HEAT KEEPS PEOPLE AWAY

Warm Weather About the Only Feature of the Exposition.

GROUNDS AND BUILDINGS ARE TOO HOT

Night Brings Some Relief, But with it Comes Threatening Weather and the Town Folks Remain at Home.

Friday, Venetian Carnival Day. m.-Indian band, Grand Court

m.-Godfrey's British band at the

At the exposition yesterday life was hardly worth the living. It was a regular old roaster with the mercury lurking up in the shade of the century point. All day long the sun shone with a heat that seemed to come from the mouth of some blast fur-In fact it was so hot that few people ventured out during the day and those who were upon the grounds kept in the shade of the big buildings. Night brought some relief, but the threatening aspect of the weather kept people at home, so that everything considered, the attendance was the lightest of any day since the opening.

Late in the afternoon the executive committee held the daily meeting, devoting the greater portion of the time to the consideration of routine matters. It was ordered that some date between August 20 and 25 be set aside as Sioux City day, the merchants and business men of that city writing that they desire a day set aside for their benefit. Regarding this matter, the details were turned over to Superintendent Cutright of the Department of Publicity, who will go to Sioux City to complete the arrangements.

The Indian band was engaged for another month, their first term of service having ex-The resignation of S. M. McCowan as su-

perintendent of the Indian bureau was accepted and former Assistant Superintendent Gaines appointed to fill the vacancy. Races as follows were scheduled for Saturday afternoon, beginning at 2:30 o'clock; Two pacing, three running and a number of

Indian foot and pony races. An order was issued permitting the closing of the Government building at 7 o'clock each evening.

HAS FELT THE EFFECTS OF WAR.

Filipino Who Was Once Wealthy Among the Filipinos who are now at the exposition there is one man, Felix Durano, who three years ago could have drawn a check for \$250,000 and have had it cashed. Today, however, his check would be worth little more than the revenue stamp, no matter for how much it might be drawn.

Felix Durano is not yet 30 years of age. yet he is highly educated and speaks several years ago. The young man was the son of wholesale dealer in silks who resided in of Luzon and married there. After reaching his majority, the father engaged in the silk business in a small way and soon amassed a fortune. One son-Felix-was born. When this boy was 14 years of age he was sent to Madrid to be educated and returned to Manila four years ago. After his return he became a partner in the business with his father and they made money very rapidly until three years ago, when the commenced to levy taxes that practically re-sulted in the confiscation of the property. Gradually the property went to pay taxes and the final stroke came two years ago. when the Spaniards looted the big store of the Duranos and carried away about all of the goods. The young man had money in the bank and horses and cattle in the fields, but they went to pay the debts of the Spanish government. At last nearly everything was gone and the proud scion of the once aristocratic Durano family shipped before the mast, going into the employ of a mer-chantman. He made a number of trips to China and Japan and returned just in time to find his country at war with Spain. He took up arms and fought for the liberty of the Filipinos, quitting the field soon after Dewey destroyed the Spanish fleet. At the time of the great naval battle Durano was in the interior of the island and was in command of a company of native troops. Believing that war was at an end, he returned to Manila and engaged in business again but was not successful. He remained there until about two months ago, when he started for America.

WEST MIDWAY SCORES ONE POINT. For the Present the Indians Will Re-

main on the North Tract. During the past week the concessionaries on the two Midways have been making the flyes of the members of the executive committee anything but pleasant, and all on ac count of the Sioux Indians. Before the Indians arrived, the information was given out that they would be located on the Bluff tract, just south of the Horticultural building. When the announcement was made, spirits of the concessionaries on the East Midway went up several degrees. They realized that the Indians would prove a star attraction and that their presence would draw large crowds to that part of the grounds. The concessionaries realized the same thing and at once commenced to lay their plans to keep the red men in the

vicinity of the Transportation building. The fight between the concessionaries upon the two streets was a spirited one and at this time it is apparent that the people who occupy the west street have scored a victory, for all work on the Bluff tract in the way of laying sewers and water mains has been discontinued and the tepees of the Sloux have been erected in the open space between the Transportation building and the West Midway.

FULL OF RARE AQUATIC PLANTS.

Pool on Bluff Tract Converted Into Water Garden. The pool on the Bluff tract, just to the north of the Horticultural building, has been converted into a water garden that attracts the attention of all of the visitors who visit that portion of the exposition grounds. Water Hites and flags are scattered about in large numbers and in addition to these there are many plants from Florida and

other southern states, all of which seem to be doing as well and growing as rapidly as though they were in the swamps and lagoons of those states. An attractive feature of the pool on the

Bluff tract is the fringe of electric lights placed along the edge just below the coping. These lights are placed about twelve inches apart and just above the water. They are so arranged that when the wind creates tittle waves, the water glistens and sparkles until it looks as though it is filled with diamonds. In the center of the pool, a few feet above the water, something like fifty lights are festooned among the plants, giving them a rich glow at night

of Venice at the Greater America Exposition tonight. Fine music will be played by several bands and the same vocal features will moor at the Government building wharf, will be in evidence a those which have been where it will be met by a British vessel as in the past. cure to Yellow Dog. SCENES ALONG THE MIDWAY Wedding is Scheduled for Saturday

Evening in the Streets of Cairo. There are to be two events in the Streets of Cairo Saturday evening. One is to be battle of confetti and the other is a wedling. The former will be an occasion when everyone will be at liberty to throw small pieces of colored paper at everybody else. The wedding will be a real matrimonial alliance. Two of the people of the streets have formed a warm attachment for each in favor of Farnsley to take possession of other and Colonel Ninci has advised that the goods without process of law, which atthey marry. The ceremony will be public and will be performed by one of the priests, taking place in front of the theater.

The Deep Sea Diving is proving to be an educational feature, as well as an amusement, and the fetes performed by Captain Sorcho in the tank of water are very instructive to at least the people living in the interior away from where diving is car ried on. His latest feat is to go to the bottom of a tank and go through the operaion of raising a wrecked vessel. To do this he takes with him numerous pumps which he works in and around the hulk of the vessel. Having completed the task, the sunken ship pops up to the surface almost instantly. His method of raising dead people and sending them up to the surface is another interesting feature.

The Filipinos were all taken to the Waragraph yesterday, where they gazed upon the movable pictures, representing the battle of Manila. Many of these people were in Manila when the fight occurred and they

recognized several of the scenes. "That's where I left my good, right arm, remarked a veteran as he stood inside the Cyclorama yesterday, gazing upon the pic-ture of the battle of Lookout Mountain. This man said he was in the fight from first to last, and while looking over the field, in-

dicated numerous points of interest. The Natads' Fountain attracts the city peo ple, who never seem to tire of looking at the illusion. How the girls can be made to appear and disappear is what surprises everyone.

The work of constructing the huts in the Hawatian village is about finished and the men and women from the islands are about ready to move into the habitations that are said to be exact counterparts of those occupied by the poorer classes.

Painting the nude continues to be a feaure that attracts many. The work is performed in such an artistic manner that the most fastidious are not shocked.

Olympia Sails from Trieste. The event of the day at the Greater Amerca Exposition will be the sailing of the "Olympia" under sealed orders from the east end of the Lagoon down to the Venetian Bridge between the Arch of States and the Administration Arch. Of course, curlosity is rife as to the final destination of the big ship and this curiosity is intensified by the No one should miss seeing the Carnival fact that Dewey is not on board. It is said in naval circles that the end of the trip will occur on Friday night and that the vessel

evening. It is said at the Admiralty office that the illuminations of the Lagoon a Venice will be of a remarkable nature, Jap anese fanterns being relegated to the back ground, while the highest perfection of the pyrotechnic art will be called out in order to make the Venetian carnival a complete success. The Olympia will probably get under full head of steam, weigh anchor and roceed this afternoon about low tide, while all the other vessels in the harbor will fire a salute. It will be under command of Rear Admiral Rustin.

dispute is over money said to have been loaned on the stock. A hearing in the case will be had August ! Birdie Terrell has been bound over to the district court in the sum of \$800. She is charged with having relieved John Bohn of about \$60 in good hard coin of the realm. Mr. Bohn says he enjoyed a social glass of beer with Birdie and her friend,

Stamm, but found after taking leave of the girls that he was shy his coin. The Stamm girl was released. The suft of George B. Curry against the city was to have been tried in Justice Kin-kaid's court yesterday, but a continu-ance of thirty days was taken. Curry sues the city for his wages as police officer from the time of his discharge in July, 1895, ur til his reinstatement in September. He claims the charges of incompetency pre ferred against him at the time were never proved and that his discharge was due to

political and personal reasons. The amount

revision of the figures shows that 2,000 carloads of dirt will have to be moved. What to do with this immense quantity of dirt is a question which is still unsolved. It has been suggested that the dirt be used to fill in some of the holes and gullles in the Third ward and with this object in view a conference between Mayor Ensor and General Manager Howe will be held. The city can use the dirt to good advantage on a number of streets and alleys near the Armour plant and it is possible that some arrangement will be made whereby the city can get

some filling done at little or no cost erable damage. Mayor Ensor proposes to were sent to the bottom by Dewey. council at the next meeting and it is probable that some action toward securing this dirt will be taken. Complaints are concently being made about the condition of Twenty-fourth street and Railroad avenue lard. and now that the opportunity is offered for repairs at a very moderate cost it is thought that the council will not besitate.

Operation on Callahan It was the intention of the doctors at

the hospital to perform an operation on Ed Callahan yesterday afternoon, but the condition of the patient forbade it, and It may be tomorrow or next day before the attempt is made. The physicians propose to unite the artery which was severed by a bullet in order to stop the hemorrhage and to cut out the bullet which severed this artery. This bullet is now lodged in the shoulder and is near the surface. No danger is apprehended from the operation W. I of removing the bullet, but it is feared that the shock of uniting the artery may result in a sinking spell from which the patient may never recover. Yesterday Callahan made a statement to County Attorney Shields, telling the whole trouble. He said that Shanahan shot him without provocation. The statement was taken down by a stenographer, but the county attorney refused to make it public.

Public School Matters.

In connection with the repairs being made to the public school buildings the paper on the walls of about thirty of the rooms is being cleaned. This cleaning will cost about \$2 per room and will prevent the necessity of repapering the rooms at this time. Quite a number of the desks in different buildings are being scrubbed and revarnished. The cost of dressing over the desks is slight, amounting to only 25 cents per desk. Architect Kiewit is working on the plans for the remodeling of a number of rooms at the school houses where basement rooms are to be used in order to take care of the increase in pupils. It is thought now that no attempt to secure an injunction preventing the Board of Education from purchasing the Twentieth and O street site will be made, as the feeling in the matter seems to have quieted down.

War on Slot Machines

County Attorney Shields evidently became alarmed at the testimony of William Adair when the witness testified that he and others spent some time playing a slot machine at Duffy's saloon, for yesterday afternoon Assistant County Attorney Thomas turned over to Judge Babcock a number of complaints street Thursday evening. against those who were supposed to be the slot machines in the city will have dis-.. Clerk Carnenter Returns.

City Clerk Carnenter returned yesterday afternoon from a month's tour of the west. cific coast, and as is usual in his trips he .. Trotere advertised South Omaha as the greatest packing center in the country. In coming from Washington here Mr. Carpenter noted that the crops all along the line of the Union Pacific were in excellent condition and a bounteous harvest is predicted. In speaking of conditions at Seattle Mr. Car- S. penter said that prospectors for the Klondike generally bought South Omaha meats, as they considered them the best to take on l a trip of that kind.

Shanahan's Preliminary Examination Police Judge Babcock was engaged all day yesterday in listening to the testimons in the Shanahan-Joyce murder case. The testimony was practically the same as that given at the coroner's Inquest. Shanahan was in court and occupied a seat directly behind his attorney and wife. He seemed to take a lively interest in the proceedings and watched every question of the county attorney. At 5 o'clock Judge Babcock adjourned court, leaving several witnesses for the state uncalled. It is understood that these witnesses will be called today along with any that Shanahan wishes to produce.

READY FOR THE CAMPAIGN Republican Judicial Candidates Select Seven Prominent Party Work-

ers as a Committee.

Five of the republican candidates for th judiciary met together yesterday afternoon and selected the committee which will be in charge of the judicial campaign. This action was taken in pursuance with the resolution passed by the judicial convention empowering the candidates to select their ommittee with the following representation: One member from each of the outside counties and four from Douglas county. The judicial candidates who made the se lection were Judges Baker, Fawcett, Dickinson, Baxter and Estelle. Judges Keyson and Stabaugh were out of the city, although

KIDNEY TROUBLE. The Most Prevalent, Dangerous and Deceptive Disease.

Thousands Have It and Don't Know It Pains and aches come from excess of uriacid in the blood, due to neglected kidney trouble. Kidney trouble causes quick or unsteady heart beats and makes one feel as though they had heart trouble because the heart is overworking to pump the thick, kidney-poisoned blood through he veins and arteries.

Soreness or uncomfortable feeling to the

ack indicates kidney trouble of 20 small mportance. The passing of scanty or profuse quanti es of urine is a warning of kidney trouble f you want to feel well you can make no mistake by first doctoring your kidneys.

The famous new discovery, Dr. Kilmer's
Swamp-Root, is the true specific for kidney bladder and urinary troubles. It has cured thousands of apparently hopeless cases after all other efforts have failed.

Sold on its merits by all druggists in fifty-cent and one dollar sizes. A sample bottle sent free by mail to any address Also a book telling all about Swamp-Root and its wonderful cures. When writing, address Dr. Kilmer & Co., Binghamton, N.

a stranger and the two walked on to-ther. They soon found a padlock in the thought that Judge Keysor would be here to attend, but he left Wednesday night. committee named consists of H. H. Baldrige, chairman; Fred M. Youngs, Omaha; W. G. Whitmore, Valley: L. C. Gibson South Omaha, representing Douglas county C. W. Conkling, Tekamah, Burt county, H. Claridge, Blair, Washington county, and Arthur Spearman, Springfield, Sarpy

county. The committee is considered to be a splen did one. All of the members are preminent republican workers and have sufficient familiarity with the political situation so that the judges are well satisfied they will carry the ticket through to an overwhelming victory. All of the appointees have not as yet been notified, but there is no doubt Lieutenant W. W. Buchanan of the United of their acceptance. While Judges Keysor Monterey, stationed at and Slabaugh did not participate in yester
