After being there a few minutes he divested himself of his clothing, with the exception of his undershirt, and seated himself in a chair by the window. It was with some difficulty that he was induced to reclothe himself. PROVIDING FOR OVERFLOW

Plans for Accommodating Additional Pupils in the High School.

ONE HUNDRED NEED TO BE LOOKED AFTER

Two Rooms of the Washington Avenue Building Are Being Prepared for Their Use—Details of the Plan.

Superintendent Hayden has completed the arrangements whereby the overflow from the high school will be provided for. The plan adopted last year will be followed, although on a larger scale. Last year it was found necessary to provide for about fifty pupils, while this year 100 pupils for whom there is no room in the high school building have to be cared for. These 100 pupils comprise the entering class, or, in school terminology, the freshmen. For their accommodation two rooms on the ground floor of the Washington avenue building, formerly occupied by the classes taught by Miss Besley and Miss Landon, have been reserved and are now being placed in order for their occupancy.  
 The entering class will be divided into sections, each occupying one of the rooms, and the teachers will be Miss Mittie Pile and Miss Emma Besheva. Superintendent Hayden has arranged it so that the work will be divided so that the studies in these rooms will be carried out on the departmental plan, as in the high school proper. Under the system last year the high school pupils at the Washington avenue building did not have advantage of this system.  
 The results from the two rooms taken for the high school class will be accommodated on the middle floor. The room formerly occupied by the principal, Miss Mangum, as an office, is being seated with desks, and the room on the third floor used last spring for the high school pupils, will now be utilized as a grade school room. Last year the enrollment at the Washington avenue school was about 750, but this year will find it increased to over 800, and to accommodate this increased number of pupils it has been found necessary to convert the room in the tower occupied as a meeting room for the Board of Education into a class room. This room has been equipped with thirty desks and the room on the floor directly above it is being similarly equipped. With these additional two rooms, it is believed that all the pupils can be properly accommodated without excessive crowding.  
 The meetings of the Board of Education from this out will be held in the Bloomer building, where a room is being prepared by partitioning off a portion of the large corridor on the third floor. The work is nearly completed and it is thought the room will be ready in time for the next meeting of the board. The meeting Friday afternoon was held in the superintendent's office in the board room in the same building as the superintendent's office is considered a good one, as it will enable the secretary at any time during a session of the board to have immediate access to any records that might be needed.  
 The committee on buildings and grounds has made arrangements whereby one of the buildings formerly occupied for school purposes in Cut off can be leased temporarily until the new school house is completed. This will enable school to be opened at the regular time. Connected with this plan has been able to get his brick on the ground and this week will commence on the construction of the new school. The water that surrounded the site selected for the school has been drawn off, and the contractor Wind has started to haul his material onto the ground. Even under the most favorable circumstances it will be well into the winter before the new school building can be ready for occupancy.  
 Domestic soap is full weight.

### HOTTEST EVER SEEN IN IOWA

Democratic Central Committee Plans an Aggressive Campaign.

REPUBLICANS TO MEET THEM HALF WAY

G. A. R. Delegation on the Road to the National Encampment—Haben Crawford is Found Dead in His Room.

DES MOINES, Sept. 2.—(Special Telegram)—The democratic state central committee this evening announced that their state headquarters will be opened here Monday and that the campaign will be opened at Davenport on September 14, at which time Fred White, the democratic candidate for governor, will make an address. The committee states that a large number of prominent democratic speakers from other states are to be brought to Iowa this fall; that all of Iowa's best speakers will be used and that it will be the hottest campaign Iowa ever saw.  
 The republicans had intended to open their campaign on October 1, but this announcement made by the democrats seems to have caused them to change their minds, and Chairman Weaver has issued a call for a conference to be held here next Friday. At that time a definite date for the opening of the campaign will be decided upon. It is probable that September 14 will be the date when all Iowa political parties will open fire from the trenches.  
 The funeral of ex-Governor Merrill will be held in San Francisco tomorrow, after which the body will be shipped here for burial.  
 The Iowa delegation to the national encampment of the Grand Army of the Republic left here this evening in special cars, there being some 300 in the party, half of whom were from Des Moines. Those in charge of the Iowa delegation say that it is one of the largest the state has ever sent to an encampment.  
 Reuben Crawford was found dead in his room this afternoon at 1 o'clock. Crawford, who was a porter in a saloon, had a terrible fight with a man named Noble Castle Thursday night and it is believed he died from the beating which he received. Castle has been arrested and the coroner's jury is investigating the case.  
 The State Board of Control today announced that it would go to Stillwater, Minn., Monday to investigate the binding twice plant in the state penitentiary and put in one just like it at the Iowa penitentiary at Anamosa.  
 The state fair ended today with a small crowd in attendance. The day was devoted mostly to the removal of exhibits, but the races were the best of the week. The fair officials have not yet completed their figures, but they now say the fair is about \$25,000 ahead.  
 Mrs. Lena Wegner today received notice that her son, Louis Wegner, formerly a member of the Fifty-first Iowa, who later enlisted with the Thirtieth-sixth, was killed on August 9 at San Francisco. The report comes so late that the family hope it is an error and Governor Shaw has wired for further information. Wegner has a brother living in Omaha by the name of Richard.
