The application of the Pacific Surety company of San Francisco for permission to do business in Nebraska has brought to light a serious error in an old insurance law, which it is held is not repealed by the Weaver act. One section of this law requires surety companies to have a capital stock of \$250,000, with \$100,000 invested free from all obligations. Another section of the same law requires such companies to have a capital stock of the same amount, but it also provides that it must all be invested and from obligations.

The application of this company has been filed with the auditor. According to the showing made it has complied with one of the sections, but not with the other. Auditor Cornell will be governed by the section requiring an investment of \$250,000.

The Western Mutual Life and Accident association of Lincoln has applied to Auditor Cornell for an insurance charter. The state bank of Lynch, Boyd county, was chartered by Secretary Hall of the State Banking board today. Its capital stock is \$500.

A BOON TO PARENTS.

Omaha Parents Will Profit by the Experience of Others. Among all classes of people, we find children suffering from weak kidneys. The intelligent mother knows that this is not a habit and searches for a remedy. It is sometimes very hard to believe, and the family physician tells her that the child will grow out of it in time. Sometimes they do and sometimes they do not. In the meantime annoyance and embarrassment is the result. If anyone knows a remedy, is it not an act of charity, not a duty to make it public? Should selfishness or vanity keep it concealed? Wm. F. Allen, school-teacher, of 2408 Indiana street, has used Doan's Kidney Pills in his family, and makes the following statement for the benefit of anxious parents and the relief of interesting little children.

Mr. Allen says: "After an attack of measles our little girl's kidneys must have been left in a weak condition, for the action of the kidney secretions was too frequent. Thinking that what was a good preparation for adults could be used on children I resorted to Doan's Kidney Pills at a drug store, corner 15th and Douglas streets, and commenced the treatment. I endorse Doan's Kidney Pills."

In view of two former attempts to burglarize the office, nothing of value was kept in the same and the burglars had to leave empty-handed. It is the supposition of the police authorities that the work was that of local talent.

Pawnee's Welcome to Its Returned Soldier Boys—Genoa and Albion in Line with Warm Greetings.

BEATRICE, Neb., Sept. 1.—(Special.)—The public reception to the returned members of Company C, Fighting First Nebraska, here today was a complete and gratifying success. The day was clear and the sunshine was tempered by a cooling breeze from the south. The city was gaily decorated with flags, streamers and banners of welcome. Early in the forenoon the people from the country began pouring into town and before noon the streets were blocked with the crowds.

Shortly after 11 o'clock the parade marched to the Chautauqua grounds in the following order: General L. W. Colby, chief marshal, and aides, followed by Orderlies Albert Griffin and Clarence Colby; soldiers of the Spanish war, carrying colors; Beatrice band; fire department, in uniform; mayor and city officials and county officials in carriages; civic societies; members of the Second and Third Nebraska and other soldiers of the Mexican war; former members of Company C, who were in service at the Omaha riots and the Indian campaign; Company C; relatives of Company C; Filley band; Grand Army of the Republic; Woman's Relief Corps; Red Cross society; children of city and county schools; citizens on horseback and in carriages.

The parade was witnessed by a great throng of people, who crowded streets, sidewalks and windows along the line of march. A large crowd of people preceded the parade to the grounds. Soon after the arrival at the grounds dinner was served to Company C in the dining hall. The dinner was the best that Gage county could supply and was heartily appreciated. Before going to dinner the members of the company were presented with a handsome souvenir red, white and blue and gold badges, bearing the words, "Welcome Home," and a fine portrait of the late Colonel Stotsenburg. When the boys left the dining table they gave three hearty cheers for the women who had provided the dinner and for those who were entertaining them today. At this time the grounds were filled with people of the city and county, eating picnic dinners under the trees.

After the dinner was over the people assembled at the tabernacle for the formal exercises of the day. Fully 5,000 people gathered in and about the tabernacle. Company C, wearing their brown or "khaki" uniforms, occupied seats on the stage. Dr. S. H. Craig, Gage county veteran of the Mexican and civil wars, presided and made a brief address of welcome to the returned members of Company C. He also introduced Mr. Bozarth of Gage county, another Mexican war veteran. Invocation was offered by Rev. John Hood. The Glee club sang an ode of welcome and was twice recalled. The Filley band also played some selections.

The formal address of welcome was made by Rev. C. S. Dudley and was truly eloquent. The flag presentation to the company was made by Miss Laura Babcock, assisted by a staff of young women. Captain Hollingsworth made a fine speech on the work of the company. Rev. George W. Crofts read a poem, "Welcome to Our Heroes." Trumpeters Stevenson and Baird gave the bugle calls, and with a benediction by Rev. O. A. Elliott the formal exercises closed. Great interest was manifested in the exercises by the large audience. The remainder of the day was spent socially and in making the boys welcome.

Fully 10,000 people were on the Chautauqua grounds and the day was made a memorable one for Beatrice and Gage county.

THE PROBLEM OF WOMAN'S ILLS

Solved at Last—Pelvic Catarrh the Cause

Roxa Tyler, Vice President of the Illinois Woman's Alliance, speaks in high praise of Pe-ru-na to restore tired nerves and weak body. In a letter written to Dr. Hartman from 910 East 60th street, Chicago, Ill., she says the following:

"During the past year I gradually lost flesh and strength until I was unable to perform my work properly. I tried different remedies, and finally Pe-ru-na was recommended to me. It gave me new life and restored my strength. I cannot speak too highly of it."

Catarrh of the female pelvic organs may cause displacements, congestion or inflammation of the womb. Symptoms of displacement are pains in the back, constipation, dragging, heavy sensation of the abdomen; piles, painful, scanty frequent urinations. Congestion of the womb and ovaries produces great irritability, sleeplessness, frequent headache, nervousness, throbbing, bloating, flashes of heat, shivers, profuse perspiration, faintness and numbness. The symptoms of ulceration are continuous leucorrhoea, irregular and painful menstruation, irritation of the spine, pain in the head and a continual tired feeling. For all the troubles peculiar to women, such as irregularities, change of life, etc., Pe-ru-na cannot be equaled. In all these cases catarrh of the pelvic organs is the exciting cause. Pe-ru-na cures by removing the cause. Pe-ru-na cures catarrh wherever located. Consequently it will cure this class of disorders. Mrs. A. J. Hull of Leona, Kan., was cured by Pe-ru-na. She says:

"I feel as if I am entirely well and can do as much work as when I was young. I don't have any pains about me, and I thank you a thousand times for curing me. I will do all I can for you. My trouble was female complaint. I had falling of the womb and great pain. I tell every woman I talk with that Pe-ru-na is the best for them and that it saved my life."

Send for Dr. Hartman's free book for women only. Address Dr. Hartman, Columbus, O.

The microbes that cause chills and fever and malaria enter the system through mucous membranes made porous by catarrh. Pe-ru-na heals the mucous membrane and prevents the entrance of malarial germs, thus preventing and curing these affections.
