May Promote Political Favorites. It is quietly reported this evening that the cable message from Manila also contained the information that Colonel Colton had received his discharge and that a vacancy now exists in the command of the regiment. It is certain that one part of the message was withheld from the public and that a great part of the afternoon was spent in trying to locate Governor Poynter, who is off on a junket to Illinois.

There is a natural desire to fill the vacancy and announce the other promotions quantity and quality. before the regiment leaves the Philippines. as it would make a material difference in the rank of some of the officers and in their travel pay. It may be that the lieutenant governor will sign the formal order and that the hurried messages sent after the governor are only to learn his wishes.

As to Wrayer Pay.

The cablegram from Colonel Mulford did not state whether any portion of the regiwould be left behind. Several of the Nebraska soldiers have been detailed with other regiments and there is some question as to whether these men will be allowed to accompany their comrades home. All members of the regiment will be allowed travel pay from San Francisco on a basis of one day's pay for each twenty miles. When Arrested for Wife Beating and in a Mandlin Condition Peterson Revenls His Long-Concenled Secret.

Albert Peterson, diamond thief and wife beater, might have kept a long series of successful thefts always a secret had it not been for a love of strong drink and habitual

ill-treatment of his wife. For two years a trusted employe of A. Mandelberg's jewelry establishment, Peterson is found to have stolen goods since almost the first day of his service and continued until his resignation last May. The value of the articles stolen amounted to about \$1,000 and not the remotest sus-

picion attached to him. One day nearly three weeks ago Peterson was arrested while intoxicated for abusing his wife and certain remarks he thoughtlessly made in a maudlin condition furthe two robbers for whom \$3,000 each was nished clews that resulted in solving the At Loudonville the storm seems to have advertised in the reward offered for their mywery of missing diamonds over which de-
