BIDS FOR THE NEW HIGH SCHOOL. Board of Education Meets This After-

poon to Consider Them. President Sims has called a special meeting of the Board of Education to be held this afternoon at 4 o'clock in the Bloomer building. The meeting is for the purpose of considering the bids for the construction croft, Neb. Miss Palmer and Miss Alex- of the new High school building and to close a contract with the architects, Messrs, Cox & Schoentgen, who have prepared the plans street, and estimates and will supervise the work.

The contract under the bids received and opened at the last meeting of the board will not be let this afternoon, as State Superintendent Barrett's ruling in the Smith site appeal case has not yet been received and no action can be taken in this line until the decision is handed down. The members of the board, however, are anxious before awarding the contract to sacertain from the different bidders who their subcontractors will be, as this will have an important bearing on the letting of the contract. It has been intimated that one, at least, of the bidders has made arrangements to sublet the carpenter work to a party who would not be acceptable to the board. The board is determined that in awarding the contract it will take no risks and that the work on the building must be of the very best in

every respect. Referring to the action of the plaintiff in the Slack Peterson injunction suit against the board in attacking the title to the Oakland avenue property selected as the site for the new High school, President Sims said yesterday that in his opinion it would not hold water for a moment. The title to the property, he said, was all right and the conveyance from J. N. Casady had been secured before the board agreed to take the ground. As to the liens which drinking and that with proper care it is claimed in the amendment to Peterson's petition are standing against the property Mr. Sims said the board would take of them. If on investigation these alleged liens were found to have a lawful standing, the amount would be withheld from the purchase price and held subject to the order of the court. The board, President Sims said further, had no intention of taking any risks in the matter or inviting litigation, but it had purchased the property

and the sale was binding. Domestic soap whitens your clothes.

ULCERS FOR 35 YEARS

With Excruciating Pain. All Remedies Tried, and Numberless Physicians Little Benefit. CUTICURA Speedily Cures.

My mother has been a victim to ulcers from varicose veins for thirty-five years. Eleven of these terrible sores have existed at one time on the limb affected. Excruciating pain and intense suffering were endured, with all sorts of remedies on trial and numberless physicisms' calls and prescriptions applied, but all practically with but little benefit. However, at last the remedial agent was found in Curreuna (cintment), which surely proved its weight in gold, alleviating pain and causing healing processes to commence and a cure speedily effected. She has, also, used Curicuna with marked benefit in crystpelas of the face and eczema. The Curicuna Soar, also, has established a record only as the best also, has established a record only as the best cleaning, purifying, and healing in its nature, having proved itself a most excellent and valu-able auxiliary to the Curicura (cintuent). I would remark that this testimonial is entirely unsolicited, being a voluntary contribution for humanity's sake, and the commendation of the Cuticuma REMEDIES to the fullest confidence, being satisfied of their purity, genuineness, and
