School for Deaf Closes. The commencement exercises at the State School for the Deaf attracted a large number of people from this city yesterday after noon. The program, as published, and which proved most interesting, was carried out. Those not acquainted with the teachings of the pupils at the school marveled at the ease with which the pupils read their essays. Children who a few months ago had never known what it was to speak a single word yesterday conversed with the visitors in almost as natural a manner as if they had not been born both deaf and dumb. The graduates all read their essays and the entire exercises proved most interesting. The visitors were shown over the institute by Superintendent Rothert and his

Want Trust Deed Executed for Ben-

efit of Testator's Son Set Aside and Fund of \$20,000 Diverted to the Estate. The heirs of the late Mrs. Sarah J. Ballard

of this city threaten more litigation over the distribution of her estate, which has On all other offices a hot fight is still on. already formed the basis for several suits in the district court. Yesterday they filed an application asking that Frank K. Robinson be appointed special administrator The object, it is stated, is for the purpose of bringing an action to have set aside a certain trust deed whereby Mrs. Ballard conveyed \$20,000 to W. H. M. Pusey for the benefit of her son, O. R. Ballard, and his children.

Fearing that her son might dissipate his portion of her estate Mrs. Ballard, in December, 1897, a few months prior to her death, deposited with W. H. M. Pusey moneys and securities to the amount of \$20,000. which Mr. Pusey was to hold in trust for the benefit of O. R. Ballard and during his lifttime to pay him the interest accruing from this sum.

The heirs now come forward and allege hat at the time Mrs. Ballard made this conveyance in trust for the benefit of her son that she was not of sound mind and therefore not capable of entering into such a con-

The appointment of Robinson is for the express purpose of bringing suit in the name of the estate against W. H. M. Pusey to have this contract declared invalid by the court and canceled. Also to order the \$20,-000 turned over to the estate.

At the time that Judge Smith, after the heirs had withdrawn their objections, admitted Mrs. Ballard's will to probate he ruled that she was of sound mind when she made it. The heirs have, as it will be remembered, brought suit against the Woman's Christian association to have the bequest made by Mrs. Ballard to the hospital

ENROLLMENT NOT UP TO AVERAGE. Attendance at Pottawattamie Teach-

ers' Institute Falls Below Mark Set. The enrollment of the County Teachers' institute yesterday was not as large as had been expected, not more than twenty names being added to Monday's list. Prof. Sawyer does not now look for a larger attendance than 225 to 250 teachers at this year's institute. Many of the east end teachers are waiting to attend the week's seesion of the institute at Avoca. In his address to the teachers Prof. Sawyer dealt upon those topics which he considered of particular importance to them: Promptness and regularity of attendance, the new monthly report cards, morals and manners as part of the public school system, and the reorganization of the district societies. He made the announcement that he could not possibly tute, as the law gave him no right to do so. Frank Snyder, the young lad arrested The program of the institute provided for Monday evening for shooting firecrackers in no afternoon sessions, but both Prof. Mowry country roads are washed out and bridges Monday evening for shooting heretackers in the streets, was fined \$10 and costs in police and Mrs. Rollins gave the teachers the are in bad shape. CONDITIONS IN IOWA

Rainfall Phenomenally Heavy in Small Portion of Central District.

About All that Could Be Desired-Weedy Cornfields Are Being Cleaned Out.

DES MOINES, June 27 .- (Special Tele-

Weather Conditions, on the Whole,

gram.)-The weekly report of the Iowa weather and crop service summarizes crop conditions as follows: The last week was slightly warmer than usual and the percentage of sunshine was about normal. The rainfall was phenome-

nally heavy in a small portion of the cen-tral district. Ames reports 4.61 inches, ac-companied by damaging hall and wind; Ogden 3.81 inches, and Marshalltown 2.0 inches. In the larger part of the state, however, the amount of rainfall was light and conditions were favorable for drying the soil and for general farm work. On the whole the weather conditions were about al that could be desired and fair progress habeen made in cleaning out the weedy corr fields. In portions of the southeast district planting operations have been continued or lands that were previously too wet, and the cultivation of corn on drier lands in progress with improved prospects. A the small grain crops are yet standing up fairly well, though unusually heavy on rich, moist lands. Haying has commenced in many localities with generally less than the average yield. The potato crop is very promising in all sections. Pastures are notably good.

Conditions have been very favorable for dairles and garden vegetables. Heavy rains visited the central portion again yesterday and a fall of moisture, almost amounting to cloudburst, is reported this morning from Sac City. The report has it that during resterday 7.49 inches fell, of which amount 72 inches fell inside of two hours. Every thing is reported as being flooded and there is very severe damage in the town and surrounding country. Aside from Sac City, Des Moines is reported as having had the heavjest rain, amounting to 1.42 inches,

Messrs. Larribee and Cownie, members o he State Board of Control, asked this morning regarding the strike of the pris oners at the Anamosa penitentiary, replied that they knew nothing concerning it except what they had learned from the dis patch. The strike originated early in the morning at the quarries, where about eighty men were employed. A few hours later the nen at the prison also refused to work. They claim that the rations furnished by the state were insufficient in quantity and inferior in quality. When asked about the ood, the Board of Control said the prisoners t Anamosa had received more than had any other state institution. The board also said that some complaint has been made about the way in which the food was cooked; that the convicts did all the cooking, and that the prisoners sometimes complained. Since the regiment band of the Fifty-firs has written the secretary of the state fair or an engagement during the week, the Des Moines business men, who have had in charge the Battle of San Juan produc tion, have organized themselves into a com mittee to try and get the entire regiment

FORTY THOUSAND ON STRIKE

Tin Plate Mill Operatives Plan to Walk Out Friday.

UNABLE TO AGREE OVER THE WAGE SCALE

Company Offers Eleven Per Cent Inerease and the Men Demand Twenty-Trust Owns All but

Four Mills in the Country.

CHICAGO, June 27 .- The American Tin Plate company, which, barring four mills, has a monopoly of the tin plate manufacturing interests of the United States, is facing the prospect of a general strike next Friday night, the result of which will be to close all its mills. Twenty-five thousand skilled workmen and 15,000 laborers are likely to be involved.

President Theodore Shaffer and Secretary John Williams, with a committee of the Amalgamated Association of Iron and Steel Workers, were in Chicago from Tuesday to Saturday night of last week in daily conference with the officials of the American Tin Plate company in the Marquette building. The committee is now back in Pittsburg and notice of a general strike, to begin Friday night, has been issued. While the officials of the company in Chicago deny there is any ill feeling resulting from the failure to agree over the scale, it was admitted that the company's mills are to be shut down. It was also practically admitted at the company offices that the shut down would continue until the wage scale was agreed to by both sides,

Second Vice President W. T. Graham of he tin plate company represented the company in the conference with the workmen. The committee and the Tin Plate trust officials kept the fact of the differences secret and it was not until the notice of the closing down of the mills was posted in Pittsburg that the news reached Chicago. Mr. Graham, speaking for the company, denied there was any feeling between the Amalgamated association and the officials over the wage scale.

Extent of the Differences. "The committee came here under instructions to ask for a 20 per cent increase and as we understand it it had no authority to accept anything else," he said. "The members of the committee were here several days. We submitted a compromise propo sition, but the committee said it had no authority to accept it and asked to submit it to the different unions. Our proposition was for an advance equivalent to that paid by the manufacturers of iron and steel sheets, approximately 11 per cent.

lasted only until June 30, there was nothing

left for us to do but shut down until the

company's proposition had been submitted to the various unions of the Amalgamated association. There is no talk of a strike.' The various mills of the great concern, the capitalization of which is \$50,000,000, are scattered over the eastern and middle states Elwood, Ind., twenty mills; Montpelier, Ind. rom the Black Hills to Denver is rapidly six mills; Atlanta, Ind., six mills; Lisbon. O., seven mills; Blairsville, Pa., one mill; Cleveland, O., three mills; Cincinnati O., ten mills; Cumberland, Md., five mills; completed one can make the trip in Ellwood City, Pa., five mills; Niles, O., six original Sidney stage route to the Black Pa., one mill; Connellsville, Pa., six mills; Middletown, Ind., six mills; Johnstown, Pa. four mills; Wheeling, W. Va., ten mills; Martins Ferry, O., fourteen mills; Philadelphia, Pa., six mills; Pittsburg, Pa., twenty mills: Gas City, Ind., eight mills; Cambridge, O., five mills; Anderson, Ind., six mills; Monnesson, Pa., fourteen milits, Newcastle SIOUX FALLS, S. D., June 27.—(Special.) Pa., fifty-six mills; Rennington, Pa., two The coroner's jury in the case of the 15- mills; New Kensington, Pa., twelve mills; PITTSBURG, June 27.—Secretary John agree on the tin plate wage scale. The lodges are asked to meet and again consider the scale. Special meetings will have to be held in order to decide upon what action shall be taken, and it will be a least two weeks before another conference can be arranged. The delay in arranging the tin plate scale will result in serious loss to the workers. A low estimate as to the loss in wages if a settlement is reached within two weeks, is over \$1,000,000, fully

three-fifths of which would be paid workers in western Pennsylvania if the plants continued in operation. Court at Fremont. FREMONT, Neb., June 27.—(Special.)—Judge Hollenbeck of Fremont is holding a short session of the district court here, convening this morning.
