FOR PURCHASE OF WATER WORKS. City Authorities Figuring on Levying

2-Mill Tax as Law Provides. The city authorities are seriously considering the advisability when it comes time to fix the tax levy this fall of levying the 2mill tax provided for in the statutes, to be used as a sinking fund for the purchase or erection of a water works plant. The contract between the city and the Council Bluffs Water Works company expires in seven years from now, and several of the alder men believe that the city should be in a position at that time to either purchase the plant or erect one to be owned by the municipality. Municipal ownership is daily growing in favor with the city fathers, and the levying of this tax would give them an opportunity to carry the plan into execution. Section 742 of the code, which gives the

"Tax-Sinking Fund-Cities of the first class shall have power to levy, in addition to the regular water tax authorized by law tax of 2 mills upon the dollar upon all he property within the corporate limits of said cities, excepting lots greater than ten acres in average, used for horticultural or agricultural purposes, for the purpose of creating a sinking fund, to be used as provided in this chapter for the purchase o erection of water works in such cities. The proceeds of such 2-mill levy shall be deosited in one or more solvent banks or trust companies of the city making such levy, at a rate of interest not less than 4 per cent per annum compounded semi-annually, and payable, principal and interest, on demand after sixty days' notice in writing. The city treasurer depositing the proceeds of such tax shall exact from the bank or trust company wherein such money is deposited a satisfactory bond payable to the city, to be approved by the treasurer and nayor of such cities, and to be filed in the

office of the city treasurer." Roughly based on an assessed valuation of the city of \$3,000,000 the 2-mill levy would bring in \$6,000 a year for seven years. This with interest at 4 per cent, as provided by the law, would make a fund of about \$45,000 although it is anticipated that the legislature will change the method of assessing, and that the valuation of the city will before long be restored to its former figure, which is something over \$4,000,000. If this should be the case, the fund would be proportionately greater. The question as yet has only been informally discussed among the alder men and other city officials, but it is said that it will likely come up before a meeting of the city council in the near future, when the matter will be determined on.

cial.)-Although the coroner's verdict in the n Marks, who was found dead in the field near his farm house south of town, is to the effect that he met his death accidentally, there are those who refuse to accept it as final and who declare that future developments will show that the man was murdered. Few of the people share this belief, however, and it is more than likely the coroner's jury is right in its decision. The father of the dead man agrees with this theory and so did the jury. They believe that Marks had found his stock in the oat field and started to drive them away. On his way to the field he picked up a pitchfork, the handle of which had been broken off in an irregular manner, leaving the end pointed and rough L. Tidball, was married June 28 to Albert with splinters. They think that in running through the field after the cattle the man stumbled, thrusting the tines of the fork into the ground and throwing himself onto the sharp end of the handle. This penetrated the side of his neck to a depth of two inches or more, making a horrible

Lister is Nominated. SHELDON, Ia., June 29 .- (Special Telegram.)-The Forty-ninth district republican convention deadlock was broken this afternoon on the 3,273d ballot by Sioux county, thirteen votes being cast for G. W. Lister of Osceola, making, with Osceola's five votes eighteen for Lister, as against the seventeer votes cast for E. C. Roach of Lyon by the counties of Lyon and O'Brien. A motion was at once made by Reinecker of Lyon that the nomination be made unanimous, which was adopted without dissent and Mr. Lister being called on made a short but felicitous speech which was enthusiastically received by the convention and audience. Mr. Roach and Mr. Hospers, the other candidates, made speeches in which they pledged their best

speeches were heartily applauded. J. F. Glover of Osceola presented the following resolution complimentary of Hon. Henry Hospers of Sioux county, which was uranimously adopted by the convention: "Resolved, That it is the sense of this

convention that the sterling honesty and great services of Hon. Henry Hospers to the people of northwestern Iowa and the state in general entitle him to distinguished consideration. Coming to America from his be loved Holland he has manifested in his life work and services, public and private, the noble traits and characteristics of a true and loyal American. He in the early days, as well as in the latter days of the history mann, mayor of New York in 1855-58, died of northwestern Iowa, has ever proven himtoday, 94 years of age. He was chosen mayor self a true and loyal citizen, and this convention expressed the hope that his health and strength may continue and that the people of the great state of Iowa may have yet further work and honors for Senator Hospers.'

The convention then adjourned in heat feeling, after one of the most notable contests in the political history of northwest ern Iowa.
