Exposition Purchase Fell Short of \$500 and The Bee's Profit Will Not Be \$25.

PRANG'S CONTRACT FOR 100,000 COPIES

Daily Bee Finds It Impossible to Collect for Material Furnished and for Advertising Articles of Incorporation.

OMAHA, July 10.—To the Editor of The Bee: My attention has been called to a column of misrepresentations in the World-Herald of July 9, regarding the business relations of The Bee and the Greater America Exposition.

One would imagine from the statements made that I had spent nine-tenths of my time in soft-soaping the exposition managers and using every means known to the art of persuasion to arouse public sentiment in favor of the second exposition, and in spite of the fact that we were receiving proverbs and discontinuances from out-of-town subscribers, while the World-Herald was quietly playing the claim and having it veiled and bulldozed into paying The Bee \$4,000 or \$5,000 for worthless pictures and charged up at extravagant prices, when in fact the total purchase fell short of \$500, and the profit on these sales will not amount to \$25.

MURMURINGS ON THE MIDWAY

Doings of the Show People During the Past Twenty-Four Hours.

Yesterday was one of the warmest days experienced on the Midway this season, the thermometer beginning to rise early as 10 o'clock in the morning and by four in the afternoon it registered as high as 93 degrees, but owing to the humidity in the atmosphere it seemed much warmer.

Mr. Dudley Smith, Secretary Greater America Exposition—Dear Sir: Replying to your favor of March 30 asking us for our lowest price for the purchase of the entire stock which we have on hand, all rights and titles and copyright privilege to the six pictures included, also to the six pictures included, but not printed, in the hands of the Tabor-Prang Art company, we beg to submit the following proposition:

We have on hand 20,744 single pictures without mats and 124 pictures with mats. Of these, 1,823 are in the form of sets with handsome portfolio covers.
