Friends of First Regiment Called On for Aid for Their Dear Ones.

## ARTICLES SHOULD BE FORWARDED AT ONCE

Transport Hancock Delayed a Day or Two by Break in Machinery.

## MUSTER OUT WILL TAKE THREE WEEKS

Regiment Not Likely to Return to Nebraska Before the Latter Part of August or First of September.

LINCOLN, July 25.—(Special.)—The military authorities of the state are in receipt of several telegraphic communications from Adjutant General Barry, who is now in San Francisco with Colonel Stark, awaiting the return of the first regiment. From information received at San Francisco it is learned that there is some likelihood of an epidemic of pneumonia on board the Hancock and steps have been taken by Adjutant General Barry toward supplying the returning soldiers with proper and suitable clothing when they arrive. To this end he has requested friends and relatives of the soldiers to send chest protectors and other articles of clothing to be delivered when the troops arrive, which, it is now expected, will not be before the first of next month. The following dispatch was received this afternoon from Chief Clerk Ayers of the adjutant general's office:

"SAN FRANCISCO, Cal., July 25.—I, J. Ayers, Adjutant General's Office, Lincoln, Neb.: I recommend and urge as a precaution against pneumonia that friends and relatives of each soldier of the first regiment Nebraska volunteers send at once by mail extra thick chest protectors, cut for front and back. See physicians for details of making them. The government does not furnish these. The best medical authorities here endorse them. The press to give publicity in best position in newspapers and to call attention to the fact that town people should notify those in the country. Rush forward extract of orders relating to provisions in the first regiment."

"P. H. BARRY, Adjutant General."

The transport Hancock has been delayed a day or two on account of a break in the machinery, though not serious, necessitating a stop for repairs. It is estimated here that the regiment will not return to Nebraska until the latter part of August or the first part of September. The work of mustering out the troops will require about three weeks time and possibly more.

Chief Clerk Ayers this afternoon addressed letters to the postmasters of each town represented in the regiment requesting them to secure the publication of the dispatch received from Adjutant General Barry. The letter sent out by Mr. Ayers closed with the following:

"Too much cannot be done for the care and comfort of the boys who have fought so gallantly and bravely and who have not only won for themselves the distinction of being heroes, but have bestowed honor upon the great state of Nebraska and this republic, and found a warm place in the heart of every law-abiding and liberty-loving citizen."

The parents of young Morrissey, who was captured with the Gilmore expedition at Baier, P. I., have been unable to get a reply to their numerous telegraphic inquiries regarding their son and today the following dispatch was sent to the War department:

"LINCOLN, July 25.—George D. McKeljohn, Assistant Secretary of War, Washington, D. C.: Has the War department any information of Morrissey, reported missing with the Gilmore expedition, and if so, please promptly direct to the War department inquired of you on the 20th inst., but received no reply. Please answer immediately."

"GILBERT, Lieutenant Governor."

## CUBANS ARE NOT SATISFIED

Want United States to Make Formal Declaration of Its Intention Toward the Island.

HAVANA, July 25.—A recent meeting of the veterans of the Cuban war of independence is causing considerable comment. Cayetano Rodriguez presided at the meeting, at which the organization declared itself to be the only legal representative of the Cuban revolution. A resolution was adopted demanding that the United States make formal declaration of its intentions and support rights based upon the resolution passed by congress in April, 1898. The Cuban commissioners recently appointed were criticized, the speakers saying that they were mere nonentities and unknown men, in whose work the public would have no confidence, and that a census so taken would be unacceptable to the Cubans. General Andrade said the United States was fast sucking Cuba dry.

Guillermo Gomez said if President McKinley would not consider an appeal favorable to the Cubans knew what steps to take to rid the island of the heel of foreign imperialism.

Messrs. Collazo, Guaberno Gomez, Cisneros and Andrade were appointed a committee to present a memorial to the authorities at Washington. This committee is composed of men antagonistic to everything done by the Americans here and who never fail to utter and print inflammatory remarks whenever the opportunity offers regarding Cubans holding office under the United States, a feeling that these officeholders do not represent anybody but a few fire-eaters who have been now appointed to represent the Cuban veterans.

The action of the meeting of Cuban veterans is regarded as affording confirmation of the belief that manifestos recently issued had behind them the support of a number of former Cuban officers.

SANTIAGO, July 25.—The celebration of the Fiesta de Santiago began late last night with the arrival from New Orleans of Mr. Francisco de Barnada, the first Cuban archbishop appointed by the vatican. ## CONFERENCE IS SURPRISED AT ITS SUCCESS

William T. Stead Believes that Results at the Hague Mark Long Stride for Civilization and Humanity.

PARIS, July 25.—The Republic Française, referring to the reciprocity treaty between France and the United States at Washington yesterday, says:

"Washington dispatches announce the consummation of the Franco-American treaty. An enormous blunder against which the world has been commiserating and which M. Miller and Delcasse have betrayed French industry and agriculture to the United States and in these two branches of our national production ruins will be healed on time. True, the treaty has not yet been signed, but we affirm that it will not be without discussion. Industrial and agricultural associations on every side are becoming agitated and manifold protests are being made and when the Chamber reassembles the government will find itself face to face with an opposition formidably equipped with articles here and there which will certainly lay bare the fatal consequences of the convention, whose cruelty betrays French interests."

## Satisfaction at Washington.

WASHINGTON, July 25.—The signing of the Franco-American reciprocity treaty is accepted in official quarters, government and diplomatic, as not only a desirable trade arrangement, but also another evidence of the friendly political ties between the two countries. Expressions to this effect were exchanged during the latter days of the negotiations between those highest in authority on both sides, and it is understood that the report on the arbitration scheme proposed by Chevalier Des Champs, the Belgian delegate, which the committee approved and the plenary conference adopted without modification.

The question whether governments not represented at the conference may, by accepting the terms of the arbitration board, secure the advantages thereof without first obtaining the consent of all the signatory powers, occasioned a long discussion. It is said the vatican has not yet given its assent to the arbitration board. The conference arose without deciding the question.

## Views of William T. Stead.

THE HAGUE, July 25.—"I have seen the American delegates and they talked freely about the conference, but refused to make a statement about the results before the conference rises. The following, however, may be accepted as a fairly accurate summary of the views they expressed together. The result surprised a great success, much greater than the delegates anticipated, and the result was achieved largely by the amount proper of capable men from all parts of the world, determined to accomplish something worth their assembling together. ## LANDS OPEN FOR PURCHASE

Decision of Secretary Hitchcock Closes the Cass Lake Controversy and Settlers May Remain.

WASHINGTON, July 25.—Secretary Hitchcock today finally disposed of the Cass Lake (Minn.) controversy. He announced that the government would sell in parcels the north half of section 15, which comprises nearly the whole town of Cass Lake. The 500 or more intruders are located chiefly on this half section and on the northeastern part of section 15. They will have to remove from section 15 as soon as possible.

The decision of Secretary Hitchcock closes the controversy over the proposed ejection of the intruders from the Cass Lake town. The reservation lands, Senator Nelson, who subsequently left for Norway for the first time since he left the land of his birth, was present when the announcement was made and expressed his satisfaction. This makes the lands open for all purchase.

SAN FRANCISCO, July 25.—The steamer Bertha arrived this morning from St. Michael, with sixteen survivors of a party of 170, who were on a wild trail in charge of Purser Kees. The largest amount brought down by one person is \$75,000. The purser says that there is wealth in the Cape Nome district and declares that there is no truth in the stories of failure to find gold which have been published.

Details of the loss of the Bens expedition are told by passengers. Out of a party of seventeen people who left Port Townsend June 11, 1898, for Kotzebue sound to prospect for gold only one survives and that is Mrs. H. W. Bens of Kentucky, who had been taken care of by the crew of the Bertha. She will go to Bay City, Mich., where she has a mother, brother and sister.

Said ordinance provides that rates of fare shall "not be more than 5 cents." The mayor suggested that the council pass amendments to the ordinance fixing the rate of fare at 3 cents.
