Indications of a Light Travel to the Los Angeles Meeting.

EQUAL ATTRACTIONS AT OTHER POINTS

Forego the Plensures of the Association Meeting for Trips to the Colorado Resorts and Other Points in the Northwest.

Next Sunday the rates for the educational association meeting at Los Angeles will go Into effect. Under normal conditions at this period there would be great activity among railroads preparing for the travel which such a meeting, with the attendant attracthe summer trip through the But such is not the case at present. The spectacular show on the lake on the north mountains and the low rates, would bring. railroads in this city do not know what, if | tract. any, travel they will have to the coast city. While it is expected that there will be quite a number go to Los Angeles, especially from the large eastern cities, no one believes the travel will prove what it ought to be for

such a gathering. When the rate to Los Angeles was announced there was a great deal of dissatisfaction among the Missouri tiver roads over the demands made by the Southern Pacific for its share of the haul from Ogden to the coast, which left the other roads but a pittance for their share. As a result of that | fall. feeling a systematic effort was made to detract from the importance of the Los tract from the importance of the Los T. Burkhart, H. W. Calkins, D. M. Christle, Angeles meeting and with what success the Michael Deyman, Clark Dooley, Douglas next few weeks will tell.

City and to Colorado points. These rates are effective at the same time with the educational rates. In this way a trip almost ney, J. M. equally as attractive as the Los Angeles jourreduced expense,

tory of the association. This fact is a source Ed. Morrison, Springfield; F. S. Miller, Red of pleasure to them also because they feel Cloud; W. F. O'Hanion, Blair; O. R. Perry, they have succeeded in evening up scores Grand Island; Amos S. Tillotson, Shelton with the Southern Pacific management,

Incorporate a Belt Line Company. ST. LOUIS, June 20.-Prominent citizens and business men of St. Louis and St. Louis county have made application to the county court at Clayton for a franchise to construct and operate a belt line connecting all the steam roads which now enter the city from the north, west and south. By means of it all these lines will be enabled to make transfers from one line to the other without paying the rates now charged by the Terminal association. The success of the scheme also involves the construction of a third bridge over the Mississippi river, which will enable the new company to com pete with the Terminal association in the transfer of freight from East St. Louis, which they assert can be done for less than half the rates now charged for the service by the Terminal association.

Buchanan Withdraws His Name. Francis, general passenger agent for

the Burlington, has returned from Chicago, where he was present at a Patrick's church. The remains will be of the meeting of the westthe new agreement. He says the greater escort from the Omaha fire department, of no uncertain terms by the audiences at the portion of the time Monday was given to which the deceased was a member. The Creighton-Orpheum this week. The bill is talking of a possible successor to B. D. Caldwell as chairman of the association, with any number of men mentioned in connection with the place. J. R. Buchanan, Union Pacific representative is taking part would indicate that that road is to become a member of the association. The n ceting will probably continue several days.

Burlington Officials on a Tour.

President Perkins and Vice President Harris of the Burlington arrived in Omaha this afternoon and were joined by General Man-The party then took up its ager Holdrege. journey over the lines of the B. & M., traveling in special cars. The trip is one of inspection and will be extended to Billings. It is understood that the new work being done in the western part of the state will be inspected, as Mr. Perkins and Mr. Harris have not been in that part of Nebraska since this work was commenced. The offi- Miss d'Arville during her week's stay at the cials will consume a couple of weeks in making the journey.

Train Dispatchers' Convention. MILWAUKEE, June 20 .- The annual convention of the Train Dispatchers' Association of America convened in this city today with about 100 delegates in attendance. Today's session was taken up with the reading of President H. B. Ware's address and the report of the executive committee. President Ware said the year had been one of unalloyed success and prosperity and that the work of the train rules committee had borne good fruit. The report of the ex- ness. ecutive committee showed a membership of 437, an increase of ten members.

Colored People Ask Rates.

Some of the local railroads have been re minded through an application for low rates that the ninth annual emancipation celebration will be held at Falls City from August 2 to 5. This is the big patriotic event for the colored population and ordinarily at these celebrations there are many visitors from Kansas City, Leavenworth, Atchison, St. Joseph, Omaha, Lincoln and intervening It makes an important item of transportation and the roads usually make a generous rate for the occasion. This will probably be done this year.

Rate War in the Southwest.

GALVESTON, Tex., June 20 .- All railways having terminals south of Dallas yesterday put in a passenger rate to meet the cut of the Texas & Pacific rallway to all Mississippi river points. This action will in all probability lead to a passenger rate war in southwest which will send rates down the toboggan slide, as it seems to be the determination of the railways which have remained true to the agreement of the Southwestern association to discipline the Texas & Pacific for recanting.

Railroad Notes and Personals. F. A. Nash of the St. Paul road has re-turned from a trip to Chicago.

Sam Barlow of the Red line and Harry P. Potter of the Erie Dispatch have returned from the wool country of the northwest, where they have been looking for business Bids are to be opened in Denver for the transportation of one company of colored infantry from Fort Russell and four from Fort Logan to San Francisco. There is a possibility that some low rates will be made

Exhibits at Paris.

There will be a large exhibit from this country at the Paris exposition in 1900, which will prove very interesting to all who may atend, but no more so than the news that the famous American remedy, Hostet-ter's Stomach Bitters, will positively cure dyspepsia, indigestion, constipation, billious-ness and nervousness. To all sufferers of the above complaints a triar is recommended, with the assurance that when honestly used a cure will be effected. It also tones up the entire system.

Men Are Selected from Omaha and Other Towns in the State.

Although the exposition people have not yet ompleted the program for the opening day, they have perfected arrangements for bringing to Omaha a large number of soldiers from among those who served in the war with Spain. The railroads have made a low rate from all points in the state for these soldiers. The soldiers who come on the opening day will remain until the morn ing of July 5 as guests of the exposition and will be quartered in the old Transportation building. Each afternoon there will be a dress parade on the Plaza on the Bluff tract, south of the Horticulture building, ogether with a parade of the grounds. In addition to the returned volunteers it is hoped to have other military organizations in the parades. Each evening during their stay the Nebraska boys will take part in the

For sergeants of the guard Captain Mostyn has named Hugo Nelson, W. C. Heaton and George L. Dennis. The captains have not been selected.

The guards who will do duty on the grounds of the Greater America Exposition have also been named. Sixteen of them are now employed and the others will go upon the salary roll between this date and The sixteen men now on duty are those who have been on the grounds since the new organization took possession last There will be seventy-four guards in They will probably work in eighthour shifts. The guards selected are: A.

> Camille D'Arville's Costumes Miss d'Arville, the famous prima donna,

who did so much to popularize comic opera, both in this country and throughout Europe, is no stranger in Omaha, having appeared here for a number of seasons as the star in "Robin Hood" with the Bostonians.
It may be interesting to the feminine part our public to learn the fact that 'Arville has afready expended nearly \$5,000 in costumes. There are seven of them, one perhaps more beautiful than the other, and they are the handiwork of Worth, Felix and Pangore, the world-renowned Paris dressmakers. These dresses will be worn by

lifferent one every day in the week.
The costume which Miss d'Arville is to wear on the opening night is one made by Felix. This will be on exhibition on Wednesday, four days before Miss d'Arville arrives here, and will remain in the show window of the Boston Store during the entire four days. To describe it would be al-most impossible. It is a combination of cream-colored chiffon, white satin brocade. pink silk, embroidered with turquoises and pearls, and Miss d'Arville's magnificent figure clad in this bewirdering robe presents a vision of perfect beauty and loveli-

The members of the press and real estate men out in the state and in western Iowa, the Omaha Commercial club, Omaha Board of Trade, judges of the different benches and the Omaha doctors and their families and friends have been invited to participate. A large attendance is assured and a hot ime guaranteed.

Holy Family Lawn Social. This well known event will take place or ext Thursday evening on the church lawn, Eighteenth and Izard streets. A grand con-cert, in which some of the leading talent of the city will take part, will be a feature of the evening. The Holy Family lawn social has been held annually for the last four years and it seems to become more popular every year. KINGMAN ALLEY SETTLEMENT

HAYDEN BROS.

Burlington Road Pays the Balance o the City's Claim Against It-The Vinduct Claims.

The Burlington railroad came to a settlement with the city Monday afternoon for expenses incident to the condemnation and the paving of what has been known as the Kingman alley. The differences over this disputed account have been hanging fire since the building of the new Burlington station. The total claim of the city against the road was \$2,468.12, and the road held a ounter claim against the city amounting to \$1,269.16. Of the latter amount the city council allowed \$800, leaving the road owing \$1,668.12. This amount was paid the city Monday.

The disputed account between the city and the Burlington and Union Pacific railroads, arising from the maintenance of viashown in the subjoined table. The amount shown as expended by the city on the maintenance, lighting and patrolling of viaducts and subways prior to October 13, 1893, the roads claim exemption from on the grounds that enough time has elapsed to outlaw it. The final balance given in the following table, it will be noticed, is according to the claim of the roads, and is obtained from the entire amount claimed by the city by deducting the amounts not allowed by the roads, as well as the regular cash credits:

Paid prior to October 18, 1893. \$19,772. From Oct. 13, 1893, to Jan. 21, 1895. . 6,993. From Jan. 21, 1895, to Feb. 1, 1898. . 18,363. From Feb. 1, 1898, to Dec. 15, 1898. . 228.

99'S CLASS DAY EXERCISES

Pleasant Program Entertains a Large Audience in the High School Assembly Room.

Class day exercises, the last function of he school year before commencement, were held in the large assembly room on the third floor of the High school building Tuesday afternoon. The class of '99 gave of its eloquence, logie, wit and beauty to make another page in the social history of the High school. The assembly room was crowded to its utmost capacity, many being unable to even gain admission. The room was decorated with the class colors, purple and old gold. Across the stage two flags were draped. The stage was set as a parlor scene and to the right was a table contain ing a punch bowl, the contents of which were reserved for some of these who took part in the exercises.

Fred Sweeley, president of the class opened the exercises with an address. This was followed by the class history in two sections, class conundrums, class poem, class prophecy, class will and class song All of these naturally contained many personal reminiscences and anecdotes, in which some student of the class had figured, of might in the future, and were the sour of great amusement to the pupils. Henry Duncan, one of the two colored

boys in the class, gave an oration on "Why the Laboring Man Deserves Respect," which excited the admiration of his classmates and net with hearty applause. It was well prepared and well delivered.

There was a vocal solo by Miss Alice Winspear, music by the Mandelin club, which had to respond to an encore, and the exercises closed with the valedictory by Carl Heinrich. The commencement exercises of the class will be held on Thursday.
