CHICAGO, June 20 .- Today's game was one of the hardest fought battles of the season. Both pitchers were at their best and up to the last inning Griffith had received perfect and at times sensational support. In the thirteenth, after two outs and with men on second and third, McCormick fumbled, filling the bases. Griffith lost control, forcing in a run, and Collins doubled, scoring three more. The locals could do nothing in their half. Attendance, 2,900.

Mike Morrissey Makes No Attempt to Stay in the Fight.

NEW YORK. June 20.—Peter Maher, the Irish heavyweight puglilist, scored a quick victory over his fellow countryman. Mike Morrissey of Tipperary, before the Lenox Athletic club tonight. Morrissey had been heralded as an invincible Irish champion.

Maher sized his man up quickly and went for him. There was apparently no fight in the newcomer. A light punch on the breast and a right cross to the jaw were the only blows struck and these were delivered by Maher. The blow that Maher landed on the law was apparently insufficient to knock out any man.

Maher weighed 174 pounds and looked well. Mike Morrissey had a retinue of handlers when he reached the ringside and said he weighed 182 pounds. The moment that the men shaped it was clearly evident that Morrissey was afraid and that Maher had the ensiest task ever given him. Both fiddled for a few minutes and then Maher went for his man with a light one on the chest and sent his right over to the jaw. Morrissey fell in a neutral corner and lay there resting on his right elbow while Maher strutted about the ring until the referee counted off ten seconds. Maher then walked to his corner and the master of ceremonies announced that Maher had won and that the time of the bout was thirty-five seconds.

Interstate Amateur Bicycle Race.
Entries are coming in for the interstate smateur bicycle races which will be run off at the Young Men's Christian association park Saturday afternoon.

Prizes for the onen events will value \$25 and for the handicap \$35, with good second and third prizes.

Omaha formerly was as good a racing town as there was in the country, but the city took the street and did away with the famous Charles Street park and the exposition did away with the half mile track at the old fair grounds, so that those with racing proclivities have had no place to train. The Young Men's Christian association has come to the rescue and built new grounds and track at an outlay of nearly \$1,000 and it is hoped that an intersat in bicycle racing may be revived. Entries should be sent to E. B. Henderson. 418 Ramge building, or to the sporting editor of this paper. Interstate Amnieur Bicycle Race.

"The Trades council," continued the speaker, "is not represented in South Omaha to any large extent, as the majority of South Omaha labor is represented in the Federation of Labor. It is stated that the Federation of Labor here numbers about 2,700 members and includes all labor organizations, with the exception of the plumbers, carpenters and electricians. A report was current on the streets last evening to the effect that the electricians had applied for a charter and would form a local union, after which they would affiliate with the Federation of Labor. Another rumor was that the Trades council would try to call carpenters off the buildings now in course of construction here today for the purpose of forcing the plumbers and electricians into the ninth and L. Phillips has been in jail for a week awaiting a hearing, the delay being caused by the condition of Mrs. Patton, who could not leave her bed for a few days after the beating Phillips gave her. Mrs. Patton refused to prosecute her assailant, but Chief Carroll brought her into police court, where she testified that Phillips had struck her twice. Her appearance, however, indicated that she had been subjected to an unmericiful beating. The prisoner will be taken to the county jail to serve out his time.

It was suggested that the action of the company was prompted by a desire to avoid further litigation such as was instituted by Attorney General Monnett, but the officer who gave the information denied that such was the case. Virgil P. Kline, the attorney for the company, also said there was no desire to escape litigation, and he scouted the idea that Attorney General Monnett had driven the company from the state.

The Cruel Knife!

It is absolutely useless to expect a surgical operation to cure cancer, or any other blood disease. The cruelty of such treatment is illustrated in the alarming number of deaths which result from it. The disease is in the blood, and hence can not be cut out. Nine times out of ten the surgeon's
