DREXEL AND MOSTYN FORM COMBINATION

This Mennees the Interests of Other Candidates and the Situation Becomes Complicated-Gossip In Political Circles.

The Kilkenny cat sisters have returned from the seaside and will play a star engagement in connection with the demoeratic primaries to be held in Douglas county Thursday afternoon. A few days ago the democrats were congregating on the curbstones to congratulate each other on the torrid character of the republican primaries, but now they have turned to contemplate family troubles of their own. An expert examination of the maturing cornhusks is unnecessary to convince them that there is a spell of hot weather ahead and It is sure to be followed by a killing frost that will nip a lot of budding aspirations that are now springing up profusely all over the democratic pasture. The controversy over the precise ingredients of the fusion concoction is not the only trouble on their minds and it looks as though there will be the democratic convention.

tity to control the delegations in the conand Drexel is a comparatively recent aspirant for the job of running against I. G. Baright and the situation is such that the combination is apparently taking the field with considerable strength.

Both these offices are definitely conceded to the democrats by the populists and silver republicans. The effect of this is to induce democratic candidates to go after one of them in preference to other places that may yet be subject to interference as a prelimimary to fusion. In each case there is now a strong field of candidates and the injection of a new element into the fight has awakened the suspicions of candidates who are confronted with the unexpected probability of contests in their own wards.

Con Gallagher's friends are trying to create the impression that he is practically out of the race for sheriff, except to the extent to which his influence may affect the Interests of other candidates, while carefully concecting a scheme to have him brought in on the last lap as a compromise. Harry Miller, John Powers and Mostyn are apparently the men in sight, the race with Powers exhibiting the most strength. But nothing is now certain until after the primaries and even then the size of the field opens the way to combinations that may pocket the favorites close to the wire.

KIDNAPING CASE OF ROSE

Request Comes from Cleveland That Proceedings Against Deputy Barry Be Stopped.

From two letters received in this city Tuesday relative to the kidnaping of Antonio Rose by Deputy Sheriff Barry and his return to Omaha from Cleveland, to which place he was taken, it would seem that steps have been taken to quash the proceedings instituted in the latter city seeking to punish Rose for the alleged crime of embezzling money and that Rose may make that place his future home.

Sheriff McDonald received one letter and Thompson & Magney the other. From their contents the inference is drawn that Rose is not in jail, but enjoying liberty with his nothing more will be done in the case until the attorneys of Rose have had an opportunity to write the attorney employed by Rose in Cleveland and explain the whole it simply means that the city will go into situation to him. The quashing of proceedings against Rose may not affect the determination to prosecute Barry, whose a redhot fight in hearly every ward in the actions are condoned by the sheriff of city over the selection of the delegates to Cleveland. The Cleveland attorney stated that if any attempt were made to force the sheriff of that county to return Rose to this city, the charges against him might not be dropped and that the authorities there would simply apply for regular requisition papers and take Rose back in a legal manner

A few weeks ago Miss Maud Whitlock reported to the police the theft of a number of articles of valuable jewelry and some money. There was \$25 missing and a gold watch was among the property which could not be found. About the same time the Wilsons, who lived in the same house, disappeared. Miss Whitlock said she had good reasons for suspecting the Wilsons, so the police notified the officers of other towns, and the man and woman were caught.

Deficit in Several Districts Must Be ever shows his queue. Made Good Before October or Bouds and Coupons Will Be Protested.

The most interesting matter to come up in the council meeting Tuesday night, though not the one most willingly discussed, was a report of City Comptroller Westberg, which shows that the city is practically bankrupt. There is no money in the general fund to meet the expenses which come up from time to time outside of the departments provided for by appropriation, and laborers for the city who are now engaged on work which must be paid for out of the general fund and not out of friends and daughter. For the time being some special fund yet unexhausted, will have to wait until the funds under the levy of 1900 are available, which will not be be-fore next February. The comptroller says the debt before the end of the year and will remain so until next year's levy is made Creditors of the city cannot be given negotiable paper, like warrants or "I. O. U.'s" for future payment and will simply

have to walt for their money. There is no money that can be turned into the general fund except the small residue practically used up, and the money which may possibly be collected from the railroads, of delinquent taxes, probably not more than \$1,000 per month. This will not save the The letters were written by the Cleveland city from debt, for there is a considerable this money will be taken up by a deficit which aiready exists in several districts which have issued bonds. The only question remaining, therefore, is how much the city will owe when the end of the year comes around. This it is impossible to estimate.

daughters. Pain that leaves its mark comes from a curable cause. If that cause is not removed its influence reaches out and overshadows a whole life. The reason Lydia E. Pinkham's Vegetable Compound has been so uniformly successful for over a quarter of a century in overcoming the suffering of women, is that it is thorough and goes directly to the cause. It is a woman's remedy for woman's ills.

MISS EMILY F. HAAS, of 148 Freeman St., Greenpoint, Brooklyn, N. Y., writes: "DEAR MRS. PINKHAM-I wish to state that I used your Vegetable Com pound with the greatest success. I was very sick for nearly a year with hysteria, was down-hearted and nervous; also suffered with painful menstruation and pain in back and limbs. I often wished for death, thinking nothing would cure me. I had doctors, but their medicines did me no good. At last, by the advice of a friend, I began to take Lydia E. Pinkham's Vegetable Compound. and I am happy to say it has entirely cured me. JENNIE SHERMAN, of Fremont,

Mich., Box 748, writes: "DEAR MRS. PINKHAM:-I feel that I must write you and tell you what your medicine has done for me. I had neuralgia of the stomach for two years, so bad that I could not do any work. I had two or three doctors, but did not seem to get any better. I began taking Lydia E. Pinkham's Vegetable Compound and Liver Pills and improved from the first, had

better appetite, and after taking three bottles of Compound and one box of Liver Pills, can say that I am cured. Vegetable Compound is a wonderful medicine."
