Charged with Breaking and Entering. A French lad giving the name of Victor Guyot is under arrest at the city tail. charged with entering and breaking into a freight car in the yards of the Rock Island railway Saturday night. Guyot, who is 19 years of age, cannot speak anything but his native tongue, but by the aid of a dictionary and the help of a newspaper reporter who has a slight acquaintance with the French language he denied that he broke into the car for the purpose of robbery, but in order to secure a ride to Denver, Colo. He says he is on his way from Montreal, Canada, to San Francisco, where he and car barns in East Omaha he said that has relatives and expects to secure employment in the vineyards, being a winemake by trade. He has a ticket from Denver to an Francisco, but was beating his way from Chicago to Colorado. When searched he was found to be carrying a revolver which, however, was not loaded. He said he bought it in Chicago, as a countryman of his had told him that the people out west were "bad The police do not believe he broke into the car with any felonious intent. either side and an aisle down the center. After breaking the seal off the car door he placed it in his pocket.

Davis sells paint. May Be a Forgery.

L. Gordon was taken into custody yesterday on the charge of being a suspicious character. This charge may, however, be changed to one of forgery if the evidence can be obtained to warrant it. Gordon, who is alleged to be an old-time crook entered the Pacific hotel yesterday afternoon and asked for a blank check. He was given one on the First National bank of this city. He changed it to read First National bank of Fremont, Neb., and filled it out for \$5, payable to self, and signed it L. Larson. He asked the clerk to cash it, but the latter was somewhat suspicious declined to do so, especially as the check had no revenue stamp on it. The clerk was suspicious that all was not right and notified the police, who placed the fel-low under arrest. He was later identified as L. Gordon. He told the clerk at the hotel that he and three brothers had a large ranch at Fremont, Neb., and that they each kept an account at the First National in that town. When searched at the jail the check was not found on him and he is supposed to have destroyed it.

Howell's Anti "Kawf" cures coughs, colds. Boys Bound Over.

Chester Fox, Glen Fox and Charles Williams, three small boys, aged respectively 15, 12 and 10 years, were brought before United States Commissioner George F. Wright yesterday, charged with breaking into the postoffice at Mt. Etna, Adams county, August 14 last. Commissioner Wright bound the lads over to the March term of federal court and accepted ball in the sum of \$100 each, the bends being furnished by the fathers of the boys.

BARBERS KEEP UP THE FIGHT

Nine "Friendly Suita" Are Filed Before the Other Side Gets Action.

Warrants Are Served by Constable Alberti Only a Few Minutes Before Deputy City Marshal Arrives on the Scene.

There was a race yesterday between the attorney for the Barbers' Protective association and the barbers who kept shops open to see who could first get their information filed and the attorney for the association came in second best. Nine 'friendly suits' were filed before Justice Vien and the warrants served by Constable Alberti just a few minutes before Deputy City Marshal Stockdale, armed with warrants from the superior court, was able to

get service. The informations in both courts were flied against Fritz Bernhardi of the Grand their Colorado trip. hotel shop and his assistants, F. E. Silvers of Pearl street and his assistants and Fred Klepfer of the Metropolitan hotel shop and his assistants.

In his decision in the case of F. E. Silvers, tried before him last week, Judge Aylesworth laid down the rule that if the barbers who insist on keeping open on Sundays wish to get action in their "friendly suits" before Justice Vien, the warrants in such cases must be served before the auperior court gains jurisdiction over the parties for the same offense. In Silvers' case he was arrested on a warrant issued from the superior court charging him with violating the Sabbath by keeping his shop open and plying his trade on Sunday, Sep tember 8. The hearing was postponed for several days and in the meantime Silvers was made defendant in a "friendly suit" before Justice Vien for the same offense. The case before Vein resulted in his scquittal. When the case came up before Judge Aylesworth the plea was made that having once been tried for the same offense he could not be put in jeopardy again. Judge Aylesworth held, however, that as the warrant from his court had been served first he had jurisdiction and that the other court had no right to interfere. From this decision, it is said, Silvers will appeal. An interesting question has arisen regarding other eastern points. the warrants served yesterday. The cases before Justice Vien are set for hearing a 9 o'clock this morning while in those in the superior court the defendants are cited to appear at 8:30 a. m. This raises the question which court will get jurisdiction first.

Scientific optician, Wollman, 409 Br'dway. THAT NEW OMAHA MOTOR LINE. Work of Construction Will Begin in

a Few Days. More material, in the shape of three car loads of ties, for the new line between this city and Omaha arrived yesterdar and Mr. Reed stated last night that the work of construction would be commenced in a few days, when track laying would be pushed forward as rapidly as possible. By the first of October the company, he said, would advertise for bids for furnishing the equipment, engines, dynamos and other materia necessary for the plant. When asked if the company intended to locate the power house question had not been decided, but would

e in a few days The new line, Mr. Reed said, would not, garet, returned last Sunday from a properly speaking, be a street car railway, but an interurban line. The equipment would be up to date and the motors the most powerful manufactured. The cars relatives at Tacoma and Portland. would be of the latest design and would be somewhat after the pattern of railway coaches with seats for two persons on It would be by a fast service that the new company expected to compete with the

motor company The route in Omaha, Mr. Reed said, would be along Sixteenth street to the business

center. An official of the Omaha & Council Bluffs Railway and Bridge company when seen yesterday stated that he did not look gard the matter at all seriously and suggested that the whole proposition was grandstand play on the part of Mr. Hannan to force the hand of the motor company and compel it to accept his terms for the purchase of Lake Manawa and the Lake Manawa railway. When asked if there was any intention to contest the franchise the official of the motor company declined to answer, but stated that eminent counsel, both in this city and Omaha, had given it as their opinion that the franchise would not hold water, as the Lake Manawa and East Omaha Construction company had forfeited it by failure to observe and carry out the conditions imposed on it by the ordinance. When told this last night Mr. Hannan and Mr. Reed said it was all nonsense and that the motor company could not buy the Lake Manawa railway or the resort at the lake

now if it wanted to. As to the franchise Mr. Hannan said it was just as good today as the day that it was granted. The controversy between the Lake Manawa and East Omaha Construction company and the Fort Dodge & Omaha railway over Avenue A has been satisfactorily settled The injunction suit brought against the

railway company is still pending in the district court, but will now probably be dismissed. Wanted, two first-class millinery preparers at once. Miss Sprink, 21 Main street.

The regular monthly meeting of the Board of Education is on the slate for tonight at the Bloomer building. Some action in the High school site matter is looked for, but what the board will determine on is not known. The members of the board have different opinions as to what course should be pursued and it is not at all unlikely that the matter will have to go over to another meeting. Some of the members still favor building the school on the Oakland avenue site and believe that the correctness of the state superintendent's decision should be tested in the district court by a writ of certiorari. Others, especially Members Moore and Henry, take the position that the board should select another site and are in favor of the Street tract. Treasurer Davis

has prepared his annual report and will sub-

mit it tonight. The report willi show that

the funds in the school treasury amount to

close upon \$100,000. Plans for the Robertson Funeral. The funeral of the late Dr. James Carson indicted by the grand jury on the charge or Robertson will be held this afternoon at 2:30 murder. Their bonds were fixed at \$10,000 o'clock from the family residence, 1006 Fifth avenue. The services will be conducted by Rev. J .W. Wilson, pastor of the Congregational church, and interment will be in Fairview cemetery. The following will serve as palibearers: Drs. Macrae, Lacey, Jennings, Cleaver, Treynor and Waterman, Dr. Robertson was born in Washington, Ia., in 1845 and at the time of his death was 54 years of age. He came to Council Bluffs in 1887. He was a member of the Masonic frateruity, the Woodmen of the World and the Ancient Order of United Workmen. He

The aldermen and other city officials are seriously considering a plan whereby it is thought that the litization brought by Attorney J. J. Shea against the city, attacking the validity of its outstanding indebted ness and tieing up its funds, may be brought to a satisfactory close. It is stated that suggestion has bene made to the city fathers that a compromise might be effected with Shea and possibly the dismissal of the several suits now pending. The plan suggested is that the questions involved in the suits be submitted on an agreed state ment of facts with an agreement to a verdict for the city, establishing the validity of the outstanding obligations. The city officials decline to make public the nature "compromise" suggested. of the

Death of Mrs. Ella Stephens. Mrs. Ella Stephens, wife of George W Stephens, died Saturday night at her home near Crescent City, aged 36 years. Methodists Support the Government DENISON, Ia., Sept. 17 .- (Special Telegram.)-The Methodist conference passed the following resolution:

"Your committee on state of our country without assuming to advise regarding political opinions, parties or policies, submits the fellowing:

Resolved, That inasenuch as we share the responsibilities of both civic, sovereignty and religious propaganda, it becomes us to express our individual and churchly recog nition of the present unprecedented period in the history of our nation by saying we rejoice in the massive strength and triumph of that Christian civilization of which our pation has but recently been the signal and divinely appointed instrument. We rejoice in the overthrow of ecclesiastical tyranny which had for centuries made the

Spanish government an agent of its cruel oppression, crushing the hearts and hopes of material and spiritual well-being of millions of people in the West Indies and the Philippine Islands. We rejoice that the shock of arms has rifled the dense cloud of papal domination to admit the dawning Mrs. J. F. Oliver is home from a visit with of a better day to the whole of Latin America and the southern island, While we rejoice that God has given our nation the glory of thus serving Him, we humbly pray His blessing upon our people and government that as a nation and as a church we may be quick, strong and liberal to bear the light and love of a true domain which by incident of war and treaty has acknowledged our flag."

Closes Audubon Saloons

AUDUBON, Ia., Sept. 17 .- (Special.)-The lecree in the case of W. H. Shipman, R. L. Harris et al., against J. J. Wieland, tried before Judge Macy August 25, has been received. The question involved the action f the Board of County Commissioners in refusing to allow 100 signers of a mulct saloon petition to withdraw their names therefrom after the Board of Supervisors commenced the canvass of the petition, but before final action.

Judge Macy held that a signer had the right to withdraw his name from the petition until final action and reversed the action of the county commissioners. The withdrawal of the names reduced the petition below the required per cent. The effect of this will be to close every saloon in Audubon county. The brewery companies and temperance people of lows have watched the case with great interest.

Bold Robbery. FORT DODGE, Ia., Spt. 17 .- (Special Telegram.)-The William Robinson grocery store was looted of \$200 in cash and checks Saturday night. The robbery was one of the most audacious on record. About 9 o'clock in the evening William Robinson, the proprietor, was called to the front door by a stranger. When he returned he found two other strangers in the store. They said they wanted tobacco. They obtained the desired article and went out. A few minutes later Mr. Robinson discovered that \$200 in cash and checks had been taken from the safe. which was open at the time.

Loses a Foot. FORT DODGE, Ia., Sept. 17.-(Special Telegram.)-James Dalley of Eagle Grove become intoxicated during the evening. He attempted to board the excursion train on the Mason City & Fort Dodge after it had started and fell under the wheels, receiving injuries that necessitated the amputation of his foot.

Good Rain at Burlington. BURLINGTON, Ia., Sept. 17.—(Special Telegram.)-Up to yesterday the drouth had become oppressive to the farmers, who were compelled to haul water for their stock from a long distance. Today a beavy rain is falling, effectually ending the difficulty Fall pasturage is greatly benefited.

ROOT TO GOVERNOR RICHARDS.

Compliments of the Governor to Be Conveyed to General Shafter. CHEYENNE, Wyo., Sept. 17 .- (Special Telegram.)-In response to a letter sent to the secretary of war thanking him for the very efficient manner of caring for the returning Wyoming volunteers at San Francisco Governor Richards today received the following from Secretary Root:

"I thank you for your thoughtful and kind expressions of satisfaction over the treatment received by the troops of your state in camp at San Francisco. The part played by the men of Wyoming in the Philippines entitles them to the best treatment by the government which they have so gallantly and faithfully served. I shall take great pleasure in communicating to General Shafter the good opinion you entertain.

Rich Copper Strike. SARATOGA, Wyo., Sept. 17 .- (Special.) The recent copper strike in the Rudefeha mine, owned by the Ferris-Haggarty company, is proving very much richer than at first reported. The vein out is twenty-two feet thick and contains rich peacock ore averag-

MINING IN THE BLACK HILLS Latest News of Interest from the Rich Mineral Regions of

South Dakots.

DEADWOOD, S. D., Sept. 17 .- (Special.)-The Elk Creek mining district, in Pennington county, is rapidly coming to the notice of the public. It is here that the old Uncle Sam mine is located, which will soon commence to produce ore under the management of the Clover Lenf Mining company. The starting up of this old mine has caused other mine owners to take another start, with the result that a half dozen old mines are being cleared of water and the country for several miles around is being thoroughly prospected for ore indications. The Scandinavian mine, located about four miles up the gulch from the Uncle Sam, is one of the old mines that are being made ready for taking out ore. A shaft was sunk about 118 feet several years ago and down to that depth the ore was rich and free milling. It was found to commence at that depth to get refractory and the owners at that time were unable to treat the ore. With the present acilities for treating refractory ores in the Black Hills, the mine can be reopened and worked to a good advantage. There are several bodies of ore which are rich in gold. The main vein carried, when the mine closed down, about \$20 in gold and from to 16 per cent in copper. The dump at the mine is filled with one taken out years ago which can now be treated with modern facilities at a good profit. The Pelican group of claims, lying be-

ween the Uncle Sam mine and the Scandinavian, and owned by Charles Bohl and associates of Deadwood, shows a wide vein f free milling ore which runs from \$2 to \$55 per ton and the same parties are working a piece of ground in the same vicinity which carries a fair grade of gold ore and high per cent of copper.

A ledge of copper ore was encountered recently by Steele & Treweek, a mile south of the Beandinavian, at a depth of 118 feet. Copper indications are good in the camp. It is claimed by many that the gold ledge s a continuation of the Homestake ore body and the prospect is apparently good for opening up a number of very rich mines along the belt.

A. D. Arundel of Minneapolis, who has purchased the Lena mine, north of Hill City, has encountered a rich vein of free milling ore which has the prospect of befeet he started to follow a rich vein of ore and in a short time it was joined with another stringer which, together, have now formed a vein about four feet thick. It is a true fleaure vein and contains a great deal of free gold. The vein will be followed down and the ore will be blocked out before Mr. Arundel attempts the erection of a plant to treat the ore. Mr. Arundel is also working a property in the Pac

tola district, east of Hill City. Rochford mining district is showing considerable activity this fall. The mine owned by James Cochran is producing about thirty tons of free-milling ore per day, which is being treated by a Huntington mill. The ore averages about \$20 per ton. It is mined from an open cut and the vein is about 100 feet wide. About fifteen feet of the vein carries the richest ore. The mine is located between Rochford and Hornblend Camp. In this latter district the North Star mine is being worked under lease by Anderson McQuarahan, who is treating about fifteen tons of ore per day in a small stamp mill at the mine. At Rochford the Montezuma Mining company is developing had his foot cut off by the cars here last its mining ground with good results. About night. He had come to the Fort Dodge fifteen men are employed in the Old Standby mine and a good grade of ore is being out and shipped

> ale of Irrigated Farm. SIOUX FALLS, S. D., Sept. 17 .- (Special.) -The mammoth irrigated farm of Hon. J. M. Greene, ex-chairman of the republican state committee, situated in Brule county, has just been sold to a wealthy Poweshiek county (Ia.) stock farmer for the sum of \$20,000, making it the largest and most important sale ever made in western South Dakota, considering the number of acres involved in the transfer. The farm contains 800 acres and is among the celebrated and best developed irrigated farms in the west.

WHAT IS THE USE. No Need to Go Through Life a Sufferer.

Means of Relief is Near at Band and Recommended by People You Know.

What is the use to go on suffering from kidney backache, nervousness, sleeplessness and disziness when a fifty-cent box of Morrow's Kid-ne-olds will cure you? Probably you have not heard of Kid-ne-olds ,so if you will read this statement it will pay you tenfold. We give you as reference Mrs. J. C. Davis of 606 South 80th Ave., who says :-"My husband is shipping clerk for the Wilhelm Wholesale Hardware Co. He has complained for some time of a dull lingering pain across the small of his back and was quite nervous and restless at nights. The pain in his back was more severe at nights and he also com-plained of rheumatism. Learning about Morrow's Kid-ne-olds, he procured some and took them according to directions and was DR. soon entirely refleved of all his former troubles. I am using Morrow's Liver-lex and find them to be an excellent remedy for torpid liver, billousness and spells of dizziness."

Morrow's Kid-ne-olds are not pills, but

Yellow Tublets and sell at fifty cents a box. Morrow's Liver-lax are small red granules and sell at twenty-five cents a box. Both remedies can be purchased at all drug stores and from the Myers-Dillon Drug Co. on receipt of price.

To Weak Men.

And Women Dr. Bennett's Electric Belt offers a Guaranteed and Per-manent Cure-Drugs Will Not Cure -They Oppose Nature-Other Belts Burn Frightfully.

To weak and deblitated men and women I offer a free book if they will only write for it. It will tell you just why drugs will not cure and why Electricity is now the greatest remedial agent known to modern science. I could give drugs if I wanted to and make a great deal of money by doing so—it does not cost a cent to write a prescription; but I could not give you drug treatment and be honest, for I know drugs will not cure—they only temporarily stimtreatment and be honest, for I know disas will not cure—they only temporarily stimulate. I am the inventor of

slightly benefit one man will literally tear down the constitution of another. Electricity alone stands unassaliable. It is the Vital and Nerve Force of every man and weman—it is life itself. When there is a lack of Electricity in the system you are sick, My Belt is to supply this last Electricity. The only trouble heretofore with electric belts and batteries was that the current did not penetrate the system, but was retained upon the surface, which caused frightful burns and blisters. I have done away with all that. My Belt has soft, silken, chamois-covered sponge electrodes that render this burning and blistering a physical impossibility and allows the entire current to penetrate the system as it should. The electrodes on my Belt cost more to manufacture than the entire belt of the old-style makes. When worn out it can be renewed for only % cents. No other belt can be renewed for any price and when worn out is worthless.

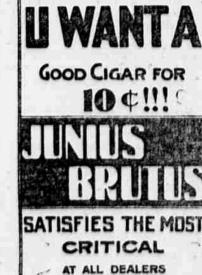

I guarantee my Belt to cure Sexual Impotency, Lost Manhood, Varicoccie, Spermatorrhoea and all forms of Sexual Weaknesses in either sex; restore Shrunken and Undeveloped Organs and Vitality; cure Nervous and General Deblity, Kidney, Liver and Bladder Troubses, Chronic Constipation, Dyspepia, Rheumatism in any form. All female complaints, etc. The prices of my Belts are only about half what is asked for the old-style affairs and I warrant mine to be four times stronger. Centeries a current that you can instantly feel.

Call upon and write me today—sacredly confidential. Get symptom blanks and

stantly feel.

Call upon and write me today—sacredly, confidential. Get symptom bianks and literature. Write for my New Book About Electricity. My Electrical Suspensory for the permanent cure of the various weaknesses of men is FREE to every make furchaser of one of my Belts, Consultation and advice without cost.
