GETTING DOWN TO BUSINESS

Republican County Committee Will Soon Open Its Headquarters.

WILL WAGE AN AGGRESSIVE CAMPAIGN

With a Strong Ticket and United Effort it Expects to Sweep the County by an Overwhelming Majority.

Within the next day or two Chairman Collins of the republican county central committee will appoint the executive committee, headquarters will be opened and a systematic and vigorous campaign will be insugurated to eject the republican ticket. Having been out of town until last Saturday Mr. Collins has been unable to arrange all the preliminary details, but he says that these will be attended to at once and the executive committee announced. The location of the headquarters will then be selected and the fight vigorously pushed until election day.

The sentiment among republican workers is that the party was never better crowded to their utmost capacity. The litequipped for an aggressive campaign than it is this fall. The personality of its candidates is not open to attack and it has the advantage of having a committee thoroughly harmonious and composed of men who can be depended on to secure the best results in the wards and precincts that they represent. The make-up of the popocratic ticket is regarded as another element in favor of republican success, as in several cases the superior ability of the republican candidates is too apparent to admit of contradiction. Chairman Collins announces his intention to select an executive committee composed exclusively of live men. who will assist him in keeping the enemy on the jump. Plans for meetings and other incidental features of the contest will be submitted to the new executive committee and it is expected the entire organization will be in working order before the end of

the week. During the last day or two talk of a Douglas county candidate for the supreme bench has been revived and some of the Omaha republicans are suggesting Hon. Lorenzo Crounse for the nomination. Judge Crounse was appointed associate justice of the Nebraska supreme court in February, 1867, and he served with George B. Lake of this city as his associate. In 1873 he was the official supreme court reporter.

Talk of Judge Crounse's candidacy suggests a significant comparison between his position as governor on the house rent question and that of Governor Holcomb. During the term of Governor Crounse the legislature passed an appropriation to pay his house rent. This was promptly vetoed by him on the ground that the act of the legislature was in conflict with section 24 of article v of the state constitution, which

"The salaries of the governor, auditor of public accounts and treasurer shall be \$2,-500 each per annum, and of the secretary of state, attorney general, superintendent of public instruction and commissioner of public lands and buildings, \$2,000 each per annum. The lieutenant governor shall re- third and K and Twenty-third and S. ceive twice the compensation of a senator and, after the adoption of this constitution, they shall not receive to their own use any fees, costs, perquisites of office or other compensation, and all fees that may hereafter be payable by law, for services performed by an officer, provided for in this article of the constitution, shall be paid in

advance into the state treasury."

Governor Crounse took the emphatic position that an additional allowance for house rent was unmistakably "other compensa-tion" in the meaning of the constitution and refused to approve the item. The action of Governor Holcomb under similar circumstances is a matter of recent history.

The recent populist county convention was a curious combination of political influences. The main question before it was called to order was whether the state administration would be able to control its trict on Twenty-first street between Q and proceedings. An examination of the records discovers abundant material on which to answer the query either way. The great east side of Twenty-third street from N to desire of the administration populists, seconded by the very disinterested efforts of the democrats, was to force A. J. Williams off the county commissioner ticket. This was accomplished by seating the Hibbard delegation from Union precinct and, when this was done, it was conceded that the administration had the convention in its grip. But subsequent proceedings scarcely sustained this view. After carrying out the administration program the delegates turned around and re-elected E. F. Morearity, one of the most radical opponents o the administration, as secretary of the county committee, and then topped off the proceedings by adopting a set of resofutions in which Governor Poynter and his advisers were most mercilessly lampooned. On this showing the question of supremacy seems to be still open to dispute.

Harrington confirms the understanding that falling into a hole in the street at Twenty-Harrington will withdraw from the congressional race in the Sixth district in favor of from the ticket will be filed in due time.

A meeting of the populist county committee will be called during the latter part of the week. The object is to make arrangements for holding a series of meetings during the campaign, but the general feeling among the campaign, but the general feeling among the populists favors waiting until about Oc-ble of canceling from 175 to 300 letters tober 1 before beginning active operations.

No wonder people doubt. So many statements are made. Statements endorsed by strangers. From people living in far-distant towns. Don't know them and can't see them, Such endorsements have a hazy aspect. Omaha people want local proof. That's what we have here.

It's not beyond belief because it can be proven. Read a citizen's testimony

Congreseman Towne of Minnesota has agreed to help the popocratic candidates out o the extent of a week of speechmaking later in the campaign. He will be billed for a series of speeches at Omaha, Lincoln, Grand Island and other large towns. Efforts are being made to secure the services of a number of other fusion speakers of national reputation, and, with Bryan almost constantly on the stump, the fusion campaign will not lack in oratory.

Henry E. Ostrom, the republican candidate for county commissioner, filed with the county clerk a statement of his campaign expenses, the nomination costing him \$39.50. Hans Schneider, republican nominee for constable, says in his report that his nomination did not cost him a cent.

By the use of this machine a great saving in time will result at this postoffice, as thousands of circulars are mailed at a time by the different packing companies, thus greatly increasing the work of the canceling clerks. With the new machine circulars will be accorded the same treatment as letters and from this time on there will be no delay in any of the departments. It is figured that a stamping machine is worth the work of two clerks, so that now with the same number of clerks and the machine addition the business of the office can be handled in first-class manner.

Cattle Record Broken.

Monday's cattle receipts of 10,695 head broke the record at this market. The largest number received on any one day heretofore was on October 4, 1898, when 8,826 head came in. At the present time this is the highest feeder market in the country for shippers and the attention of cutside buyors is being attracted daily to this point. Shippers have found that South Omaha is the best market to ship to, if good prices are expected, and heavy receipts during the balance of the month are expected.

School Board Matters

Monday night's meeting of the Board of Education was devoted entirely to the transaction of business. Superintendent Wolfe reported a total enrollment of 2,090 pupils-This is 627 more than last year at the same time. A French class is to be established at Superintendent Wolfe's office this winter for the accommodation of those who desire to attend. Mies Cora Gosney was elected a teacher, to be placed on the assignment list at a salary of \$55 a month. Frank Pierce was chosen janitor to fill the vacancy caused by the resignation of Lewis K. Kells, Mc-Donald & Bock were allowed \$500 on the contract for fitting up basements for school purposes in a number of the buildings. The erection of the new Twentieth street school building was read and approved.

LOYAL SUBJECTS OF A KING Enthusiastic and Well Attended

Unlimited enthusiasm and joy unconfined were fitting attendants of the meeting of the Knights of Ak-Sar-Ben Monday night, t being the final gathering of the clans before the annual fall festivities next week. About 100 candidates swore unswerving allegiance to the king, and they were accorded the same royal reception which had fallen to the lot of many hundreds before them. Monday night's addition brings the membership up to about 1,200 and there was much joy over the successful swelling of the

rolls of the royal knights. After the conclusion of the initiatory exercises the knights were permitted to peep at some of the magnificent floats which are to form a part of next week's pageantry. Their grandeur and beauty are considered by nearly everyone to far exceed those of any former years. A number of the knights signified their intention of joining the excursion to Hastings next Saturday, and all will go prepared for a rip-roaring good time and to assure the Hastings people of the royal welcome which awaits them in Omaha during Ak-Sar-Ben week.

Syracuse Fighter Gives Harlem Coffee Cooler a Terrible Drubbing.

NEW YORK, Sept. 18.—Tommy Ryan, the Syracuse middleweight, gave Frank Craig, the Harlem coffee cooler, a terrible drubbing before 7,000 persons at the Coney Island Sporting club tonight.

That Ryan would defeat Craig was generally believed, but from the glowing accounts of Craig's doing the Brilons every one looked for a much better fight than that which the colored man put up. He knocked Ryan down in the second round, but never afterward did he hold the upper hand.

ILs actions in the ninth round were dis-He actions in the ninth round were disappointing, as he went down five times to avoid punishment. His face was battered out of all shape when he came up for the tenth and if Referee Siler had not interfered and stopped the bout Ryan would certainly have finished his job and put an end to Craig's fighting career before the end of the round. Both were in good condition and each was under 158 pounds.

PICKANINNIES' PERCH BREAKS

Youngsters Watching Buffalo Bill's Show from Tree Limb Fall.

Seven little pickaninnies astradle the limb of a tree at the side of the tent where Buffalo Bill's show was going on met with a serious disaster Monday afternoon. A hoard of penniless youngsters infested the grounds all day, prespecting for opportunities to see the performance gratis. One of the number, more enterprising than the rest, discovered a perch in the trees from which he could peek over the flap of the canvass and see all that happened within. The lad on the limb was in plain sight of the crowd and it wasn't long before other boys climbed the tree. The branch bent beneath their weight, but held, and seven of the youngsters were enjoying the treat of a life-time when a new-comer spied them and announced his intention of increasing

The little fellows protested, but the new arrival was larger than they and their protests did not count. He crowded out on the limb. No sooner had he become comfortably seated and the other lads resumed watching the show than there was a crash. The limb fell without warning and precipitated its occupants in a heap. There was confusion for an instant, then those on top picked themselves up and out of the tangle of brown legs and arms one little fellow emerged with his hand hanging loose and limp. The wrist was fractured in two

Others of the eight rubbed bruised spot on various parts of their anatomy, none of them were seriously hurt. The lad with a broken wrist was taken to the city jail where Dr. Ralph set the bones, His name is Theodore Thomas. He is 12 years old and his father is a bracksmith Twentieth and M streets, South Omaha The lad was taken to his home in the patrol wagon.
