Populists Are Searce. Middle-of-the-road populists appear to be few and far between in Pottawattamie county, judging from the attendance at the county convention called for yesterday afternoon to elect delegates to the state convention to be held in Des Moines next Wednesday. When 2 o'clock arrived, the time for which the convention was called, Chairman Hutchinson, of the county central committee was conspicuous by his absence and failed to put in an appearance at all. They sat and waited for the others, but as the others failed to show up, they finkly decided it was useless to hold a convention with only two present, so on the motion of Mr. Kinnehan the gathering adjourned.

RAISES A NEW POINT OF LAW City Files Its Answer in the Suit

Brought by Benjamin. The city has filed its answer in the suit brought by Fremont Benjamin in the district court, wherein he attacks the constitutionerty owned by him was sold at tax sale Benjamin raised the point that the assess

The city in its answer asserts that the taxes were assessed in accordance with the benefits derived by the property; that the property was benefited to the amount of the tax assessed and, further, that the law under which the assessment was made was constitutional. The city also contends that Benja min is estopped from bringing suit as he purchased the property in question at tax sale and paid one installment of the very taxes which he now complains are iffegal. Further, that the property was sold later for taxes at tax sale and that the subsequent taxes have been paid by the purchaser, therefore the city is not properly a party to the suit. Benjamin's only remedy, it is contended by the city, is to redeem the property from the last tax purchaser. Benjamin's suit is the first of its nature brought in this

district and raises a new point of law.

BOYS' SHOES

No other persons, child or adult, require such strong shoes as boys. Their "business" is harder on shoes than the roughest work any man does. When a boy's "business" carries him up an alley or across a vacant lot, he hasn't time to look whether

there are any mud holes, tin cans, barb wire or other destroyers of shoes in his path. And at no time has a boy any time to be careful of his shoes. Boys need good shoes and it is economy to buy the best that is made. They wear longer, and beside poor shoes means wet feet and wet feet means loss of time from 'business' while his sore throat gets well.
