### FOUR HORSES AFTER PRIZE

Rich Merchants' and Manufacturers' Stakes Still in Judges' Hands.

SKILL AND SPEED SHOWN AT THE FINISH

Kingmond, the Strong Favorite, Wins a Heat, Following Which Honors Are Divided Among Well-Named Thoroughbreds.

DETROIT, July 19 .- The gamest struggle made in the Merchants and Manufacturers' \$10,000 stake since the inception of that annual event ten years ago was witnessed on the Grosse Pointe track today by more than 10,000 enthusiastic spectators and the sun went down leaving the result decidedly in doubt, after the four leaders had each been credited with one heat. In the third heat The Queen lowered Directum Kelly's 2:111/4 record, the best time in the Merchants and Manufacturers' stake until today, threequarters of a second. If horses' names count for anything those of the four leaders of the big event, Kingmond, The Queen, Royal Baron and Success, were entirely appropri-

So far as it went the race was a splendid exhibition of drivers' skill, combined with fast young horse flesh. Kingmond, the strong favorite of the day, encouraged his backers by getting a heat. Then the exciting finishes began. McHenry, in a wonderful drive in the stretch, pushed Success into a winning in an almost dead heat finish with Kingmond. Geers did likewise with The Queen in the third heat. He tried it again in the fourth, but The Queen failed to carry out her noted driver's wishes, "went up" in the stretch and Royal Baron rushed out of the bunch and took the heat, while another hitherto inconspicuous member of the aristocracy, Lady Wellington of Cleveland, followed close at the Baron's heels and got

Wilask gave Kingmond a close race in the first heat, Kingmond leading almost all the way by only a neck. In the second heat Kingmond, Wilask and The Queen were together to the head of the stretch, when Success got into the game and won the heat from Kingmond by the barest of noses. In the third heat Success and Kingmond approached the final turn neck and neck. But Geers then came out with The Queen and justified his reputation by the manner in which he took the heat away from the favorite. The bunch came up strongly toward the end of the fourth heat. The Queen and Kingmond were leading, when The Queen broke and Royal Baron came to the front and got his nose first beneath the wire. Lady of the Manor was played as the fa-

vorite in the 2:07 pace, but failed to satisfy her backers. The low mark of the day 2:061/2, was reached by Pearl Onward in this event.

Sphinx S, the favorite, got only place in mare, took second place to Owihee in the 2:20 trot. The track was fast and the day was cloudy and rather threatening. The Merchants and Manufacturers' \$10,000

Kingmond is the Favorite. DETROIT, Mich., July 19.—Before noon today more than \$10,000 had been bet in the pools on the Merchants' and Manfacturers' \$10,000 trotting stake, for which seventeen 2.24 class trotters will race this afternoon. Kingmond was favorite, bringing \$600 in pools, uggregating \$1,500. Later,

The weather is fine, although a trifle cool, if anything, and everything points to magnificent racing for the big stake. Street cars leading to the Grosse Pointe track are crowded, and yesterday's \$,000 attendance will probably be exceeded this afternoon.

York Athletle Club Meeting. YORK, Neb., July 19.-(Special.)-ork Athletic club's meeting held at York Afhletic club's meeting held at the fair grounds yesterday was one of the best meetings held in the state. In the events the York wheelmen captured a large number of prizes. Jake Geiger, one of York's racers, fell from his wheel and broke his shoulder blade. his companions had nothing whatever to do with the dynamite explosion, that they had fallen asleep in Carberry hall while waiting for the returns from the sympathy meeting at Cooper Union and were asleep at the time the explosion happened. The first they knew of the explosion was when they were aroused by the police.

While the police looked on the explosion as a dismal failure insofar as it falled to accomplish its evident purpose, they are not overlooking the possibility of anarchists being concerned in last night's plot, and the neighborhoods supposed to be frequented by men of anarchistic tendencies are being closely watched. The Fifth avenue and Third avenue lines shut down early in the afternoon, and the entire Nassau system was run under one-third schedule. One hundred and fifty police were transferred from Brooklyn to Manhattan borough tonight in anticipation of trouble with strikers on the Metropolitan Street Railway system. Street Car is Wrecked.

An attempt was made at 1 o'clock this morning to wreck a Park avenue car near Sands street on its way to Manhattan. A cable similar to those used to stretch electhe 2:27 pace and Dorothy S, a well backed tric light and telephone wires was tied across the street from post to post and a foot above the pavement. The car was coming at full speed and was a short distance from Sands street when it crashed into the cable. The fender was bent under the car, throwing the front trucks off the rails and the motorman, James Woodward, who says he is from Philadelphia, was thrown over the dashboard to the pavement and bruised about the shoulders and head. There were no passengers on the car. Six policemen were aboard, but they escaped with a shaking up. The work is attributed to strikers.

#### HAS NOTHING TO ARBITRATE

President of Cleveland Street Railway Makes a Statement-Cars Run Irregularly.

CLEVELAND, July 19 .- There was little here this morning. Cars were being run at irregular moments on nearly all the lines. No trouble has been reported since early last night, when a switch engine was blown up on Murray hill by the explosion of a big harge of dynamite.

President Everett of the Big Consolidated ompany declares that he is well pleased with the situation today. In regard to his conference with Joseph Bishop of the State Board of Arbitration, Mr. Everett said that the grievances of the employes were discussed at length, but Mr. Bishop did not propose that the grievances be submitted to arbitration.

"There is nothing to arbitrate," said Mr. Everett. "This is a free country and men have a right to quit work and others have a right to take their places without being prevented from working. There are plenty of men who are glad to take the places of the strikers, and we shall have their places all filled within a few days."

Mr. Everett asserted that men were constantly arriving from other cities to take the places of strikers.

The strikers have announced that they will make a statement to the public today. The police succeeded today in maintaining fairly good order along the lines of railroad in operation, though the task was a difficult one. Chief of Police Corner says he believes the men have lost the sympathy of the public to a large extent since the strike, and that he believes that is the reason why there is less disorder. few stones were thrown at cars passing the corner of St. Clair and Water streets during the noon hour, when the hundreds of employes in the cloak and clothing factories were out after luncheon. Several policemen invaded the factories to discover who threw the missiles, but they were hissed by the men and women employed there. Workmen in the factories at the crossing of Central avenue and the Pennsylvania railroad congregated at noon and hooted at the nonunion men, but no damage to cars was

The strikers maintain great reticence concerning their plans. They refuse to make a statement for publication. It was announced today that a big mass meeting will be held tomorrow night and it is stated that these strikers will publish a daily newspaper beginning tomorrow in which they can present their view of the controversy to the

people. Brewery Workers Get an Increase. CHICAGO, July 19 .- The Chicago breweries and their striking workmen have come to a wage agreement and all the breweries reopened today. The brewers have allowed their employes a slight increase in their pay by the hour and a shorter workday, although the request of the men for a 25 per cent increase, back to the scale of 1893, remains unsatisfied. The brewery workmen last year were paid \$17 a week for ten hours' work. Under the new scale they are to get \$16 a week for nine hours' work. While the week's pay is reduced the hour pay is slightly increased under this agreement.

No Change in Packing House Strike. KANSAS CITY, July 19.-Very little, if any, change took place today in the situation at the lockout of the Schwarzehild & Sulzberger packing house. The company's officials assert that additional signatures to their agreement have been secured since yesterday. There is no immediate prospect of a reopening, however. All of the employes

were paid off during the day. Longshoremen Still Out. CLEVELAND, July 19.- The 600 longshoremen who went on a strike at the Eric docks yesterday are still out. A number of vessels loaded with iron ore are tied up at the docks waiting to be unloaded. A meeting of the strikers will be held today to consider the situation. The indications are that the strike will be of short duration.

night for centuries Chinese guards were mounted on the towers that overtopped the wall, and they always gave timely notice of the approach of an enemy. Garrisons were stationed at every gate and natural passages through the walls, and towns sprang up at these encampments, many of which became important market places. Thus the wall really helped China to develop into a strong nation, for during the process the great barrier was of much assistance in keeping outside barbarians from molesting the country.

ENGLISH RAILWAY ACCIDENTS.

Slaughter Largely Caused by Antiquated Appliances.

There are probably comparatively few persons in England who have even a vague ides of the number of railroad men killed and maimed every year in the process of handling trains, although the subject was discussed not long ago in Parliament. The royal commission which was then appointed to investigate the whole subject, says the New York Post, has just held its first meeting, and some interesting and striking figures were given by the first witness, Mr. F. S. J. Hopwood, secretary of the railway department of the Board of Trade. He said that the total number of railway servants possession, but for the purpose of giving the killed in England and Walce in 1898 was 369, in 1897 395, and in 1896 340, and the total number injured in the same years were 3.549, said he had never used any such language. 3,554 and 3,401, respectively.
