WHEELMEN'S PICNIC TODAY AT SARPY MILLS

The Field Day Meet with Council Bluffs Will About Finish the Sports for the Students for This Spring.

The telegraphic dispatches from Fargo, yesterday told of the failure of "Hadil Aladi," the Terrible Turk, to throw some local man twice in an hour. This was news the Omaha sports from the fact that Hadii Adali, the giant Turkish wrestler, has been in Omaha for the last three days. Hadli Adali came to this country under the auspices of a Greek, whose scheme if was to keep him in total ignorance of the language and customs of the American people. The Turk, however, was too sharp for him, and when his contract had expired Hadii came to Lou Houseman and wanted him to look after his interests. This Lou undertook, but the Greek had made some dates for the Turk, and as there was considerable money in them he evidently tried to fill them himself, and hence he is the man who wrestled at Fargo Friday night and passed himself off as the Turk.

The Associated Press has been notified of the imposture and will make it as public as possible.

There was not much betting on the blg Fitzsimmons-Jeffries fight in Omaha, and yet some money changed hands. Probably the largest winner was Dr. Carl Louis Perin. who had \$860 bet on Jeffries, of which he placed \$500 in New York and \$360 in this city, and as he received 2 to 2% he is winner about \$2,115. The doctor says that Fitz has always been a personal friend of his, but he was certain that he would lose this time.

The Omaha Wheel club has outgrown its present quarters and needs must seek a more commodious place in order to meet the demands of its greatly increased member-The wheel club has become quite an institution and has on its membership list many of the more prominent wheelmen of the city.

To help out on its new quarters the club is to hold a picnic today at Sarpy mills and every wheelman who can scrape up a wheel will be seen journeying out the Center street road or else through South Omaha. All sorts of games will be played and all manner of contests will be indulged in. Boats are provided and there are fish in the Big Paplo.

Bleycle races, sack races, potato races, shooting gallery and greased pigs will make all manner of sport for the wheel boys. A prize will be given for the girl with the best bicycle costume, and to insure impartiality in the judging Mitthaur has been made chairman of the committee.

Invitations have been sent to all the wheel clubs of the neighboring towns and they all promise to send a big delegation. The Council Bluffs boys are coming over in a body to join the Omaha club at the club rooms at 10 a. m., when, headed by a band, the "gang" will all go out in a body.
