad stock dealt in. The bond market was dull and generally firm, though there were a few yielding spots. Total sales, par value, \$2.20,000. United States old 4s, registered, and the 5s advanced ¼ in the bid pric.

The Commercial Advertiser's London financial cablegram says: In the markets here today business was quiet and the tone irregular, but the closing was hopeful on favorable expectations of the result of the Transvaal conference. Americans opened steady: Chesapeake & Ohio and Lonfaville & Nashville went a shade above parity then weakened; New York came better, but there was a reaction and the closing was at about the weakest. London dealing was infinitesimal. The special settlement in Baltimore & Ohio on June 22 will be enormous, as the dealings in the securities of that company have extended over a year without settlement. Spanish 4s recovered to 5; coppers were flat; tintos, 46%; Anacondas, 104; Utahs, 8. Silver was weak. The bank bought today £22,000 gold in bars.

Keeper of Resort Asserts He Paid Dear Price for Immunity and Was Further Harassed for Larger Amount.

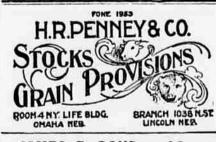

NEW YORK, June 6 .- When the Mazet investigating committee resumed its session today the first thing done was to declare that in the future none of the witnesses subpoensed to appear before the committee should be represented by counsel. This was followed by the exclusion from the court room of Police Captain Price's counsel, H. C. Henderson, who created a sensation at the previous sitting of the committee last week. He was given to understand that if he wished to attend the hearing it should be merely as a spectator. The committee, then, in an attempt to show corrupt practices by Police Captain Price in the Ten-derloin district, brought out from John C. Ellis, former proprietor of a Sixth avenue resort, a story of "protection" that did not protect. His statement involved ex-Alderman A. B. Wait. He said he had collected \$200 for police protection for the resort he was running in Sixth avenue, after which he offered to Wait a check for \$50 to make up the agreed monthly installment of \$250, but that Wait refused the check. Ellis said he took the cash to Wait's house that night and paid it to him there. The payment, he said, did not secure the protection promised and the police harassed him as much as ever. Another proposition made to him, Ellis testified, was to give up half the receipts of the resort of which he was then proprietor. The witness said he was forced out of business.

Other testimony related to the payment of political assessments by candidates for judge and to the sale of liquors on Sunday and alleged violations of the building laws by a fourth rate theater.

H. C. Henderson, Price's counsel, was arrested later on the charge of disorderly conduct. The charge was preferred by Counsel Clarke and Sergeant-at-Arms Crawford and was the result of the wrangle at the session last week. Mr. Henderson gave ball in \$300. The committee will resume its hearings
