DREYFUS TRIAL THE INSPIRING MOTIVE

Ministry Said to Have Shielded High Personages Who Were Guilty.

LOUBET BELIEVES DUPUY THE WRONG MAN

Word is Passed Among Republican Leaders to Displace Dupuy for Almost Any Assigned Cause and Response is Prompt.

Paris, June 12.—(New York World Cablegram.—Special Telegram.)—The Dupuy ministry fell as suddenly as it had stepped on an orange peel. There was no more reason for its overthrow than there was a week ago. The complaint in the Chamber of Deputies of police brutality in suppressing disorder Sunday when President Loubet went to the Longchamps races was a mere pretext. Disaffection with Premier Dupuy's course in the Dreyfus case was the real inspiring motive of the adverse vote against him in the Chamber of Deputies. He was suspected of shielding certain high personages who are deemed to be amenable to the executive and Du Puy de Clam, among them Generals de Mericier and Boys-defre.

SURPRISE OF PARIS IS BRIEF

Fall of Dupuy Has Been Considered Only Matter of Date—Waldeck-Rousseau's Chances Good.

Paris, June 12.—Shortly before 6 o'clock this evening the boulevards presented a typical Parisian scene. The sidewalks were crowded with lounging boulevardiers and every seat at the cafe was in front of the cafe. The news was spread by Parisian, when unannounced news reporters rushed along with batches of papers hot from the press shouting "Fall of the ministry." In a moment the order of the day was proclaimed. Each newspaper office was the scene of a mob, everybody taking in the papers. The boys could not take the money face enough. Carriages, sacres and big four-horse char-a-bancs were just returning along the boulevards from the races and their occupants jumped out and joined in the melee for the possession of the papers. Then the people settled down again at the tables, read the brief bulletin. "The government has been defeated in the chamber and tendered its resignation," shrugged their shoulders and looked at each other with a half smile.

PROTECTION FOR ENGLISH SEAMEN

LONDON, June 12.—Replying to further questions in the House of Commons today as to the alleged system of blackmail levied by boarding parties kept on Spanish ships at San Francisco and Portland, Ore., for the shipment of British seamen, who have previously been induced to desert, the parliamentary secretary of the foreign office, William St. John Broderick, said the report of Consul-General Barclay had already been added that the government was considering the steps which may be taken for the better protection of British shipmasters and seamen.

EUROPEAN WHEAT PROSPECTS

LONDON, June 12.—The Mark Lane Express, in its weekly crop report today, says Belgium, Holland, Italy and parts of Austria-Hungary promise average wheat crops. In France Germany, Spain and Poland the crops are fair and there are hopes for a full, average crop. In Russia the drought is too prevalent to allow a hopeful yield of either wheat or rye. In Roumania, Serbia and Bulgaria a short wheat crop is regarded as inevitable.

HAVANA IS A HEALTHY CITY

Only One Case of Yellow Fever There and That One Was Imported.

HAVANA, June 12.—Surgeon Major John G. Davis says that in future all ships from infected ports must undergo quarantine here, especially those from Central America. The health of Havana, the surgeon points out, is marvelous. The only case of yellow fever existing is a light one taken aboard sea two days before the arrival of the patient here, and Dr. Brunner, the chief quarantine officer of Havana, still persists it is not a case of yellow fever. Spanish bank bills in quantities are in the possession of various municipalities, and this has caused the question of their ultimate disposal to be raised. Their present value is 8 per cent, but they are received at far more. Havana province holds \$50,000 of these bills, and it is estimated that the government's safes in the island have over \$50,000,000. There are frequent rumors regarding their redemption. A Spanish merchant says a friend of his received a telegram from Madrid asking him if the holders of these bills would accept 25 per cent, and Senator Duarte says the government has used the Spanish bank for this per cent on \$385,000 which he owns. He lost his suit and will appeal to the supreme court.

NEW RICHMOND DESTROYED

MINNEAPOLIS, June 12.—A special to the Tribune from Stillwater, Minn., says: "This was a terrible night for New Richmond, the village being almost wiped out of existence by one of the most severe cyclones that ever visited that locality. It carried ruin and death in its path and at this hour it is impossible to give even a partial list of those who are seriously injured. It is thought many are dead." The news of the disaster was brought here by J. A. Carroll, a traveling man from Portage, Wis., who was stopping at the Nicolet house in New Richmond. He saw the funnel-shaped cloud as it came up the principal street and took refuge in the basement in the hotel, which was completely wrecked, together with many principal business houses. In the terrible rain which followed Mr. Carroll and his comrades succeeded in recovering the proprietor, Charles McKennan, wife and one child from the debris, and they also removed the laundry girl, who was probably fatally injured. Mr. Carroll drove to Stillwater by team for relief and bandaging, with doctors, will leave here at 12:15 a m.

BAKERS CRY FOR VENGEANCE

Many Advocate Turning the Factions Loose to Fight It Out.

CINCINNATI, June 12.—A London, Ky., dispatch to the Times-Say says: The Bakers cried all night. Their meaning was something most touching. Jim, the son of Tom Baker, declared the militia stripped his father of his weapons that he might be shot down by the Howards without a chance for his life. "Father begged you not to put him so close to White's house," he said to a soldier who attempted to console him. The brothers of Tom Baker were a troubled lot this morning. They realize they must now clear themselves of the charges against them. Many persons advocate withdrawing the troops and allowing the men to fight it out, saying that this action on the part of Governor Knott stopped the Howards.
