

POPULAR GIRL VOTE CONTEST

No Startling Changes to Announce in Friday's Record.

SAME LEADERS CONTINUE TO HEAD LIST

Interest of the Day Absorbed in the Box Parties Tended by the Four Winners by the Orpheum Management.

The vote yesterday in The Bee's popular girl vacation contest made but few changes of moment, the same leaders remaining at the head, the third and fourth merely changing relation. This apparent lull may partially be ascribed to the fact that the attention of contestants was for the time centered upon the free box parties tendered by the winners yesterday evening by the proprietors of the Orpheum-Orpheum and which, as was to have been expected, drew a crowded house and proved to be a brilliant social event. Miss Eva Phillips, who was first on the list, was the happy recipient of an immense floral tribute. The following is the record of those receiving two or more votes:

FILIPINOS FOR VAUDEVILLE

Party of Twelve from Manila Passes Through Omaha Yesterday for New York.

Twelve Filipinos from Manila passed through Omaha yesterday afternoon on their way to New York City. Their occupation in the islands has been singing, dancing and acting, and they were brought to this country as a vaudeville attraction. There was some trouble about their being admitted at San Francisco, it being held that their importation was a violation of the contract labor law. This opinion was not sustained and the party was allowed to pass on its way.

There were six men, four women and two babies in the party. One of the men, who could talk some English, acted as spokesman. They were all small of stature, and their features had much of the American Indian in them, although some had strong negro characteristics. The leader promptly protested that they had nothing to do with any of the fighting, having lived in the city of Manila up to the time they started on their present trip.

DOCTRINES OF THEOSOPHY

Mrs. Catharine A. Tingley Elucidates Them Before an Audience at Unity Church.

"It is better that savages should return to their idols if it would give them a new life, and clothe them with a new dignity; and that religion which teaches man to look down instead of up, which teaches oppression instead of liberty, and which makes of man a coward instead of a hero, should be obliterated from the face of the world."
Such were the words of Mrs. Catharine A. Tingley, leader and the head of the Universal Brotherhood of Man and Theosophical society. She made an address at Unity church last night on the principles and work of the brotherhood. Other members of the official party made addresses, and Basil Crump answered a number of questions.

Friend to Friend.
It is not what newspapers say, but what neighbor says to neighbor or friend to friend, that has brought Chamberlain's Colic, Cholera and Diarrhoea Remedy into such general use. It is as natural for people to express their gratitude after using this remedy as it is for water to flow down hill. It is the one remedy that can always be depended upon, whether it be a baby sick with cholera infantum or a man with cholera morbus. It is pleasant, safe and reliable. Have you a bottle of it in your home?

TRAVESTY UPON RELIGION

Rabbi Simon Denounces the Branding of the Cross Upon Jewish Children.

At Temple Israel last night Rabbi Simon cited the instance where the newspapers recently gave an account of some missionaries who are alleged to have visited Russia and branded the cross upon the arms of the Jewish children. This the speaker denounced as a travesty upon religion and an act that smatters of the practices of the dark ages.
The rabbi said there are two classes with whom the Jews have to contend, the antisemites and the conversionists. The former hate the Jews, while the latter say they love them and are constantly trying to save them. These conversionists know that the Jews will be eternally damned and cursed. Between the two the Jews are ground under the mill stones, as it were. The antisemite, however, is the preferable of the two, as he defines his position and the Jew always knows where to find him.
Referring to the foreign missionaries, Rabbi Simon said he had nothing to say against them, as civilization is indebted to them for many things. It is against their methods, however, that he objects. Few of the missionaries have any love for the Jews, and many of them do not take Jesus as the man and worship Him as the God, the creator of all things.

OPPOSE THE LAMP ORDINANCE

Mass Meeting of Wheelmen Takes Emphatic Position on Subject of Lights on Bicycles.

Sentiment in opposition to the ordinance by which the use of lamps on bicycles is made compulsory, while other vehicles are exempted from the regulation, crystallized at a mass meeting of over 200 wheelmen at the quarters of the Turner Wheel club last night. Resolutions calling on the mayor and council to repeal it were passed without a dissenting voice. Official assurances of support and co-operation were received from the Cudahy Wheel club of South Omaha and the Gaymarden of Council Bluffs.
The meeting organized by electing Fred Keuhne, president of the Turner Wheel club, chairman, and A. H. Flint, secretary. After some discussion Lyman Searle, D. J. O'Brien, W. A. De Bord, Len Livesey and F. A. Fitch were designated as a committee on resolutions, and they introduced the following, which were adopted without debate:

BIG SHOOT THIS AFTERNOON

Between City and County Officials for Benefit of Soldiers' Monument Fund.

A great card of sport, with lots of fun, is on the program for the great shoot which takes place this afternoon at the old Wild West grounds on the highway. The city and county are the great benefactors for the benefit of the soldiers' monument fund, for which the women have been working lately. The county seems to have so much the best that the odds are about three to one, but the city boys have been practicing considerably on the quiet across the river so that they might be able to surprise their county cousins.
The men who will shoot for the honor of the county are County Commissioner Hart, Sheriff McDonald, County Attorney Searle, County Commissioner Ostrom, J. Hauck of the surveyor's office, Deputy Sher-

a man without education, he said, but he had Christ in his heart, he had the education of God and he would not trade it for all there was in the world.
"Stack the whole world up," he said. "I do not care. There are only a few of the verses in the bible that I can read, but my heart was before the bible and God was before the bible. I am thankful that I have the holy spirit in me."
The speaker said that he was 15 years old before he wore any clothes and that previous to that time he had worshipped stones, flowers, sticks, anything. But he had found that there was no life in that faith and so now he worshipped Christ. He advised his hearers not to bother preachers with questions about what to do, but to get on their knees instead and ask heaven directly. He expressed the greatest faith in prayer.

Thomas Thurman, deputy sheriff of Troy, Mo., says if every man in the United States should discover the virtue of DeWitt's Witch Hazel Salve for piles, rectal troubles and skin diseases, the demand could not be supplied.

NEAR SIGHTED—Talk No. 15—

There is no defect of the eye capable of more harmful results than myopia, or near sight. Other defects will cause pain, headaches, and eye strain, but near sight is a dangerous condition. The "malignant" type is one of the worst evils that can befall the eyes of any person. From constant effort to see as others see, the eye ball takes on a malignant growth. The eyes gradually become larger in size, causing ruptures and hemorrhages, finally breaking down their entire structure. Total blindness is the inevitable result. Glasses used in time will prevent it.
