WELCOME FOR VOLUNTEERS

Council Bluffs Prepares to Receive the Fifty First Iowa Regiment.

MAYOR JENNINGS CALLS MASS MEETING

Citizens Will Gather Friday Night at Odd Fellows' Hall to Discuss Ways and Means—Text of the Proclamation.

The announcement contained in the cablegram from General Otis that the Fifty-first Iowa volunteers were to sail from Manila today has aroused the people of Council Bluffs to the fact that there is no time to be lost in making arrangements for the reception of the regiment in this city.

Adjutant General Byers on his recent visit to the city stated that the regiment would be brought to Council Bluffs and that from this point the several companies would leave for their respective home towns.

John Gilman of Worcester, Mass., editor of the Farm Journal, was in the city yesterday on his way to Idaho, where he has extensive interests.

County Superintendent Sawyer went to Avoca yesterday, where he will spend the remainder of the week visiting schools. He will return Saturday.

J. C. Hartman of Creston, who has been attending the Methodist conference at Denison, is visiting in Council Bluffs.

W. C. O'Leary, charged with swindling in connection with a horse trade, was committed to the county jail yesterday on motion of the assistant county attorney.

J. C. Lange returned yesterday from Okla. Minn., where, in company with Division Superintendent Duggan of the Burlington and a party of friends, he had been fishing.

Ed Burke, Jr., colored, aged 56 years, died last evening at his home, 424 N. 10th St. The funeral will occur from Mount Zion Baptist church at 3 p. m. tomorrow.

All members of Augusta Grove are requested to be present at the meeting tomorrow night, as there is some business of importance to be transacted.

The carpenter and paint shop of L. C. Larson on Fourth street was destroyed by fire about the middle of the night. The fire had hard work to keep the flames from spreading to the carriage factory of H. C. Hattmeyer adjoining.

There are a great many sorts of ties—family ties, ties of friendship, railroad ties (on the Manawa road), ties of honor (for the U. S. Army), ties of duty (for the U. S. Navy), ties of love (for the U. S. Marine Corps), ties of loyalty (for the U. S. Army), ties of patriotism (for the U. S. Navy), ties of honor (for the U. S. Marine Corps), ties of duty (for the U. S. Army), ties of love (for the U. S. Navy), ties of loyalty (for the U. S. Marine Corps), ties of patriotism (for the U. S. Army).

When Judge Ayresworth reconvened the July term of the superior court yesterday none of the attorneys interested in the cases on the docket were ready for trial and court was obliged to adjourn without doing anything. The case of the Pomeroy and Trust company against W. A. Dafford has been assigned for trial this morning.

The funeral of the late Mrs. Ella Stephens was held yesterday at 2 o'clock from the First Christian church. The Rev. Mr. Perkins officiating. His remarks were very impressive. Many beautiful floral tributes were placed upon the casket by loving friends.

The church of the body was taken to Walnut Hill, where the mother and babe were interred in the same vault. The family were: C. A. Lacey, C. H. White, E. F. Wats, and L. A. Boren.

N. Y. Plumbing Company. Tel. 250.

Federal Court Opens. The September term of the United States district court was opened yesterday with Judge Woolson on the bench.

James Hoover, charged with bootlegging, entered a plea of guilty and sentence was deferred.

W. B. Rowland, an attorney from Harlan, was admitted to practice in the federal court.

J. H. Patee, J. C. Rayburn and Hugh McCormick were excused for various causes from serving on the grand jury and W. A. Todd was transferred to the petit jury.

A jury was impaneled and the trial of the suit of Chris Knutson against the Chicago & Northwestern Railway company was commenced.

Knutson sues for \$5,000 damages by reason of an alleged breach of contract. He was injured in a collision on the Northwestern between Council Bluffs and Crescent in 1893. He claims that in consideration of the company agreeing to give him a permanent job in the round-house he signed a release of his claim for damages for his injuries. This agreement Knutson claims the company failed to abide by, but after keeping him waiting with promise until any action on his part to remove damages for his injuries was outlawed, he was discharged.

At the time of the accident he was employed by the defendant company as a section hand.

Davis sells paint.

Porto Rican Relief Fund. Mayor Jennings and County Auditor Innes succeeded in securing \$141 for the Porto Rican relief fund and a check for that amount was forwarded to Governor Shaw yesterday.

The following donations were received since the last statement published: Amount previously reported, \$129.25; James Rainbow, .50; Finley Burke, .50; H. C. Raymond, 1.00; Dr. Macdonald, .50; Willoughby Dye, .50; Hubb Woodman, .50; Clayton, .50; P. A. Lane, .50; G. L. Stemple, .50; H. L. Woodman, 1.00; Louis S. Antonio, 1.00; E. Rayburn, .50; T. J. Young, .50; Anderson Bros., .50; W. Mitchell, .50; P. I. Pugh, .50; J. M. Davidson, .50; J. M. Kelley, .50.

Total, \$41.00.

Howell's Anti "Kaw" cures coughs, colds.

Attempt to Settle Barbers' Row. At the suggestion of Judge Ayresworth of the superior court, the attorneys for the barbers who have been prosecuted for keeping their shops open on Sundays made overtures yesterday for the settlement of the Barbers' Protective association in the hope that some settlement might be reached whereby the fight might be brought to an end.

The proposition was in substance that the Barbers' association should continue the cases pending and commence no further prosecutions until the determination of the case against F. E. Silvers, appealed from the superior court and which is now pending in the district court. J. B. Sweet, the attorney retained by the Barbers' Protective association, refused to entertain any such proposition.

Scientific optician. Wollman. 409 Brdway.

LIFE INSURANCE POLICIES BOUGHT For Cash or Loaned On. E. H. SHEAFE & CO., Pearl Street, Council Bluffs, Iowa.

paid for itself at the expiration of ten years that the contract may be extended and the rates for light adjusted at the expiration of each five-year period.

"Third—A minimum rate of charges to private consumers to be determined by mutual agreement, which rate shall be maintained as long as the plant is retired and the property paid for in full. Such a provision is necessary to insure the successful operation of the plant at a profit.

"Fourth—in the event it becomes necessary to make extensive improvements to the plant, either by way of extensions and additions or in replacing present machinery, we will advance the necessary moneys at 5 per cent, and take additional bonds secured by mortgage upon the plant to provide for these new moneys. (The mortgage securing the bonds can be drawn in such a manner that this end can readily be accomplished.)

"Fifth—we will operate the plant, if desired, for the period of six months without any charges for superintendence and collection of rates.

"Sixth—if, at the expiration of seven years, the city is not satisfied to continue the operation of the plant, we will take it back without cost or charge to the city.

"Seventh—the city shall not dispose of the plant to any third party until it shall have been paid for in full.

"Eighth—the city shall enter into a covenant to expend all necessary moneys for the repair and the necessary machinery when required, out of the surplus earnings of the plant, or out of the new moneys in section No. 4, but the city shall not directly or indirectly assume any debt or obligation beyond that provided for in the light when and as furnished. We will at once enter into a contract with the city of Council Bluffs in accordance with the terms of this agreement.

The electric machinery and plant of the Council Bluffs Gas and Electric company are now in first class repair, ready for use and repair, and it is as good as new, and will continue to perform efficient service for several years. We at present have a capacity for a largely increased business, and if necessary new machinery can be added at a small cost.

The machinery of the plant has been almost entirely rebuilt. Present conditions warrant a belief that the property will pay for itself in from ten to twelve years; but under this plan, if any large expenditures become necessary, the city will run no risk of incurring any debt or mortgage, ample provision having been made for new capital requirements. Electric machinery is constantly being improved, and dynamo and engine which today are modern, in seven or eight years will become more or less obsolete.

Under this plan the city will be in possession of practically new plant at the expiration of the contract. It must also be borne in mind that under the terms of this plan there is no fixed price which shall be charged for public light beyond the term of five years, and at the expiration of each five years the city will be free to readjustment based upon the then existing conditions of the lighting business. In this way the city will be protected against a long time contract at high rates.

For furnishing street lighting the company submitted the following bids:

One hundred and fifty arc lamps for a period of five years at \$73 per lamp, additional lamps same rate, or a sliding scale of \$75 to \$71; 150 arc lamps for a period of ten years at \$67.50 per lamp, additional lamps same rate, or for same period at \$68.50 per lamp for first five years, rate to correspond with the then existing conditions of business; 150 arc lamps for a period of fifteen years at \$65 per lamp, additional lamps same rate, or for same period at \$67.50 for the first five years, prices to be rearranged at the end of the five year period, or a sliding scale of from \$72 to \$58 per lamp.

The bid of the Municipal Construction company contained two propositions:

First—One hundred and fifty arc lamps at \$70 per lamp and \$60 per lamp additional; city to enter into a five year contract at this price with a twenty-five year franchise; the plant to be bonded for \$104,000 at 5 per cent interest.

Second—Two hundred lamps at \$55 per lamp per annum and \$50 per lamp additional; city to enter into a twenty-five year franchise; plant to be bonded for \$112,000 at 5 per cent interest.

The bid of the J. P. Miller company is to build a plant according to the city and specifications adopted by the city with a capacity of 150 arc lamps. The plant to be bonded for \$112,000 and deeded to the city, the bonds to carry 5 per cent interest; the city to levy 5 mills each year to pay for it. This company does not ask for any contract in its bid.

The Secker company submitted two bids. First: the company to build the plant according to the plans and specifications and deed it to the city, the city to pay \$68 per annum for 15 years per lamp for 150 lamps; second: the company to build the plant according to its own plans and specifications and deed it to the city, the city to pay \$65.50 per lamp for 150 lamps per annum for 15 years.

Prior to taking up the matter of the bids some routine business was disposed of. A resolution was adopted rescinding the resolution adopted by the council April 10, last, authorizing the issuance of bonds to refund the outstanding water and general fund warrants against the issuance of which Attorney J. E. Shea instituted injunction proceedings in the district court. As soon as this resolution had been adopted another similar to the one adopted in April was introduced, providing for the refunding of \$65,000 outstanding water warrants at 4.12 per cent.

Alderman Brough suggested that the matter be laid over to Thursday, as the bonds could be disposed of at a lower rate of interest. This brought Alderman Casper to his feet with a protest against any delay and in his excitement he let the cat out of the bag. From his remarks it developed that a party named Van Vochten, Cedar Rapids has made an arrangement to take up the bonds at 4 1/2 per cent interest and that although it might be possible to dispose of the bonds at 4 per cent, as Casper stated it, "it was necessary that there be a dividend somewhere for certain individuals. The bonds to be issued for the purpose of effecting the 'compromise,' which the city officials are reported to have been considering as a means of stopping the pending litigation, it was necessary that the party purchasing the bonds should have an extra 1/2 per cent interest."

The announcement from Casper created quite a sensation among the citizens present and Cashier Hannan of the First National bank, who last April offered to take the refunding bonds, was given the privilege of making the bid. He said he had arranged to place the refunding bonds at 4 1/2 per cent or perhaps even better if the matter was permitted to lay over until Thursday. He believed that the people of Council Bluffs should be allowed to have a finger in the pie as well as at the time the matter was laid over and the resolution which had been prepared, calling for the refunding of \$150,000 general fund warrants, was not read. The city was figuring on refunding the outstanding indebtedness in the amount of a considerable surplus to the people of this city. The contracts for brick sidewalks were awarded as follows: John Mulqueen, twelve-foot walks; John Skinkle, six-foot and 5-foot walks; B. P. Wickham, four-foot walks.

L. Rosenfeld was noted permission to conduct a saloon at 164 Broadway.

REPUBLICANS TAKE COUNSEL. County Chairman of the Ninth Congressional District Hold Meeting.

A meeting of the republican county chairman of the Ninth congressional district was held yesterday morning in the rooms of the Council Bluffs Republican club. The meeting was presided over by Chairman Weaver of the state central committee and was for the purpose of mapping out the campaign in this district. Congressman Smith, Hon. Pherson of Red Oak and J. S. Dewell of Missouri Valley, member of the state central committee from the Ninth district, were in attendance.

The county chairman present were: H. L. Hackett of Red Oak and J. S. Dewell of Missouri Valley, member of the state central committee from the Ninth district, were in attendance. The county chairman present were: H. L. Hackett of Red Oak and J. S. Dewell of Missouri Valley, member of the state central committee from the Ninth district, were in attendance.

Candidates present were: Hon. J. M. Junkin of Red Oak and S. H. Haxel of Council Bluffs, candidates for state senators, and G. W. Egan of Harrison county and G. W. Black of Mills county, candidates for state representatives. In addition to a number of leading members of the party in this district, the party took part in discussing the plans for the campaign.

Chairman Weaver, after the meeting, said this was the eighth meeting he had held in this district and he had found everything in a satisfactory condition. The party is well organized and the prospects for victory in November, he said, were never better. The speaking campaign, he said, would be opened October 1 at Marion, when Senator Otis will speak. Governor Shaw will continue to speak up to election day.

When asked as to the arrangements for Potawattamie county he said nothing had been definitely fixed as to dates, but that Dulliver and Cousins would both make speeches in this county. From here Chairman Weaver went to Dodge, where he presided at a meeting of the Potawattamie and from there to Fort Dodge, where Thursday he holds a meeting of the Tenth district.

State Committeeman Dewell said the reports from the several county chairmen were all good. The party is well organized and that everything gave evidence of a thorough and energetic campaign. He said there were only two counties in the district where, in his opinion, the election of state senators and representatives was doubtful.

Marriage Licenses. Licenses to wed were issued yesterday to the following persons:

Name and residence. Age. George W. Smith, Council Bluffs, 29. Grace Palen, Council Bluffs, 22. Joseph L. Rehe, Council Bluffs, 29. Mrs. J. E. Barton, Council Bluffs, 46.

Notice. To My Friends and Patrons: I wish to announce that I have severed my connection with John Bone & Co., and have opened a first-class furnishing goods and hat store at 415 Broadway, where I will be able to cater to your wants as completely as in the past.

JOE W. SMITH of Smith & Bradley. SMITH AND YANCY MAY HANG Omaha's Notorious Citizens Will Be Arrested—Towa for Murder of Two Brakemen.

MARSHALLTOWN, Ia., Sept. 19.—(Special.)—That "Stumpy" Smith, alias Cunningham, charged with the murder of two Omaha men in the Story county jail on the charge of assaulting Conductor Hicks, are two of the three unknown men who murdered Brakemen Mathews and Wilson on a Great Western train just west of this city the morning of August 11, 1898, seems certain in fact they have been positively identified as the supposed tramps who boarded the train at the water tank in this city and who did the shooting.

Sheriff McPherson returned from Ames to which he had gone to look for the men over with him on the trip was Conductor Fickas, who was in charge of the train on which the murder was committed and who had a fair look at the murderers as they climbed onto the cars.

Smith and Fickas were in the Story county jail he recognized them at once and did not hesitate to identify them as the men wanted for the murder of the brakemen.

The other of the trio is now under arrest in Newton, Iowa, and has been taken to Ames. He gives the name of Crockett. Sheriff McPherson and the county officers will at once take steps to have the men brought here for trial. It is thought that this can be easily done, since the charge against them in this county is murder, and never one than those on which they are now in jail.

"I will bring them back to Marshall county," said Sheriff McPherson today, "and I will hang them, too. I have evidence enough to convict them if they will fight the death penalty. I believe. There is no question in my mind but that they are the men who killed poor Mathews and Wilson, and I believe they will swing for it."

It is understood that the county officers are in possession of evidence sufficient to show where these men were every hour from the moment of the murder to their arrest at Kelley. They are the ones who were traced south from this city to the Rock Island railway, where they were taken to the sheriff's posse in the public park at Grinnell. After this fight they traveled northwest to Ames, at which point they took a train for Des Moines, on which train they got into a difficulty with Conductor Hicks and it was him through the arm which led to their arrest.

It is said that a farmer living north of Grinnell, at whose house the murderers took breakfast the morning after the murder, has identified Smith and Yancey as the men who came to his house with their hands cuffed and wrists broken. Since the capture of Smith and Yancey for shooting Conductor Hicks, Smith has been sick and his condition was such that he needed medical attention. Smith's conscience and his illness may have got the best of him, for he told the doctor that while the scrape into which he had got in Story county didn't trouble him, he didn't know how they were going to get out of that Marshalltown affair.

ALL THE CANDIDATES POPULISTS. Middle-of-the-Roadists at Onawa Put Straight Ticket.

ONAWA, Ia., Sept. 19.—(Special Telegram.)—The middle-of-the-road populists of Monona county met in convention today and chose N. Lindsey for chairman and J. Bader, secretary. George W. Johnson of Bader was nominated for sheriff; L. Mader of Sherman township for county treasurer; G. Bentley of Franklin township for county superintendent; Dr. E. H. McKown of Mapleton for coroner; H. Bader for county chairman; and I. Bader, N. Lindsey, J. A. Noodle, G. W. Johns and J. Lawrence were appointed delegates to the representative convention at Mapleton.

The convention was rather lightly attended.

Fort Dodge's Fair a Success. FORT DODGE, Ia., Sept. 19.—(Special.)—Fort Dodge has closed one of the most successful fairs in the state. The annual parade was said to have rivaled similar spectacles in the larger cities. The business men are already planning for a repetition of the fair next year.

IOWANS TO SAIL THURSDAY

Fifty-First Regiment is to Leave Manila That Date on the Senator.

THEY MAY REACH HOME IN MID OCTOBER

Frank and Rufus Jones Re-Enlist to Free Their Parents' Mortgaged Home—J. R. Prime Gets Army Commission.

DES MOINES, Ia., Sept. 19.—(Special Telegram.)—Governor L. M. Shaw received the following cablegram this afternoon from Colonel Loper of the Fifty-first Iowa: "MANILA, Sept. 18.—The Fifty-first Iowa will sail on Thursday, this week, on board the transport Senator for San Francisco. (Signed) 'LOPER.'"

It is estimated that it will take from three to four weeks for the regiment to reach San Francisco by way of Honolulu and by that time complete arrangements will have been made for the reception of the Iowa soldiers and their transportation across the continent home.

General Byers, who has been in Dubuque mustering in Company A, of the new Forty-ninth Iowa regiment, will reach Des Moines this evening and hopes to complete arrangements at once for the transportation of the troops to Council Bluffs. A meeting was called at the Young Men's Christian association auditorium for Thursday evening to plan for the reception of companies A and H when they reach Des Moines.

The "Senator" should arrive in the Golden Gate October 13 and will be received by an official party headed by Auditor Merriam and Treasurer Herriott.

The new plan adopted with regard to the mustering out of the volunteer forces, that of making out all of the papers on board the transport during the progress of the journey homeward, the Fifty-first will require only a two days' rest in San Francisco and five days for the journey to the border line of Iowa.

Thus the troops could reach home October 20. Should the old plan be adopted of mustering the soldiers out after they have landed, it will take three weeks in San Francisco to prepare them for the long journey, which would make it November 2.

Re-Enlist to Pay the Mortgage. Today Mr. and Mrs. E. D. Jones of Highland Park received a letter containing a draft for \$1,000 and this message: "We have re-enlisted to pay off the mortgage on mother's home."

The young man is Frank E. and Rufus M. Jones, the 23 and 20-year-old sons of the parents they have made so happy. There is a mortgage on the family home of \$800 and as there are six children in the family besides the two soldiers, and all of them too young to be of much help, the mortgage has been a dreadful burden.

When the Fifty-first Iowa was ordered home the Jones boys each decided to take their travel pay instead and to re-enlist. This they did and as there was \$150 travel pay coming to each and some regular pay besides, they were able to send the draft for \$1,000. They belonged to Company A of Des Moines.

Prime Commissioned Major. John R. Prime, once adjutant general of Iowa, and later famous as a principal in the row with General Guest of Burlington over the brigadier generalship of the Second brigade, Iowa National Guard, was today offered an appointment as major in the Forty-second volunteers, now recruiting. He accepted and will at once go to Niagara, New York, to assist in raising and drilling the regiment.

In the murder trial of William Winslow, charged with the murder of Edward Tilton, the state finished its evidence. The defense will have but one witness, the defendant. He will testify tomorrow and it is believed a verdict will be reached forthwith.

Tilton was found dead in his hayrack in Highland Park, a suburb, one night a few weeks ago. Several witnesses heard Winslow threaten Tilton that night and saw him start after him, though no one saw the deed done.

DAMAGES FOR STIFF ANKLE. Trial of the Johnson-Emmert Suit for \$5,000 Begins at Atlantic.

ATLANTIC, Ia., Sept. 19.—(Special.)—The hearing of the \$5,000 damage suit against Dr. J. M. Emmert, state senator from this district, began in the district court this forenoon and promises to be one of the hardest fought cases in this court for a number of years. The plaintiff is John Johnson, a merchant of this city, and the case grows out of an accident a couple of years ago in which Johnson's ankle was badly broken.

Johnson attended him and Johnson alleged malpractice, claiming negligence by which he says he partially lost the use of the foot. For the plaintiff, Johnson, H. M. Boorman is assisted by Joseph McCabe of Council Bluffs, Delano C. Meredith and Willard & Willard are the attorneys for the defense.

Dr. Emmert was the first witness called and the greater part of the day was taken up in his examination. The prosecution sought to show that he was using electricity without a proper understanding of its effects. The doctor proved to be well posted in electro-therapeutics and it was not an uneven match in the expert testimony sparring. The case will probably be on the greater part of the week.

CIGAR MAKERS ON A STRIKE. Nonunion Employees in the Factories at Ottumwa Quit Work and Parade the Streets.

OTTUMWA, Ia., Sept. 19.—(Special Telegram.)—Fifty employees in the non-union cigar factories walked out this morning upon the refusal of the proprietors to pay the union scale. They paraded the streets, headed by a union band, and marched from factory to factory. They were joined by the recruits in the movement. At none of the factories did the entire number of employees go out and in the evening the strikers and the band made a second tour of the factories.

There are fourteen cigar factories in the city and only six of these are organized. There were 127 employees in the non-union shops this morning and thus far 75 per cent of that number have been enlisted in the cause of the union and are now with the strikers.

Enthusiastic meetings have been held at Labor hall all day and evening and the strikers are confident of success. Some of the manufacturers say they will go out of business before they will pay the union scale. Much excitement has prevailed today and even greater demonstrations are anticipated tomorrow. The men in the union shops average \$12 a week and work eight hours a day. They work under the Cuban union and international union bill of scale, which ranges from \$8, the lowest, to \$66, the highest, per thousand for making. In non-union shops the girl worker gets from \$3 to \$5 per week on an average and the men receive on an average from \$7 to \$7.10 per week as a compensation for their work.

Gypsum Workers Compromise. FORT DODGE, Ia., Sept. 19.—(Special.)—Sixty employees of the Cardiff gypsum mill resumed work today, after having been out on a strike since Friday last week. They demanded a raise of 10 cents per ton, or a total of 50 cents. A compromise was effected, the men returning to work at 45 cents per ton.

Stout City Laundryman Falls. SIOUX CITY, Ia., Sept. 19.—(Special Telegram.)—J. J. S. Millsbaugh, a Sioux City laundry man and one of the oldest laundrymen in the business here, failed this afternoon for about \$5,000. His plant had been mortgaged to the First National bank, which took possession and will continue its operation.

Came 4,000 Miles to Marry. MORRIS, Ala., Sept. 19.—Pretty Jennie Krohn traveled 4,000 miles to marry Captain Gerhard of the Norwegian steamship Yuma, now in this port. She came from Bergen, Norway, alone. The wedding took place last evening in the First National church and was the occasion of much rejoicing in shipping circles.
