Change of Superintendents Does Not Improve the Condition of Affairs at the Institution-Story About Bulbs.

LINCOLN, June 12 - (Special.)-Since the announcement of the change of superintendents at the Lincoln asylum things have run quite as smoothly as the sham reformers could wish. The friction started, of course, because Dr. Abbott concluded that Coffin had been quietly undermining him for some honor given by the employes, and in the course of which Dr. Abbott made a talk. ## Delegates to Trust Conference.

Governor Poynter this afternoon appointed six delegates to the National Conference on Combinations and Trusts to be held in Chicago from September 13 to 16. This conference has been called by the Civic Fedcration of Chicago for the same purpose as the conference called by Governor Sayres of Texas. The latter, however, will be restricted to the states in the transmississippi region while the one held at Chicago will ject in this city. include, if possible, every state in the union. The transmississippi conference will be held at St. Louis, beginning September 20, and series of races to be held in this city the continuing until September 26. Governor Poynter and Attorney General Smyth will attend both meetings, but the delegates appointed today only the one at Chicago. A report was circulated Allen of Madison, W. J. Bryan of this city, E. Rosewater and Dr. H. Hipple of Omaha. Lorenzo Crounse of Calhoun and F. T. Ransom of Omaha.

The date of the Chicago meeting has been recently changed so as not to conflict with the conference at St. Louis, as nearly all of the governors and attorney generals in the west have expressed a willingness to attend both. Governor Poynter is enthusiastic over the project to put down what he calls the "giant octopus."

Governor Poynter received the following letter today in reply to one sent the War department several weeks ago concerning the transportation of the bodies of any members of the First regiment who die en route to this country:

WASHINGTON, June 8.—Hon, W. A. Several members of the Board of Public Lands and Buildings met this afternoon and discussed the advisability of purchasing the Soldiers' and Sailors' home at Milford at the price asked, \$13,000. The state legislature appropriated this amount for buying the home and the grounds surrounding, but the board was inclined to think this afternoon that a better offer may be obtained at some future date from the recent owners of the home. The state has expended nearly \$9,000 in improving the home, the first cost of which it is claimed was \$8,000. A short time ago the commission men and others doing business at the stock yards signed a petition to the Omaha Street Railway company asking for better street car service on the South Omaha line and also requesting that all main fine trains be run west on N street to Twenty-sixth, thence south to Q, east to Twenty-fourth and north to N, making a loop.
