Exenssion Party of the Cincinnati Enquirer Household Club Stops in Omnha and Takes in the Big Show.

The attractive powers of the Bellstedt band were proved by the unusually large attendance last night, without any other special feature except the fireworks to draw the populace.

The Piaza was filled with a crowd of enthusiastic music lovers who applauded every beautiful models have been added and new number to the echo, and Bellstedt was the lion of the hour.

The afternoon concert was one of extreme interest and was listened to by one of the Mr. Bellstedt played a cornet solo which was well received and the soloist responded to the generous approbation with another number.

The evening concert was made up of some of the best gems in the repertoire of the band. It closed with the ever-popular "Stars and Stripes.

The soloists of this band deserve more ful work of the exceptionally talented drum-mer and "battery" man, Mr. Nickell, has attracted much attention. His dynamic effects are more than ordinarily strong and his delicate work is interesting. The playing in ensemble is marked by

specially careful treatment and it shows earnest rehearsal.

Mr. Bellstedt will give request programs every Friday evening and Sunday after-Those who wish to be entertained in listening to their favorite compositions can hand the names to the conductor, or mail them to the musical director.

A move is on foot to arrange for a lengthening of the time devoted to the evening concerts and will doubtless be taken under advisement in the near future by the executive committee. The great majority of the people who attend these concerts are pens in the rural and other districts began Mr. Maul was a member of the following Omaha people who have seen the Midway, or most of it, and they do not like the idea of vitation to go through the attractions of that place.

This year the outing trip selected includes a visit to Omaha, Denver and surrounding attractions, Salt Lake City returning to Cincinnati via Kansas City and St. Louis. It is its tenth annual excursion and will cover a distance, including side trips, of about 4.680 miles. Twelve days will be occupied by the trip.

The annual outings have proven of such great success that there is always a livel demand for admission into the excursion party. This year the limit was placed a 160, but long after the lists had been fille there were applications from many hundreds who necessarily had to be disap pointed as it is an inexorable rule that n more than the number agreed upon can be admitted. The limit of membership in the excursion trip this year was set with regard to the comfort and enjoyment of those who should accompany the party and over-crowding has thus been avoided. The annual outing trips have become famous for their marvelous elegance and order. The people

proved a delightful one and the guests were charmed with the magnificence and beauty apparent on every hand.

Among the members of the club who visited Omaha were some of the prominent business and professional men of the United States, as well as a number of women who have attained distinction in educational and literary circles. In all, forty different towns and cities were represented. Among the officers who accompanied the party were Dr. H. M. Zehrung of Connorsville, Ind., president, and Mrs. E. Shideler Litchiser of Eaton, O., sectreary. Colonel "Bill" Shaw, district passenger agent of the Burlington at Cincinnati, is a member of the party, and in his efforts to make the journey a pleasant and successful one is ably seconded by every official of the Burlington route.

HEARTY EXPRESSION Hundreds Tell of the Change Which They Have Felt.

The Time Comes for Omaha People to Tell What Has Been Done for Them.

The time has come when people in Omaha feel the change. Many people in this city have given voluntary endorsement of the great change they have felt after using Morrow's Kid-ne-oids.

Kid-ne-olds will cure a lame back, kidney backache, urinary and kidney disorders, sleeplessness, restlessness and nervousness. We always like to give reference as to the merits of Morrow's Kid-ne-olds, and this time refer you to Mr. H. E. Murphy, Coachman, of 218 South 38th street, who says; "After trying nearly all the remedies l heard of or read about, said to be good for kidney backache, rheumatism, neuralgia, urinary troubles, nervousness and restlessness of which I have been afflicted for some time, and from which I got but little relief I decided to try Morrow's Kid-ne-olds. They relieved me of all my former troubles in a

CITY OF LINCOLN ENJOINED Federal Court Will Inquire Into Just-

ness of an Ordinance Regulating Gas Rates. A restraining order has been issued by

Judge Munger and served upon the executive officers of the city of Lincoln preventing the city from enforcing an ordinance regulating gas rates. The order was asked for by the Lincoln Gas company.

Several months ago the city council of Lincoln passed an ordinance fixing the price of gas per 1,000 feet at \$1.35 net. This was a reduction in the price of illuminating gas of 45 cents, the price fixed by the ordinance being the net price charged by the company for fuel gas. The council acted on the assumption that as the company was selling the same gas at two different prices it could sell at the lower price at a profit. The company claimed that it was only when the gas was used in large quantities, as it was for fuel, that it could be sold for the less rate. A hearing on the granting of a permanent

Explanation Too Thin.

The theft of a gold pen and a memorandum book was H. Leisenberg's ticket to the county jail for a visit of twenty days. Leisenberg stole the nicknacks from the vest pocket of James F. Tucker, an em-prove of the Union Pacific railroad. The nemorandum book is known to have been in his possession and Judge Gordon reasoned that if he had a part of the property he must have had it all. Leisenberg admitted possession of the book, saying that he found it in a stove in Jim Adams' saloon when searching for a can to "rush" for beer. The court thought the explanation too thin.
