The Pretoria correspondent of the Daily Chronicle says:

"The Boers assert that Conyngham Greene British diplomatic agent at Pretoria, knew it was their intention to adopt the attitude they have regarding suzerainty and that he tacitly encouraged them, as the documents show. His forty-eight-hour demand and the string of blue book innuendoes, for which he and Sir Alfred Milner are responsible, have produced an official atmosphere in which anything is possible. At the same time Mr. Hoffmeyer and practically every member of the Afrikander party have wired urging acceptance of the British demands."

England Issues a Blue Book.

LONDON, Sept. 15 .-- A blue book containing the last Transvaal dispatch of the secretary of state for the colonies, Mr. Chamberlain, relating to the matters which led up to the dispatch being sent, was issued today. The text of Mr. Chamberlain's note is identical with the dispatch as cabled to the Associated Press September 13. The only important feature revealed is a telegram from the British high commissioner. Sir Alfred Milner, dated August 31, referring to the commercial distress and saying:
