

RACES CHIEF ATTRACTION

Harness and Running Contests of Speed Draw Large Crowds.

NEW DOUGLAS COUNTY EXHIBIT IN PLACE

Model of a War Ship with Elaborate Decorations Built in Agricultural Building—Good Racing Program for Saturday.

Outside of the usual musical attraction at the exposition Tuesday the races drew the largest crowd, in fact the largest attendance that has been since the races were put on, came out and enjoyed a good program.

The most important race was the pace and trot of the 2:20 class. This was run in two heats, a mile each. I proved an attractive and interesting test of speed.

The half-mile dash was won by Tidal Wave time, 0:50. North Rose was second and Lord Howard came in last.

Tidal Wave came out best in the seventeenth of a mile dash also, making the distance in 0:44. North Rose came in second and Little Girl third.

The three-eighths of a mile dash was exciting, four entries being made. Dandy Jim won first place, Mary D second, Bramdewine third and Omaha Boy, an Indian pony and a new horse on the track, took last place, although he did some good work.

Two Indian pony races made lots of fun for the people on the grandstand. The first one was won by Little Wound, Featherman coming second and about. For the second race the winner was Stella Yellow Shirt, her owner sitting on her ponies as though they were flying fast to them, their pig-tails of hair flying out behind and their queer trappings streaming in the breeze made a ludicrous sight.

A foot race between three Indians who were about naked was a little diversion interpolated near the middle of the afternoon. Felix Slow Bear, whose speed belied his name, won the race, Thomas American Horse second and Ground Spider third.

For Saturday afternoon Mr. Russell has arranged a fine program of races and a novelty is to be introduced which will doubtless prove eminently a drawing card. The first thing on the program will be a match race between Miss Marie LaBlanche, the fastest lady bicyclist in the world, and Hastings Boy, one of the best horses on the track. Miss LaBlanche's record is 2:15. A purse of \$50 is up on the race.

Next week a good program will be given and it is now the plan to have the races by electric light in the evening. It is thought that this will be more attractive to visitors. The weeds are being mowed down in the field inside the track and other improvements are being made to the track and surroundings.

MODEL OF BATTLESHIP BUILT.

Douglas County Exhibit Unique and

New exhibits are being placed in Agricultural hall every day. The building is becoming one of the handsomest on the grounds and the interior is beginning to look very fine. One of the handsomest displays put up recently is an exhibit of a model of a battleship which is not only novel but elegant and tasteful. A model of a war ship sixty feet long, with width and height in proper proportions has been built at the west end of the hall and around this sod has been placed and flowers planted. The ship runs around the ship in a circle and is a triumph.

The interior of the ship's most handsome decorated in the national colors. Red, white and blue bunting has been arranged in patterns and folds, and the masts are decorated with flags of all nations. The upper deck is reached by two flights of stairs and it will be arranged so that the people may pass through the ship and up to the deck, where a display of grains will be arranged and a woman will preside at a piano and play popular music.

SCENES ALONG THE MIDWAY.

Taking Snap Shots of the More Interesting Features Now All the Go. The sweet girl with her kodak has been quite in evidence on the Midway since the Philippine village decided to allow snap shots taken of their people, animals and birds. Probably the most photographed baby in Omaha today is the little copper-colored Philippine girl that has captured the heart of every woman who has seen her. While only a year old she has received hundreds of presents from her American admirers.

WORST KIND OF CASE

We Will Tell You If You Will Believe It. The Experience of Well Known Persons Ought Surely to be Convincing.

We ask you to read the following statement from one of the most prominent physicians in Omaha. It is a case of backache and kidney disorders, and was cured by Morrow's Kid-Ne-oils. If you are in the least way troubled with a weak back or disordered kidneys, use Morrow's Kid-Ne-oils; they cure every time.

Mrs. A. E. Barnes of 1419 Howard St. says: "My husband has been a great sufferer from kidney backache and other symptoms of deranged kidneys for the past eight months. His back was so lame and weak and ached so badly that he did not rest well at night. He used different kinds of kidney remedies, but they gave him only temporary relief. His troubles returned and became more acute. He used a package of Morrow's Kid-Ne-oils which relieved the pain in his back. Our family physician said the kidney was affected a complete cure. I was cured of torpid liver and biliousness by using Morrow's Liver-Lax. Morrow's Liver-Lax are small red granules and self acting. It is a safe, reliable remedy for all ailments of the liver and bowels, and at the Myers-Dillon Drug Co's store. Mailed on receipt of price. Manufactured by John Morrow & Co., Chemists, Springfield, Ohio.

COUNCIL CONCEDES TO ROADS

Votes to Enter Into the Agreement to Gain Viaducts.

INUNCTION THREATENED BY VIERTLING

Says the Only Result Will Be to Tie the Matter Up in Court for Two or Three Years.

The city council reversed its position on the viaduct matter Tuesday night and after having previously gone on record several times as opposed to the closing of Seventeenth street to obtain the building of the sixteenth street and other viaducts within specified time, voted to withdraw its objections and enter into the agreement proposed by the roads.

This course was recommended by the committee on street improvements and viaducts in a report reciting the various reasons why the proposition should be accepted, which have been gone over several times in previous meetings. In addition the action of the Fifth Ward, Southwest and other improvement clubs in demanding the acceptance of the agreement was cited.

The committee said it had gone over all the considerations carefully and had come to the conclusion that further refusal to accept the conditions laid down by the roads would result disastrously to the interests of the city. Bingham arraigned the committee for not having brought up the matter in general committee the day before.

POLITICAL CAMPAIGN BEGUN

Republican Clubs Hold Enthusiastic Meetings, Inaugurating Fall Sessions—Addresses Applauded.

Several republican clubs met Tuesday night and took up the work of the fall campaign with much enthusiasm. Candidates for the different offices in the county made speeches, which were liberally applauded, and every candidate was given a hearty and vigorous and successful battle is to be waged.

A meeting that was brimful of interest and enthusiasm from start to finish was the one held by the members of the Fifth Ward Republican club at Sherman street and Locust street. About the first thing to stir up the interest was the adoption of resolutions in the nature of a welcome home to the Thurston Rifles by the club.

The resolutions were ringing in tone, and not only recognized the brave boys, but eulogized their bravery and good work on behalf of the nation and also extended the sympathy of the club to those who had been bereaved by reason of the loss of loved ones in battle or by disease.

The Eighth Ward Republican club held a rousing meeting in the hall at the corner of Twenty-second and Cuming streets, and from other things speeches were listened to from several candidates. There was a large attendance at the meeting and enthusiasm ran high. Among those who spoke were Messrs. Heimrod, Devens, Burkett and Holmes. Twenty-five new members were added to the club and the prospects for a many more at the next meeting are more than rosy.

E. C. Wolcott, candidate for the Sixth ward for county judge, addressed a well attended meeting of the Ninth Ward Republican club. His subject was "The Republican Party and the State of Nebraska." An interesting review of the party and the present case that the valuable public improvements which the roads offered should be obtained by reasonable concessions. The council was confronted with a condition and a theory. The roads offered a viaduct, but it was not worth while, but on the contrary was worth \$1,000,000 to the city.

It would bring the city viaducts which would connect it with South Omaha and make the two one compact city. He asserted that no court with the roads that they offered the city from entering into the agreement, because Mr. Viertling and his associates had as yet no cause in court. He regretted that the president of the council had seen fit to take him to task, but there had been no delay which would have been to the benefit of the council in failing to adopt the agreement. He admitted being a property owner in Twenty-fourth street, but was not swayed by that consideration.

The matter was discussed with considerable heat and the members of the council, including Mr. Viertling, who had played more feeling than has been shown in the council chamber for a long time. Upon the adoption of the committee report the vote was as follows: Aye—Karr, Lusk, Mercer, Mount, Stult, Nays—Burkley, Burnester, Bingham, Absent—Bechel.

A resolution instructing the city attorney to notify the two roads that the city's repudiation of the clause in its proposition relating to the closing of Seventeenth street was withdrawn and inviting the roads to submit a signed agreement, was introduced by Stult. It was passed without a division after Burnester had insisted that a proviso be attached on requiring the payment of the city's claims against the roads for viaduct repairs and lighting before the signing of the agreement.

Other Matters. Mayor Moore submitted his veto of a resolution passed at the last meeting, requiring all electric power and light companies to send money to every fire and electric power house in the city. His reasons were that a subject so serious should not be hastily passed over in a mere resolution and that the arrangement was not a good or permanent one. The veto was sustained.

A protest from a large number of licensed hotel runners against special permits to other runners, was read. The protestants claimed that the runners operating under the so-called "special permits" were in no way different from those who had to pay \$50 per year for a license and that many of them were no less able to pay the regular license fee. They claimed there had been discrimination. A resolution instructing the chief of police to arrest all runners for all kinds of lodging houses and restaurants operating without a badge and license was passed.

An ordinance to repeal the bicycle lamp ordinance, by Bingham, was read twice. The council refused to make any allowance for the expenses of the city veterinarian and city physician in attending the national veterinarian's convention in New York.

An invitation from the committee in charge of the welcome to Company L to participate in the parade was accepted. Ordinances passed: Creating sewer district No. 238 and Mr. John Sinclair and Mr. Mrs. E. W. Chenoweth of Burr are visiting in Omaha.

Stromers Jump Their Bond. Mr. and Mrs. Stromer, the couple brought into police court yesterday for hearing their young daughter, have fled to Paris unknown, leaving their bondsmen and their attorney holding the same. When Attorney Holmes got out an attachment on their household goods for his fees they had some presentation of what was coming, so that when Constable Hard went to serve the attachment on the family he found the place packed up and left at 3 o'clock Tuesday morning. An express was finally found who admitted having taken over the goods into Iowa. The constable is still at work on the case and the chances are that the courts are not done with the Stromers yet.

HOLCOMB IS THE MAN

(Continued from Second Page.)

ment station fund, which have been entrusted by the federal government to the state of Nebraska for education in agriculture and mechanic arts, and for original research in agriculture strictly in the spirit of the act of Congress of 1887.

When as the reading was completed, Edgar Howard moved that an amendment be added providing that no nominee of the convention should accept a railroad pass, and that thereby he let loose the dogs of war. Matt Gerling moved that the amendment be referred to the committee on resolutions, and Howard decided to withdraw his amendment "for the present." The platform as recommended was then unanimously adopted.

The anti-pass amendment was then offered in the form of a resolution and a reference to the committee on resolutions was properly moved. This motion was ignored and the suggestion of W. H. Thompson, who urged that the resolution be adopted without a dissenting vote. The resolution was put on its passage and about a dozen delegates voted "aye." The negative elicited an equally reluctant response and the chair declared the resolution adopted.

An invitation to Mr. Bryan to address the populist convention was read by the chairman and Matt Gerling moved, by way of reciprocity, that W. V. Allen be requested to address the convention. It was carried and Gerling and Allen of Lancaster were designated to convey the invitation to Senator Allen and to escort him before the convention.

A resolution by W. H. Thompson, endorsing the work of W. H. Harvey was carried by the federal government to the state of Nebraska for education in agriculture and mechanic arts, and for original research in agriculture strictly in the spirit of the act of Congress of 1887.

The report of the committee on organization contemplated the organization of the fusion voters into "Young Men's American" clubs and provided a common constitution and by-laws.

By this time the vote on regents was announced and, as there was no choice, a second ballot was ordered. The Douglas county delegation had been busily cutting ice during Holcomb's speech and the result was apparent in a general movement of votes in Rich's direction. Blackburn attempted to withdraw, but his friends would not have it that way, and the trouble proceeded. Every time a county failed to respond some Douglas county delegate voted for Rich and it went. This developed some acidity as the roll call continued, but Rich rolled up 431 votes to 373 for Blackburn. A Hot county delegate moved that inasmuch as Douglas county had voted every county in its neighborhood, the ballot be set aside as fraudulent. It was announced that the lights would be turned out in five minutes and the motion was voted down. The convention adjourned just before midnight.

FREE SILVER REPUBLICANS Nominates Teeters for Regent, Endorses Holcomb and Rich and Sticks to 10 to 1.

Numerically the silver republican state convention, which was called to order in Morand's hall by Chairman J. N. Lyman of Adams county, yesterday afternoon at 2:30, was but a small proportion of the fusion forces gathered in the city, but what was lacking in numbers was more than made up in the enthusiasm of the delegates present, who have acquired, in the time elapsing between their desertion of the republican party and the present, their full share of wisdom for which the average fusionist is noted.

W. M. Maupin of Douglas county was selected as temporary chairman, and later was succeeded by H. D. Kelley of Madison county, who was elected permanent chairman. J. J. Thayer, of Taylor county, temporary secretary, was made the permanent secretary.

The convention had hardly been organized when the mooted pass question was brought in as an issue by a resolution introduced by Robert Armstrong of York county. The resolution demanded that no one should be considered as a candidate for any office until he had first pledged himself to one of the three conventions not to accept free transportation of any kind. It provoked a lively discussion, although it was apparent from the start that there was an opposition to the sentiment of the resolution, but it was opposed by several for the reason that the phraseology was not satisfactory to them. Lieutenant-Governor Gilbert endorsed the resolution in the strongest terms and recommended its passage before the regular resolutions committee had furnished its report in order that candidates, whoever they might be, would be served with notice in advance of their nomination that there was to be no middle ground on the pass question.

Mr. Armstrong's resolution was first adopted and then, upon reconsideration, turned down, whereupon a committee consisting of J. N. Lyman of Adams, E. A. Gilbert of York, and E. E. Brown of Lancaster, was appointed to draft a similar resolution, which was unanimously adopted as follows:

Resolved, by the silver republicans of the state of Nebraska in convention assembled, that the reform forces of this state are opposed to the nomination and election of any man by any public office receiving or using free transportation from any railroad company or any transportation furnished to them at a lower rate than that accorded to the general public.

Resolved, that the nominees of the fusion convention now in session be and they are hereby requested to appear before one of all of said conventions and publicly state that they will not during the campaign or during their terms of office, if elected, accept or use any free transportation or transportation furnished to them at a lower rate than that accorded to the general public.

The chairman appointed the necessary number of White Russian soap wrappers to her credit. The woman having the greatest number of White Russian soap wrappers to her credit will present a beautiful sealskin jacket, described above, costing \$250.00.

To the woman having the second largest number of White Russian soap wrappers to her credit we will give as a present her choice of any \$25.00 collarette, made of marten, beaver, krummer or grobe.

To the woman having the third largest collection of White Russian soap wrappers to her credit we will give, free of cost, choice of any \$25.00 muff—sealskin or stone marten, or choice of \$25.00 fur set, consisting of collarette and muff set and scarf and muff.

These prizes are displayed in the show window of H. E. & E. Huberman, the well-known furriers, 118 South 15th street, Omaha. Go and see them.

SEVEN \$10.00 CASH PRIZES There are also seven additional prizes of \$10.00 each in cash for the next seven contestants, making ten prizes in all.

SAVE EVERY WRAPPER that either you or your friends can secure and bring them or mail them to J. S. Kirk & Co.'s Omaha office, 300 So. 12th street, under the U. S. National bank, where you will be given a receipt for them and due announcement will be made of the standing of the contestants. It makes no difference who it is, every woman in the entire state of Nebraska and the city of Council Bluffs, Iowa, may become a contestant.

\$10 cash, August 31, paid to the woman having the largest number of wrappers to her credit. JAS. S. KIRK & CO.

STROMERS JUMP THEIR BOND

Mr. and Mrs. Stromer, the couple brought into police court yesterday for hearing their young daughter, have fled to Paris unknown, leaving their bondsmen and their attorney holding the same.
