and Wheat-Provisions Firm.

CHICAGO, July 25.-Unexpectedly light receipts and further reports of damage from the northwest caused a rally in wheat today, September closed at an advance of Corn and oats rose %c each. Provisions suffered from Hquidation. Pork lost 121go, lard 5971gc and ribs 21gc.

An estimate of 225,000,000 bu, as the probable yield of the spring crop in Minnesota and the two Dakotas started wheat rather casy. September opened %c lower at 70%0 70%c, advanced slowly to 70%c, then deelined to 70%c. A report from Paris that the French crop this year would equal that of a year ago had a depressing influence during the first two hours' trading. After that, however, the market took a sudden upturn and continued strong until the close. eptember advanced to 71%c and closed at

September advanced to 71%c and closed at 71%q71%c. The change of sentiment was brought about by a flood of damage reports from the northwest, some of them placing the injury already done spring wheat at 20 to 25 per cent.

The smallness of primary western receipts was also an inspiration to the bulls, today's receipts for the first time in several weeks being less than for the same day a year ago. Chicago received 186 cars, nine of contract grade. Minneapolis and Duluth got 232 cars, compared with forty-two the same day last week and 177 a year ago. Exports from the Atlantic ports were 337,000 bu. Frimary western market reago. Exports from the Atlantic ports were 227,000 bu. Primary western mark t receipts amounted to 657,000 bu. compared with 1,120,000 bu. the corresponding day last week and 756,000 bu. a year ago.
Liquidation owing to heavy receipts weakened corn early, but the loss was more than recovered later on buying against puts and in sympathy with the advance in wheat. Crop reports were less promising than heretofore and country offerings extremely small. Receipts, 915 cars. September opened 4c lower at 315,67315c, declined to 315,63114c and advanced to 32c at the close.

ber opened 3c lower at all attach.

to 3146314c and advanced to 32c at the close.
Oats followed other grains, opening at the low point and closing at the top. Reports from various sections say that the new crop is running to straw. Receipts, 379 cars. World's visible decreased 1,419,000 bu. September opened a shade lower at 19%c, sald sparingly at 19%c and advanced to 19%019%c at the close.
Provisions opened firm, but collapsed under free selling by packers and commission brouses. This latter selling was principally on stop loss orders. Part of the decline was recovered in sympathy with the advance in grains. September pork opened 2½c lower at 39, advanced to 39,02%69,05, declined to \$8.90 and advanced to \$9.91 at the close. September lard opened unchanged at \$6.47%, rose to \$5.50, declined to \$5.37% and closed at \$5.40%6.42%. September ribs opened a shade higher at \$5.17½06.20, declined to \$5.10 and closed at \$5.17½06.20, declined to \$5.10 and closed at \$5.17½06.20, declined to \$5.10 and closed at \$5.17½07.20, declined \$5.10 and closed at \$5.17½07.20, declined \$5.10 and closed at \$5.

Whether of bearish or bullish belief, traders were cautious at first, being of a singular turn of mind. The first call showed 10 points up to 1 lower. The leading factors tending to restrain bear selling consisted of more or less mind. The first call showed 10 points up to 1 lower. The leading factors tending to restrain bear selling consisted of more or less geenral belief that the custanding long account had been pretty well eliminated from the situation, the market, it was thought, being quite heavily oversold, principally by the London crowd. Cotton crop reports were good, with low prices for the staple, which led to fears that the investment public might re-enter the market; the longs were equally at a loss as to which way to turn, inasmuch as advices of the crop subject indicated splendid cenditions almost over the entire belt, while English market. ject indicated spiendid conditions almost over the entire belt, while English market over the entire belt, while English marketnews proved singularly disappointing. It
was, therefore, not unnatural that traders
should hesitate. Many traders gave attention during the day to the rounding up of
straggling accounts and better straightening out of interests in the August option
and reinvestment in the latter months,
near the end of the session prices went off
several points on liquidation. The market
closed barely steady at a net loss of 367
points.

Totals 2,852 11,433 1.580 CATTLE-Today's market in cattle might CATTLE—Today's market in cattle might be summed up as a good, steady to strong and active market. All told there were 110 fresh cars of cattle in the yards, of which sixty loads were cornfed beef steers. The demand for that kind of cattle was good and buyers were out early and soon picked up everything in sight. Good beeves were strong and active, and even the medium grades sold a little more freely, though the market could not be called any higher. The average quality of the fat cattle showed up pretty well, and there were several loads good enough to bring \$5.60.

were several loads good enough to bring \$15.50.

Something like twenty loads of cows and heifers were reported on sale, the most of them westerns, there being ten loads of the Bartlett Richards cows in one bunch. The market on cow stuff was just about steady, though buyers and sellers did not get together on them quite so readily as on the fat ateers.

There was quite a sprinkling of stockers and feeders among the receipts of cattle. Light stock cattle were, if anything, a little weaker than yesterday, though the market was quoted considerably tower yesterday. On the other hand there was more country inquiry for heavy feeders, and the market on that kind of cattle was a little stronger. Some good sandhill feeders sold at \$4.50, and some other westerns, not quite so good, at \$4.40.

Practically everything in the yards was sold and weighed up early in the forenoon. Representative sales:

SHEDP—The story of today's sheep market is soon told—there were seven loads here and they were sold early at steady prices. Buyers seemed to wait a few killers and were out early and took what was offered at prices that were entirely satisfactory to the sellers. South Dakota wethers brought \$4.15, and Oregon wethers and ewes \$3.90.
