Afro-American Council Sends Plea for Fair Play to Governors.

Legal Trial is Asked for the Accused with the Punishment Established by the Statutes for Those Found Guilty.

WASHINGTON, June 10 .- The Afro-American council of the United States has issued an appeal to the governors, legislatures and judicial officers of the southern states "to prevent lawlessness and to secure to all citizens the protection to which they are lows: entitled under the laws." After reference to the burning of Sam Hose, the lynching of Lige Strickland and the political riots in South Carolina and North Carolina, the ap-

Since the 1st day of January there have been twenty-eight cases of lynching in the south and every one of them colored. This is not only an unwarranted outrage upon them, but demoralizing to the white race. It terrorizes and unmans the former. It familiarizes the latter with lawlessness and crime, creating in them contempt for lawful authority and a desire for mob rule. It is hurtful and destructive to the best interests of both.

"We deplore, and denounce in unmeasured terms, criminal assaults upon women, by whomsoever committed, and desire the apprehension and legal punishment of every criminal guilty of the crime. Dr. Bosse, forbidding corporal punishment by teachers in the public schools of Prussia, except as a last resort and after a special permit has been granted by the principal of the school, has created quite a stir. The conservatives and center, however, urged that such punishment is needed in order to maintain discipline. Lines Effected.

CLEVELAND, O., June 10 .- What promises to be a long and bitter contest between the Cleveland Electric Railway company (Big Consolidated) and its 900 employes was inaugurated at 4 a. m. this morning by a strike which tied up all of the lines operated by the company. These lines reach all sections of the city and they form the only means of transportation for 100,000 ople, living in a territory five miles long and three miles wide at the south end. The west side is affected but little, only one line passing through that section, while on the east side four lines of the Little Consoli dated are available for use. Thus far the Little Consolidated men have refused to strike and they are not likely to go out.

NEW HUSBAND.

Quite an Improvement on the Old. "I have been compelled to stop drinking it," I said to the friend who asked me to 'Well," she said, "that needn't bother you, for I have Postum Food Coffee here, which ompletely cured a friend of mine of sick headaches." I tried her coffee and it was very good, but when I tried to make it at home, I was disappointed. I soon found that ing in two heaping tenspoonful of Postum for each person and letting it boil twenty

minutes, it was delicious. I had at that time been an invalid for several years, but did not know my trouble was caused by coffee drinking, of which i was very fond. I immediately began to feel better after leaving off coffee and using Postum, and stuck to it. One day I met a lady who was troubled the same as I was, and whose appearance on the street really shocked me, for she was so emaciated. She exclaimed in surprise at my improved appearance, and wanted to know what I had een doing. She asked me if I had had a healer of any kind. I said, "Yes, I have allowed Postum Food Coffee to work the al-

most complete miracle of curing me. My husband has beeen absent in Georgia for some time, and has been in wretched health, having been in the hospital twice for indigestion. I wrote him to stop using coffee and try Postum, told him also just how to make it. Yesterday I received a letter from him in which he says, "I am feeling very much better, thanks to you and Postum. sleep better, eat better, and in fact, my dear, am quite an improvement on the old husband."
