# COMMERCIAL AND FINANCIAL

Advance of Yesterday is Dissipated and Small Decline Ensues.

MANY CONFLICTING REPORTS RECEIVED

Other Grains Not Much Better Off, Though a Little Activity Appears in Onts-Provisions About Stendy.

CHICAGO, June 20,-Wheat was weak from start to finish today and closed at a decline of 1%c from yesterday, Liquidaon of long wheat was the feature, rains in Russia and Roumania and favorable domestic conditions giving holders a severe attack of ennul. Coarse grains were also weak, corn closing 14c lower and cats 14c lower. Provisions closed unchanged to 75c

The opening in wheat was a lively one and for an hour the market was a need on an for an hour the market was as weak as even the mast persistent hear could desire. September opened at 775,0777sc, compared with yesterday's closing price of 784c. Large quantities of long wheat were offered, both local and outside traders dumping their holdings onto the market, and when the first lull in the liquidation occurred the price had been hammered down to 77c. News was of such a chardown to 77c. News was of such a character as to discourage tongs, who have
been banking on the Russian crop damage
to offst the prospects of a big domestic
crop. General rains were reported in Roumania and rainfall was also reported from
some parts of the Russian drouth districts,
with consequent improvement in crop prospects in those countries. Liverpool cables
were weak and lower. At the start there
was a disposition among shorts to cover at
the decline, but the bearishness of domestic
advices put a check to even this support.
Northwest receipts were heavy, Minneapoils and Duluth reporting 720 cars, against
foll cars last we k and 62 cars a year ago.
Chicago receipts were 190 cars, 14 cars of
contract quality. Aggregate receipts at primary western points were \$21.60 bu., compared with 125.000 bu. a year ago. With
the exception of Nebraska and Kansas, in
which states some hot winds were reported. pared with 125.0% bu. a year ago, With the exception of Nebraska and Kansas, in which states some hot winds were reported, the weather throughout the wheat country was reported favorable. Shortly before noon the market recovered a trifle in the absence of heavy selling pressure. September advancing to 77%c, but liquidation was renewed after noon and prices got down to a still lower level. Bradstreet's showed an increase in the visible of 1.385.600 bu. compared with 2.734,000 bu. decrease last year. New York reported a good export business, 100 loads taken for export, but the lack of cash demand here nullifled any effect this might have had. During the last half hour three was increased selling by disgusted long. September gradually declining to 76%c under the pressure. That was the price at the close.

Corn was fairly active and weak. The weakness was partly with wheat, but local influences were also present. Receipts were heavy, 1.105 cars, cables were lower and weather was favorable. Contract stocks decreased 338,000 bu. September ranged from 34½0734%c to 34%635c and closed ½c lower at 34%c.

There was a fair trade in oats. The market felt the wakness of wheat and corn and prices ruled lower all day, closing at the bottom. Fine weather and liberal receipts, 350 cars, were factors. There was a good cash demand, 350,000 bu. being taken for shipment. September ranged from 21½c to 220/22½c and closed ½c lower at 21¾c.

Provisions, considering the weakness in

MOVEMENTS OF STOCKS AND BONDS.

Stagnation and Unsettled Feeling Still Apparent in Speculation. NEW YORK, June 20.—Today's advance n prices of stocks, after an early weak ness, was no more conclusive of a settle ondition of the speculative situation an of the future course of the stock marke than was yesterday's decline. There was a brief and spasmodic period of liquidation in Federal Steel and American Steel and Wire in the opening dealings and the professional bear party took advantage of this to make a drive against the whole market. But the brief duration of the decline and the firm resistance offered by prices at the low points warned the bears of the futility of an effort to break the whole market. They therefore took their promis on the decline of yesterday and this morning by buying stocks at the low level. There was some organized buying of the Flower group of specialties, not only in support of Federal Steel, but for the long account in Brooklyn Transit, People's Gas, and other specialties. The action of the wheat market prompted some buying of the Grangers also. The continued weakness of wheat in face of the well defined informathan was yesterday's decline. There was

NEW ORLEANS, June 20.—Clearings, \$2,-278,800. New York exchange, \$1 per \$1,000 premium; commercial, \$1 per \$1,000 discount.

Condition of the Treasury. WASHINGTON, June 20.—Today's state-ment of the condition of the treasury shows: Available cash balance, \$272,389,466; gold reserve, \$235,414,919. Cotton Market.

NEW YORK, June 20.—COTTON—Efforts to liquidate long accounts made the cotton market more active and resulted in a decline. The market opened steady with prices unchanged to 1 point lower, but immediately developed pronounced weakness under a pressure of long cotton, the selling movement being accelerated by unsatisfactory cable accounts, notably of moderate sales of spot cotton at Liverpool, which meant more to the traders here than the lifted price was some buying on the belief that manufacturers abroad as well as at home will be obliged to take large quantities of cotton to fill orders they have accepted for cotton goods. Liverpool representatives bought January and March contracts on weak intervals, while the south and local banking element here soid the nearer position.

A feature of the trading was also the August buying by a Greek house. The vot. SS6 bales, NEW ORLEANS, June 20 COTTON—

January, 5, 6976, 61; February, S, 6340, 66; March, 5, 6676, 68.

LIVERPOOL, June 29.—COTTON—Spot, quiet; prices unchanged; American midding, 313-32d. The sales of the day were 10,000 bales, of which 500 were for speculation and export, and included 2,799 American; receipts, 3,000 bales. Futures opened quiet with a moderate demand, and closed quiet; American middling, 1, m. c., June, June-July, July-August, 321-846322-64d, sellers: August-September, September-October, 321-646330-64d, sellers; November-December, December, Juneary, 2,18-6463-19-64d, sellers; December-January, 218-6493 19-64d, sellers; January-February, 218-6493 19-64d, buyers; February-March, 219-64d, buyers; Marchaoril, 229-64d, sellers; April-May, 320-649 321-64d, buyers, Coffee Market.

NEW YORK, June 29.—COFFEE—Ontions opened firm at 5@15 points advance on reports of cron damage from frost, causing leading strength in new crop positions throughout the session, which developed a general upward tendency, with advance arristed by liquidation. There was considerable activity, chiefly covering, although some increased investment demand. Closed stendy for near and harely steady for far months; sales, 26,560 bags, including July, \$1,556/170; September, \$1,556/190; October, \$1,969/187; November, \$1,557,500; December, \$5,356/10; March, \$5,566/15; May, \$5,556/105. Totals ...... 3,422 8,874 2,051 CATTLE—Beef steers sold at steady prices today on an averagi. The general market was in about the same condition as CATTLE—Beef steers sold at steady prices today on an average. The general market was in about the same condition as yesterday so far as values were concerned. Now and then a salesman who happined to have handy weight cattle, such as buyers especially wanted, thought the market was a little stronger. Such sales, however, were the exception and not the rule. In the same way seliers who had the kind of cattle that buyers were looking for thought the market was active, but others could not see any great amount of life to the trade. However, the demand was a little better than yesterday and the cattle moved a little more freely in consequence. The most of the offerings were taken in good scason.

Cows and helfers sold at just about strady prices and the trade was without feature of any importance. The most of the offerings sold in good season. Bulls were in pretty fair demand and the most of the offerings sold quite readily at the same prices as prevalled yesterday. The calf market was also steady and without new feature.

Stockers and feeders were in moderate supply and the market unchanged. As noted yesterday, the country Gemand has not been very active for several days past and the feeling has been weak in consequence. Representative sales:

HOGS—Today's market was 567% c higher and active at the advance. A tew of the first bids may not have been quite so high, but the market practically opened at the advance and closed the same way, about everything chatging hands in good season. The hogs sold principally at \$3.7964.75, with the long string at \$3.79, and quite a sprinkling at \$3.724. Good light hogs sold up to \$1.75. It will be remembered that yesterday (Monday) the hogs sold at \$3.6961.79, half of the hogs selling at \$3.69 and \$1.624.
Today's advance following upon the stronger market of Saturday and Monday carried the market to the highest point touched since April 22, when the hogs averaged about the same as today in price, It will be noted from the table of average prices at head of column that the hogs today sold 20c higher than they did on the first day of the month. Representative sules.

SHEEP-Local packers wanted supplies of mutton grades of sheep and lambs and they did not hesitate to pay very strong prices to get what they wanted. Everything offered on the market met with ready sale at prices that were entirely satisfactory and the trade soon came to an end for the want of more stuff to sell. Receipts today were a little larger than the average for the last mouth and indications are now that there will be a more liberal supply by the first of the month, as western grassers are expected to commence arriving a little more freely by that time. There were three cars of Oregons here today, some of the same that sold here yesterday.

Monnett Seeks an Early Hearing. COLUMBUS, O., June 20.—Attorney Gen eral Monnett today asked the supreme cour for a rule requiring the state and the Standard Oll company to exchange briefs in the ouster suit, previous to the opening of the September term of court, so as to insure an early hearing of the case. Hon, L. Neal, for the Standard Oil company, Hon. L. T sisted that the contempt case be first dis posed of. He said that the Standard's brief could be fifed by October 1. The court took the matter under advisement.

Game With King

> A Kingdom for the Winning.

This is the striking motif of a Brilliant New Serial story Entitled-

Modern Merce-

by E. & H. Heron, authors of "Tammer's Duel," Etc., Etc.

Which began publication in

Omaha Sunday Bee, June 18th

A STORY that gallops from the first line to the last, that tells a chivalric and intensely dramatic love story, that follows the intricate plottings of master diplomats.

"The plot is fresh, the intrigue ingenious, the portraiture vivid and the treatment unhackneved. . . Altogether this is a

fierce and vivid ro-

mance."- London Spec-Curiously enough the collaborators bear the unusual relation of mother and son. E. & H. Heron is the nom de plume for K. & Hesketh Prichard. They have already published several powerful short

stories and serials, but "A Modern Mercenary" is their best and latest novel, a story which is attracting widespread interest in England. The players of this Game

with a King, the prize of which is the winning of a kingdom, are Count Sagan, agruff, unscrupulous, reckless giant, the commander of the guards of Maasau. He plays as a tool in the hands of Selpdorf, Chancellor to the King, the 'man of the hour." And behind these two, old Major Counsellor, representing England, the shrewdest diplomat of Europe, and Baron von Elmer of Germany, play the intricate keys of diplomacy. The King of Maasau, who is weak, worn out and suspicious, is a mere puppet in the hands of these master players. The pawns of the game are John Rallywood, the Modern Mercenary, a straight back, fearless young Englishman who fights a duel as cheerfully as he makes love to a nobleman's daughter; Valeria, the heroine, and the Countess Sagan, who loves the hero and appears as Valeria's bitter rival. All this takes place in the independent state of Maasau, which is so small that it is hardly noticeable even on the largest sized map of Europe.
