

ENTER UPON THEIR WORK

Members of New Executive Committee of Exposition Organize.

DEPARTMENT MANAGERS ARE SELECTED

Preparations Are Made for Putting the Show Upon a Business Basis, and That Without Delay.

The members of the newly organized executive committee of the Greater America Exposition have taken hold of the work that is before them and from now on they will enter into it with all the vigor possible, with the hope of having the exposition in perfect condition within the next few days.

Yesterday morning the members of the executive committee met and organized. H. J. Penfold was elected temporary chairman and the department work was divided as follows:

- Chairman—H. J. Penfold.
Buildings and Grounds—William F. White.
Publicity and Promotions—G. W. Claiborn.
Concessions and Exhibits—H. J. Penfold.

All of the department chief clerks were instructed to submit reports as to the number of people employed, the duties required of such employees and the labors performed by each. This is for the purpose of ascertaining information relative to the amount of help required to conduct the business.

While the committee was in session yesterday a telegram was received from Superintendent Galt of the Indian bureau, stating that he has secured the attendance of seventy-five Sioux Indians of the Pine Ridge Agency, together with their ponies and camp equipment.

There was nothing done with respect to making changes in any of the departments of the exposition, the members of the committee deciding to wait and investigate the needs of the several branches of the show before approving the printing plans.

Prior to the meeting the members of the committee visited the office in the Service building met the employes, looked over their books and casually examined their work.

The members of the committee do not anticipate any difficulty in financing the exposition, the treasury of which they found empty when they took hold yesterday.

The following expressions of opinion indicate the prevailing sentiment of the community as to the reorganization of the Greater America Exposition:

W. S. Lyman—I am not sufficiently informed as to the merits of the controversy to express an opinion on it. It is unfortunate that the trouble arose in the first place. As to the prospects of the exposition from now on, they seem to be excellent.

Herman Kitchin—I think the start of the exposition has been most unfortunate. While I was opposed to the continuance of the exposition this year, I think that the Bee made a mistake in the manner of its opposition.

J. H. Evans—The reorganization of the executive committee was the only thing, considering that there was an entire lack of harmony between, in such an enterprise there must be uniformity of action and if that was the only way to secure it, it was right.

G. W. Kelley—I certainly think that there is now every chance to make the exposition a success. Effort should be concentrated towards developing the colonial features and supplying music of the highest order.

done nothing since, and prepared to complete them with all possible speed.

It is the opinion of all of the exhibitors that from now on the exposition will move on and that within the next two or three weeks the crowds will begin to move in this direction.

As soon as the members of the committee straighten out the snags and crooks which they find in the exhibition affairs they will take up the matter of preparing features to attract the attention of not only the people here, but those from abroad.

The public is not yet aware of the gratifiers of the Greater America Exposition, as well as why the enterprise has been handicapped before and since its opening.

The real director general of the exposition was discovered yesterday at the meeting of the Board of Directors. A member of that board, "That important personage" was found to be Richard Metcalfe of the World-Herald.

The following music will be played by Godfrey's British band at the exposition today:

Mines building afternoon program, 2:30:
March—The German Flower.
Waltz—Love and Life in Vienna.

W. S. Lyman—I am not sufficiently informed as to the merits of the controversy to express an opinion on it.

Herman Kitchin—I think the start of the exposition has been most unfortunate.

J. H. Evans—The reorganization of the executive committee was the only thing, considering that there was an entire lack of harmony between.

G. W. Kelley—I certainly think that there is now every chance to make the exposition a success.

MUSIC UPON THE LAGOON

Stellar attraction that has been placed upon tonight's card. Acting under the direction of the officers of the exposition, Superintendent Kelly of the Department of Music has prepared a musical evening for tonight that gives promise of being a rare treat for those who attend the exposition.

All day yesterday workmen were employed in constructing the bulk of a large ship which is anchored to the bottom of the east end of the lagoon.

The boat will be brilliantly illuminated by Japanese lanterns, which will be hung from the masts and in the rigging.

For the accommodation of the public the exposition officials will take all of the seats, benches and settees now upon the Plaza and scatter them along the banks of the lagoon, thus giving an open place for thousands to sit and enjoy the music and gaze upon the beauty of the buildings and the illuminations.

The following music will be played by Godfrey's British band at the exposition today:

Mines building afternoon program, 2:30:
March—The German Flower.
Waltz—Love and Life in Vienna.

W. S. Lyman—I am not sufficiently informed as to the merits of the controversy to express an opinion on it.

DEMOCRATS OPPOSE FUSION

Douglas County Democracy Objects to a Union with Populists. THEY DENOUNCE TRUSTS AND EXPANSION Campaign is Virtually Opened and the Straight Democrats Agree Upon a Partial Program—Silver Question Ignored.

Omaha democrats, who stand forth for democracy because of their love for the party and its principles and who are opposed to fusion for the purpose of enjoying the fruits of the spoilsman, had a justification meeting last night.

"Expansion," "Trusts" and "Fusion" were treated from an "anti" standpoint, each the adviser delivered a series of addresses.

The subject of "Trusts" was handled by C. C. Wright. He admitted that thus far there is no means of stating reliably what the position of either party will be on the subject of this all-important matter.

Trusts Denounced. The subject of "Trusts" was handled by C. C. Wright. He admitted that thus far there is no means of stating reliably what the position of either party will be on the subject of this all-important matter.

Against Fusion. "Fusion," his remarks were especially felicitous and he spoke of the great pleasure it gave him to mingle with a crowd of democrats and be able to call them "my fellow democrats."

W. D. Oldham, deputy attorney general of the state, delivered an impromptu address which was heartily enjoyed. He eulogized the democratic party and predicted great victories for it in the future.

Marriage Licenses. The following marriage licenses were issued Thursday:
Name and Residence.
Age.

Joseph W. Porter to A. R. Murdoch, lot 6, Sweetman, subdiv. 4, 500.

NOW CONFIDENCE IS RESTORED.

Exhibitors Satisfied with Make-Up of Executive Committee. Exhibitors, concessionaires and all others interested in the exposition experienced a feeling of relief yesterday when they learned of the make-up of the new executive committee.

Yesterday, when the news of the reorganization of the committee became public, exhibitors who had been holding off commenced work upon their booths.

WOODMEN UPON THE GROUNDS.

The members of the executive council of the Woodmen of the World moved to the exposition grounds yesterday morning and took up quarters in the Nebraska building.

Shortly before he was removed from the executive committee of the exposition, J. B. Kitchin, manager of the Department of
