

LEIDIGH AND POYNTER AGREE

John Hopkins of O'Neill Gets Commission as Warden of Penitentiary.

NEW MAN ALL READY TO ASSUME DUTIES

Place Will Be Vacated for Him About the Last of the Current Month, if It Came About.

LINCOLN, July 21.—(Special.)—The differences between Governor Poynter and George W. Leidigh have been amicably settled and John Hopkins of O'Neill was given a commission as warden of the state penitentiary. Governor Poynter decided several weeks ago to appoint this man to succeed Warden Leidigh, but for several reasons the appointment was held up.

There was considerable opposition to the appointment of Hopkins, chiefly by a citizen of Omaha, who tried to bring about the appointment of J. B. Jones, now grain inspector for Omaha. A few days ago Jones was reappointed and today Hopkins' commission, which has been held for some time, was delivered. Thomas Welch of Butler county will be retained as deputy warden. The demand made upon the governor for the appointment of Jones caused by a man who was considerable influence with the state administration, and it was necessary, before Hopkins was given the place, to find some position for him. While the position of grain inspector may not be as remunerative, it was gladly accepted by Jones as a compromise.

Warden Leidigh has consented to relinquish his office by the last of the month and Mr. Hopkins is now in the city waiting to assume his new duties. Contrary to the usual custom the appointment of Hopkins was not made public until after the resignation and the announcement will undoubtedly cause comment. When Mr. Jones was reappointed several days ago Governor Poynter announced that he had disposed of the last office. It is true that Mr. Hopkins was assured several days ago that he was going to be the next warden, but the commission was not delivered until today.

State Assessment.

The state assessment will probably be made in the auditor's office some time next week. Every county in the state has reported, but errors have been discovered in some of the abstracts and in each case the county has been notified to file a corrected report of the returns of the assessors. If any of these counties fail to submit corrected reports the state will assess it the full limit allowed by law.

Senator Shaal of Sarpy county was at the state house today. Lieutenant Mapes, formerly a major in the Second Nebraska Cavalry, and now with the Thirty-second United States volunteer infantry, has opened a recruiting station in this city. Applications for enlistment will be received until July 25. It is expected that within five or six weeks the regiment will have been organized and ready to start for Manila.

Private James F. Divine, Company B, having been elected first lieutenant, vice Patten, resigned, is discharged to accept promotion. First lieutenant James A. Patten, Company D, to be captain of Company B, vice Locke, resigned, to take effect from July 15. Private William H. Carson, Company B, having been elected second lieutenant, vice Pierce, resigned, is discharged to accept promotion.

Wants News of Morrissey.

Governor Poynter has made another attempt to secure information from the War department concerning C. A. Morrissey, who was captured with the Gilmore expedition on the Yorktown at Baler, P. I. Sometime ago Governor Poynter received a communication from the War department stating that no information as to the whereabouts of the soldier had been received. The immediate cause of the second dispatch is the fact that Lieutenant Gilmore, the man who led the expedition, has been heard from, but in the report from him no mention is made of Morrissey, whose parents reside in this city. The incidents of the capture of the Yorktown's boat and the soldiers were detailed several weeks ago. The gunboat was rescued at Luzon Island, for the purpose of rescuing fifty-three Spanish soldiers, three officers and two priests who were surrounded on the coast by about 400 insurgents. Lieutenant Gilmore and fifteen men, among them young Morrissey, landed to rescue the Spaniards and met with a shower of bullets. Two of their number were killed and the rest were captured. The father of the young man, who resides at 429 P street in this city, has communicated with the War department and was able to get any information as to whether his son is alive or not.

Don't Leave the City

Plenty of Proof Right Here in Omaha. Claim is one thing, proof another. Columbus claimed the world was round. Did people believe it? Not until he proved it. Unproven claims have made the people skeptics. Every claim made for the "Little Conqueror" is proven. Proven in Omaha by local experience. Here is one case from the many we have. Mr. A. H. Weber, 1200 Martha street, shipping clerk at Hanson & Co's, says he was troubled with a lame back for nearly two years. During the winter months when I caught cold it always settled in my kidneys and caused sharp shooting twinges across the small of my back, particularly after stooping when it was difficult to straighten. When I saw Doan's Kidney Pills advertised I went to Kuhn & Co's Drug Store and procured a box. I only took them a few days when I noticed their benefit. The pain in my back soon passed away and my general system was invigorated.

Doan's Kidney Pills

Doan's Kidney Pills are sold for 50c by all dealers. Mailed on receipt of 50c by Foster-Milburn Co., Buffalo, N. Y., role a cents for the United States. Remember the name, Doan's, and take no substitute.

PINGREE ATTACKS PRESIDENT

Makes a Statement Bearing on Relations Between Alger and Chief Executive.

CALLS PRESIDENT'S COURSE UNMANLY

Secretary of War Repeatedly Offered His Resignation and Accepted It in Take Effect January 2.

DETROIT, Mich., July 21.—Governor Pingree today handed to the Associated Press a signed, signed interview, giving what the governor asserts to be facts which are absolutely reliable, bearing upon the relations between General Alger and President McKinley, with which the public is not familiar.

At the outset the governor says: "I have no objection in saying that the course pursued by the president in this matter is little less than cowardly. It is, to say the least, very unmanly." Governor Pingree said his information did not come from General Alger, but from "one" whose knowledge of the facts cannot be disputed. Proceeding he says that repeatedly since the eastern newspapers began their attack upon Secretary Alger the secretary informed the president that if these press comments embarrassed the administration in the slightest degree he would resign at once, but the president as often protested emphatically that he had the utmost confidence in Secretary Alger and his conduct of the War department and that the country could not afford to lose his services. The governor says that after the secretary had been informed that the president would not accept his resignation he was informed that the president would not accept his resignation and that the president would not accept his resignation.

That Alleged Alliance.

As to the alleged alliance being a reason for the resignation of Secretary Alger's resignation, Governor Pingree says: "Long before my announcement that I would support General Alger for the senate I was told by the secretary of the Nebraska farmers that he had a grudge against a Black Hills miner. Sheriff Lancaster of York county, Nebraska, arrived today with requisition papers from Governor Lee for Captain Tod of the Black Hills army, who was wanted in York, Neb., for obstructing money under false pretenses. Captain Tod was turned over to the sheriff, but was met with a writ of habeas corpus good until 1 p. m. At that time Tod's attorney appeared before the court and demurred to the order of Governor Lee on the ground that the alleged charges in the complaint did not warrant such an order. The case has been adjourned until tomorrow. Captain Tod stands high in the community and he has a great many warm supporters who are backing him. He will carry his case to the supreme court. The case, as viewed here, is trivial and unwarranted."

TOD FIGHTING A REQUISITION.

He Will Not Leave Deadwood for York Without an Appeal.

DEADWOOD, S. D., July 21.—(Special Telegram.)—The case of Tod is becoming very interesting. It looks as though the Nebraska farmers had a grudge against a Black Hills miner. Sheriff Lancaster of York county, Nebraska, arrived today with requisition papers from Governor Lee for Captain Tod of the Black Hills army, who was wanted in York, Neb., for obstructing money under false pretenses. Captain Tod was turned over to the sheriff, but was met with a writ of habeas corpus good until 1 p. m. At that time Tod's attorney appeared before the court and demurred to the order of Governor Lee on the ground that the alleged charges in the complaint did not warrant such an order. The case has been adjourned until tomorrow. Captain Tod stands high in the community and he has a great many warm supporters who are backing him. He will carry his case to the supreme court. The case, as viewed here, is trivial and unwarranted."

FIRE RECORD.

Two Boys Perish in the Flames.

DENVER, Colo., July 21.—A special to the Times from Gunnison, Colo., says: Fire destroyed a portion of the town of Vulcan early this morning. The loss was \$10,000. Two boys were killed. The fire started in a barn and spread to the town. The fire was caused by a boy who was playing with matches. The fire was caused by a boy who was playing with matches.

Business Position of Fayette.

MILWAUKEE, Wis., July 21.—The entire business position of Fayette, a small town east of here, burned today. Included in the buildings burned were: Andrews & Richards' general store, E. L. Worrell's general store and post office, the hotel, Dr. T. J. Buckley's office and several dwellings. The loss is not heavy.

Car Burns at Cambridge.

CAMBRIDGE, Mass., July 21.—Fire this afternoon destroyed the car stables of the Boston elevated railway on River street, four dwellings, two stores, a carriage shop and a blacksmith shop, and also damaged other places. Loss is \$50,000.

Accident on Torpedo Boat.

LONDON, July 21.—An explosion on board the torpedo boat destroyer Bullfinch, on the Solent, during its trial today killed seven and injured eleven of those on board.

FORECAST OF THE WEATHER

Variable Winds and Threatening Skies Promised for Nebraska, with Lower Temperature.

MEIKLEJOHN IS NOT TALKING

Efforts to Draw Him Out on War Department Affairs Result in Failure.

CHICAGO, July 21.—A special to the Tribune from New London, Junction, Wis., says: George D. Meiklejohn, assistant secretary of war, is reticent in the matter of the resignation of Secretary Alger. It is understood that Mr. Meiklejohn aspires to succeed the retiring secretary.

Platt Will Urge Root.

WASHINGTON, July 21.—Senator Platt of New York is expected to arrive in Washington this evening. It is said he will urge the president to appoint Elihu Root as secretary of war.

VERY HOT IN SOUTH DAKOTA

Mercury Gets Up Above One Hundred Degrees and Crops Are Somewhat Damaged.

ABERDEEN, S. D., July 21.—(Special Telegram.)—Today is the hottest for many years, the government thermometer registering 106 above in the shade. Crops are damaged to some extent. The mercury is difficult to determine, but is estimated at 10 to 15 per cent early wheat; 25 to 50 per cent late sown.

Good Demand for Horses.

DEADWOOD, S. D., July 21.—(Special.)—A trainload of horses was shipped to St. Louis yesterday from Belle Fourche, where they will be sold at a great sale on the 25th. The horses are all in excellent condition.

STRIKE WEARS ITSELF OUT

Situation Shows Little Change and Cars Observe the Usual Schedule.

PRESIDENT ROSSITER TAKEN INTO CUSTODY

Complaint Charges Head Official of Transit Company with Libel—District Attorneys Will Enforce Ten-Hour Law.

NEW YORK, July 21.—In the boroughs of Manhattan and Brooklyn today the strike situation, generally speaking, remained unchanged. On Manhattan island cars on all the lines of the Metropolitan system were run on practically the usual schedule and at night the cars on Second, Sixth and Eighth avenues under police protection, although the claim is made by the conductors that there is no longer any necessity even for the policemen still guard the depots of the several lines. It is expected that they will be sent back to the stations Saturday or Sunday and if this is done little trouble will be anticipated with the strikers in the future.

The events of greatest interest during the day was the arrest of President Rossiter of the Brooklyn Rapid Transit company on a warrant issued by Magistrate Brenner charging him with criminal libel, Albert L. Johnson, former president of the Nassau railroad, being the complainant, and the notification to the different district attorneys within the district of New York that the ten-hour law was enforceable.

Dispute May Reach Courts.

The letters written by Mayor Van Wyck to each of the district attorneys of the four counties included within the city regarding the enforcement of the ten-hour law, it is thought, may result in a transference of the street car trouble of greater New York to the courts. After requesting the different district attorneys to bring the subject of the alleged infringement of the ten-hour law to the attention of the grand jury or magistrate having jurisdiction, the mayor writes that he is desirous of informing him of the violations of the law. It is thought that the attention of the district attorney in the county where the offense is committed and notifying him of the instructions sent to those officials.

ONLY A QUESTION OF MONEY

Continuation of Strike Depends on Financial Support of the Men.

NEW YORK, July 21.—General Master Workman Parsons was asked last night what he would do if convinced that the street car strike is a failure.

Remember that cholera morbus, cholera infantum, summer complaint, bilious colic, diarrhoea and dysentery are each and all catarrh of the bowels.

Catarrh is the only correct name for these affections. Pe-ru-na is an absolute specific for these ailments, which are so common in summer. Dr. Hartman, in a practice of over forty years, never lost a single case of cholera infantum, dysentery, diarrhoea or cholera morbus, and his only remedy was Pe-ru-na. Those desiring further particulars should send for a free copy of "Summer Catarrh." Address Dr. Hartman, Columbus, O.
