

MAY BUY PACIFIC EXPRESS

Rumor that Removal of This Company to St. Louis is a Bluff.

RIVAL COMPANY AFTER UNION PACIFIC

American Express is Credited with Having Bought the Western Road and It May Resort to Purchase.

Approval of the removal of a part of the headquarters of the Pacific Express company from Omaha to St. Louis, the rumor is revived that the American Express company is to be supplanted on the Union Pacific system by the American Express company.

It is known that the American people have been trying for some time to secure the Union Pacific road, but as the latter owns 49 per cent of the stock of the Pacific Express company, the effort so far has not proven successful.

The statement has also been made that the present management of the Union Pacific has been using its influence to displace the Pacific company.

Another phase of the matter, but having the same general trend, is the removal of a portion of the Pacific Express headquarters to St. Louis.

It is reported that a year ago or so such a deal was almost consummated. While the stock of the Pacific Express company has been selling at a high price, it is not considered an important factor.

It is pointed out that even if the Gould interests should oppose the sale of the Pacific to the Vanderbilt line, the business of the company is not such as to make it difficult for the stock of the Pacific to be purchased in sufficient quantity to give control.

Since the American lost control of the Burlington system ten years ago it has been trying to secure a new foothold in the west. The chance is offered it in the Union Pacific system, and the belief is growing among outsiders that it will eventually succeed in its object.

ONE THOUSAND MILES OF STEEL

Report on Railroad Construction Shows Good Results.

NEW YORK, June 22.—The Railroad Gazette tomorrow will give the preliminary figures of new railroad building for the first six months of 1899. They show a total of 1,181.45 miles.

Pennsylvania takes the lead for the six months, with a total mileage of 106. Then follows Missouri, 85; Arkansas, 81; Oklahoma, 76; Louisiana, 62; Ohio, 61; Florida, 50; Utah, 53; and South Carolina, 50 miles.

Only thirty-seven states and territories of the total number have any building at all reported, and there are six states in which building is less than five miles each.

The railroad which takes the lead for mileage completed is the Illinois Central, which, with its new lines in Mississippi and in other states, has a total of sixty-four miles. Then follow the Choctaw, Oklahoma and Gulf, 51 miles; Rock Island, 49; Buffalo, Rochester & Pittsburgh, 48; and Utah & Pacific, 22 miles.

Railroad Notes and Personalities.

J. P. Anderson, general agent for the Georgia railroad, is in the city.

Demand for laborers to work on railroad contracts in Western Nebraska and in Wyoming continue to be brisk. Several agencies are now engaged in drumming up men to send out on this work, and they find places for all who apply.

Exhibits at Paris.

There will be a large exhibit from this country at the Paris exposition in 1900, which will prove very interesting to all who may attend, but no more so than the news that the famous American remedy, Hostetter's Stomach and Bowel Regulator, is to be exhibited.

NEBRASKA COUNTIES IN LINE

Showing of Agricultural Products to Be Made at the Greater American Exposition.

Five more Nebraska counties—Adams, Hamilton, Saline, Seward and York—have applied for space at the Greater American Exposition and will be assigned in the Agricultural building. This brings the aggregate up to fifteen counties that have secured space.

R. R. Randall, who has been out in the state during the last two weeks working on agricultural exhibits, writes that he feels confident that before July 1 he will have from twenty-five to thirty counties represented with their products.

Linn county, Iowa, has applied for space, the county authorities stating that they are desirous of making an exhibit.

John R. Keys of the art department has returned from the east and has made his report to President Miller. He says that he was very successful and that he has secured enough pictures and statuary to fill the Fine Arts building to overflowing.

There has been shipped from New Mexico a carload of cacti. These plants will be placed along the main court and on the bluff tract.

INDIANS DEAL IN LIQUOR

Four Red Men Brought to Omaha from Thurston County by the Marshal.

Deputy James Allan of the United States marshal's office has returned from Thurston county, bringing with him Little Bird, John Carrymoyne, James Nolan and James Long Gray Hair, all Indians, charged with selling liquor to other Indians.

It is said that these Indians, or at least Little Bird and John Carrymoyne, went into the business on a wholesale scale.

Allan says that for weeks Indians have been getting liquor and the Indian police were unable to locate the base of supplies. Finally suspicion pointed to Little Bird and Carrymoyne and a watch was set over them.

Indians were seen to go into their huts sober and come out drunk. The huts were raided and as a result some five gallons of liquor was found. The Indians arrested will appear before the next United States grand jury.

W. M. Gallagher of Bryan, Pa., says: "For forty years I have tried various cough medicines, but I have never found one that relieved instantly and cured all throat and lung troubles."

The Detroit line from Chicago to the Michigan Central, one of the finest in the whole country in construction and equipment, will be run daily and another on week days. Special trains will be run July 5 to Christian Endeavor convention at one fare for the round trip.

City, real estate and personal taxes become delinquent July 1st. Interest will be charged on and after that date at the rate of 1 per cent monthly.

Notice to Wheelmen. Reduced prices on lamps, all lamps, 50c up. Others out in proportion. H. E. Fredrickson, Fifteenth and Dodge streets.

Dr. Shepard-Catarrh, 312 New York Life.

Thomas Thurman, deputy sheriff of Troy, Mo., says if everyone in the United States would discover the merits of Dr. Williams' Pink Pills for Pale People, the demand could not be supplied.
