WHAT WOULD JESUS DO," CAMPAIGN CRY

Weather Favors Corn Cutting and

withstanding. The statement says in part "The state central committee, having provided for the vacancy on the ticket, we now

present the following: For governor, C. C. Heacock of Brighton; lleutenant governor J. F. R. Leonard of Ainsworth; judge of supreme court, F. W. Darner of Ottumwa,

superintendent of public instruction, W. C. Pigeon of Richland; railroad commissioner, C. Z. Lindley of Hedrick.

"Nomination papers for this ticket are now being circulated by the committee and we are very confident that within a few days the papers will be filed with the secretary of state with the signatures of far required. And we are persuaded that the cople of Iowa will soon realize that the United Christian party is neither dead nor broken up, but is here to stay. True, the United Christian party has adopted as its motto, 'What Would Jesus Do?' and we are fully convinced that those who are identified

with the move are endeavoring to an swer that question, each for himself, by practicing what they believe Jesus would do were He in their place. Therefore, we

are not in the mud-slinging business, recognizing the fact that honest men may honthe board, he said, ought to get together pected to enter a bid. J. P. Miller, the head estly differ as to the method for the accomplishment of certain ends. And while we recognize this fact, yet we believe that Christian men should all be united at the ballot box for the overthrow of the licensed saloon and all other legalized wrong."

## Crop Report.

The last crop report of the season to be issued by the Iowa weather and crop service came out this evening. It summarizes conditions as follows:

A number of complaints have been filed with the city officials about the condition of North Main street and the approaches to the bridge on that street over the creek. At the time the bridge was repaired the approaches were left unfinished and have been in that condition ever since.

The hearing of Victor Guyot, the French lad charged with breaking into a Rock Island freight car, has been continued. It was said yesterday that the railway company will not press the charge, as the young fellow did not break into the car with a felonious intent and did not realize was committing a crime when he

At the grave the action being taken. President Sims atservices were in charge of Bluff City Masonic lodge, of which Dr. Robertson was a member. The cortege was over four blocks long.

#### Friendly Suits Dismissed.

The "friendly suits" brought in the court of Justice Vien against the barbers and their assistants who kept their shops open Sunday were dismissed yesterday morning on the motion of Assistant County Attorney Kimball, Mr. Kimball based his motion on the grounds that inasmuch as the cases were to be submitted upon a similar statement of facts as in the previous suits upon which Justice Vien had already passed it was useless to put the county to the expense of a trial. The cases in the superior court against the same barbers were continued until this morning.

Wanted, two first-class millinery preparers at once. Miss Sprink, 21 Main street.

Charles Emmet Babcock Dead. Charles Emmet Babcock died yesterday afternoon at the residence of his daughter, Charles Haas, at the corner of Seventh street and Sixth avenue, aged 58 years. Death was due to degeneration of the heart. He leaves three children, Mrs. C. Hans, Miss Charity Babcock and Charles J. Babcock. Mr. Babcock was born in Fort Madison, this state, and resided for many years in Chicago. The funeral will be held Thursday morning at 9 o'clock from St. Francis' Xavier's church.

#### Real Estate Transfers.

The following transfers were filed yester-day in the abstract, title and loan office of J W. Squire, 101 Pearl street: J W. Squire, 101 Pearl street: EHas W. Thornton to M. B. ballot gave Oakland avenue two, Aylesworth property two, Fifth avenue and Seventh street site one and the Ballard property two.

#### Question is Referred.

It was then that Stewart's motion to refer to committee of the whole carried. In making his motion Stewart suggested that the members of the board get together and investigate all the sites offered and other sites that might be secured, if not by purchase, by condemnation. He favored the Oakland avenue gite, but was willing to forego his preference if the board could make a selection that would be acceptable to the people. It did not matter, he said,

what site they might select at this meeting, but an appeal would be taken at once.

> Contractor Wickham presented a bill of \$275, partial estimate on the grading done by him on the Oakland avenue site, but members were afraid to tackle it and it tached his "O. K." to the bill, stating that on April 17 he had been authorized by a resolution of the board to enter into a contract with Wickham for the grading if he

was satisfied that the title to the Oakland property was good. Cooper said he was afraid if they allowed the bill it might be taken to construe that the board admitted

the purchase of the property. The matter of reinsuring the boilers in the different buildings was, after considerable discussion, referred to the chairman of the committees on fuel and heating and buildings and grounds. The bollers have been insured for \$30,000 with the Hartford Steam Boiler and Inspection company. The rate was \$300 for three years and the matter came up on the agent of the company proposing to renew the insurance at the same rate for another three years. The policies expire on the 28th of this month. Stewart opposed reinsuring, but Henry and More advocated it, believing, they said, that the inspection of the boilers by the company alone was worth the money. The safety and protection of the children, they insisted, demanded that the boilers be insured and inspected by capable parties. Dillon Ross was re-elected secretary of

the board by acclamation and his salary fixed at \$300 per annum as before. Treasurer's Report.

The report of Treasurer Davis, accompanied by a certified check on the First National bank for \$96,316.51, the amount of ash in the different funds in his hands, was referred to the finance committee.

A notice calling the board's attention to the passd by the city council was referred to the committee on buildings and grounds. The janitor at the Twentleth avenue school complained that the pigeons were injuring the roof and cornice of the building and he was given authority to shoot or otherwise get rid of them.

To fill the vacancies caused by the resignation of Member Stewart, President Sims an nounced the appointment of Henry as chairman of finance committee and Swaine as second member on the committee on text

books. At the opening of the session after the secretary had read the minutes Member from Newport News, laft the man-of-war books. secretary had read the minutee Member Stewart moved that the records relating to the two special meetings held during his absence from the city and at which the ac-tion restoring the salaries of the principals was taken be rejected. He claimed that he had received no notice of the calling of the meetings, but Secretary Ross stated that he had personally left the notices at his office. His motion failed to carry. CENTERVILLE, Ia., Sept. 18 .- (Special turned into the general state fund. Telegram.)-While Mr. and Mrs. J. Wales were away yesterday their home and its contents were destroyed by fire, it is supposed as a result of the famous Wales Hakefield foud. Indignation runs high and

more trouble of this kind is feared. The trouble began less than three years ago and since then two of the Wales' residences have been burned, the product of grain and hay on one of the Wales' farms is destroyed by fire, all of which were doubtless the work of an incendiary. There have been no fewer than a half dozen handto-hand encounters and three shootings in which blood flowed each time. Other neighbors are beginning to take sides and a reign of terror prevails in that neighborhood, more difficulties being expected every day.

FIREMEN GO TO SCHOOL.

Members of the Department to Be

Fitted for Life Saving Corps. In order to increase the efficiency of the

fire department in the boroughs of Brocklyn

and Queens, says the New York Sun, a de-

partment school of instruction has been

started in Brooklyn on the same lines as

the one in this borough, of which every offi-

such they are entitled to a certificate of

The time required for the making of an

expert fireman has usually been about thirty

days. The Brooklyn school, however, will

not have raw material to deal with, as the

actual experience of the firemen of the

good deal. Only about two weeks at the

graduation to the ranks of expert life

There are about 1,100 members of the fire

The class room of the school is the vard o

posed of two officers and twenty-two fire-

men, taken from as many different com-

tain Marcus Fitzgerald, commander of the

fire boat David A. Boody, and Lieutenant

panies throughout the two boroughs.
