Local Men Donate Liberally. At the last moment Nebraska has come to the front with all the necessary means to bring its fighting regiment back to the state in a special train from the Pacific coast. Synday Mr. Ed Cudahy offered to advance the \$3,000 lacking to the necessary amount to bring the regiment home. Besides the contribution of Mr. Cudahy, General Manderson's offer of \$1,000, made through The Bee Sunday, has been accepted by the gov-ernor and \$1,500 has been contributed by the committee in charge of the welcome to the Thurston Rifles out of the fund sub-

This was in response to a suggestion made by Governor Poynter. The offer of D. E. Thompson of Lincoln to advance \$20,000 was quickly followed by the offers of prominent Omaha men and the necessary balance was soon in sight. Individual subscriptions made by people all over the state will be used, as it will take all of them to make up the amount estimated to be necessary. The preparations for the welcoming of the Thurston Rifles was brought to the attention of the council Monday afternoon, Mr. Ten Eyck, representing the Thurston Rifles association, invited the council to take part intention of the committee to have all county and city officials in line in carriages,

President Bingham said that the committee ought to save the money the carriages would cost and that as long as the entire company could not be taken in carriages it would be unseemly for anyone else to do so. It was informally agreed by all those present that all city officials should walk in line from the depot to the armory. The committee was also given the assurance that the city hall would be closed while the parade was going on. The decoration of the hall has already been ordered.

The council recommended for passage an ordinance providing for the paving of the intersection of Seventeenth and Harney streets. The possibility of forming a paving district on Harney street from Fifteenth to Twentleth was talked of, and it was the unanimous opinion that such a district should be formed. The council may ask the property owners along the street to take the

The Globe Light and Heat company was informally given permission to replace several gasoline lamps in each ward with a new style of light said to be of sixty-candle-power. The lights are to be given a trial free of cost to the city.

Lobeck's idea of ringing the fire bell to announce a fire was laid upon the table to await the return of Chief Redell, who was said to have gone to New York. Some of the members were afraid that the ringing of the bell would attract to every fire a crowd which would only be in the firemen's way.

Nebraska Towns Having Soldiers in the First Regiment Preparing Receptions for Them.

BEATRICE, Neb., Aug. 21,-(Special Telegram.)—The citizens of Beatrice, today sent to Governor Poynter a draft for \$545.75, being the amount subscribed here to the fund to procure a special train to bring the First Nebraska regiment home from San Francisco free of expense to the regiment. Part of the fund was pledged last week and, upon receipt of the news of the D. E. Thompson subscription, the work of soliciting was renewed today with redoubled energy. Twenty-eight members of the association of relatives of Company C gave \$10 each. The highest single subscription was \$100 by the Dempster Manufacturing company. The Modern Woodmen of America of Virginia, Neb., sent \$20. Local committees are now preparing for the reception to be given Company C when the regiment arrives home.

WESTON, Neb., Aug. 21.-(Special.)-At a mass meeting held at the town half last, night to take the necessary steps for a fitting reception to the home-coming seidlers who enlisted from Weston and vicinity, D. A. March was chosen chairman and Will Mauck secretary. Committees were appointed and a paper put in circulation to secure the necessary funds. Weston and vicinky furnished six soldiers for the Spanish war and the citizens are going to give them a hearty welcome home.

INDIANS ON THE RAMPAGE Soldiers Are Sent from Fort Wingate to Quell the Disturbance.

SAN FRANCISCO, Aug. 21.-A special from Winslow, Ariz., says: Two hundred Indians in Foreman Mink's grading gang at Navajo Springs, seventy-five miles east of here, are threatening to exterminate all the whites in that section. They were paid off on the 16th and proceeded to gamble and drink heavily. A gambler named C. H. Landreth, after a quarrel with some of them, assaulted one, shooting and stabbing him seriously. The tribe armed themselves with all the weapons in the camp, shot the gambler seven times, scalped him and mutilated his body beyond recognition. Troops from Fort Wingate have been or-

dered to the scene and serious trouble is feared. Separator Company Organized. LODGE POLE, Neb., Aug. 21.-(Special

Transvanl's Answer to Latest Demands in Hands of Agents. CAPETOWN, Aug. 21.—The report that the Transvaal government had handed its reply to the British agent at Pretoria, to be forwarded to Sir Alfred Milner, British high commissioner for South Africa and governor of Cape Colony, is confirmed. Sunday was observed throughout the Orange Free States and Cape Colony with prayer and sermons advocating a peaceful solution of the crisis. LONDON, Aug. 21 .- The colonial office, in confirming the dispatch from Capetown saying the Transvaal government had handed its reply to the British agent at Pretoria, says that Sir Alfred Milner has telegraphed a message to that effect. All that the officials of the colonial office would says in regard to the mater was: "The reply was not a complete acceptance of the proposal of Mr.

There is no longer any doubt that President Kruger has refused to submit to the pointment of a court of inquiry. He may have done so diplomatically or hedgingly. But that his answer was regarded by the British government as tantamount to positive refusal is now an established fact.

The colonial office is normally non-committal but there are other evidences which fully justify the statement. The report that President Kruger has proposed new terms is somewhat verified by the guarded comment of the colonial office officials and the irritability displayed there. There is not the alightest doubt that they now believe war is the only way to settle the controversy. They would far rather have the of the courts, occurred today. "The kind of game which Kruger is playing must be clear to Americans. The protestations of the Boers that they wish to live a quiet, agricultural life may be the tune of some on the veldt, but the gang in Pretoria is simply after money. Walter Moise, Omaha. \$35,293.80, as the entire cost for transporting the regiment and the official representatives.

It will be the duty of these representatives to record the name of every soldier who receives transportation and to prevent troops from other regiments and citizens from coming east at the state's expense. Upwards of fifty men will be unable to return for a few weeks on account of sickness, but provision for them has been made and they may come at any time or as soon as they are able to travel.

The estimate of the total cost of transportation is based on the number of members of the First regiment now at San Franciso, which, including those confined in the hospital, is 860. It is possible that the expense may be increased somewhat by providing standard sleeping-car accommodations for the commissioned officers. However, the difference will not be great, as the charge per heavily is but \$1150. W. L. Stark, Aurora.
