Stephens' Offensive Speech. Governor Stephens then caused somewhat of a sensation among the republican state officials present by denouncing the national administration and its war policy and declaring that trusts and imperialism go hand in

Governor C. S. Thomas of Colorado was the first to respond. He prefaced his remarks by saying emphatically that he did not agree with the expressions voiced by Governors Stephens and Sayers at the morning session and then launched out on a dis cussion of the trust proposition

Governor Leslie Shaw of Iowa then took the floor and, as it seemed to many, facetiously derided the remarks of Governo Stephens at the morning session. Before delving into his subject he paused and made motion that the governors of Missouri Tennessee and Texas be appointed to draft and formulate a bill such as, in their opin ion, may safely and advantageously be ion that uniform laws should be enacted by passed by the legislatures of the severa excellent evolutions and fine appearance the several states and by congress. "I prefer a formulated bill, such as I may safely submit to the general assembly of my states, rather than resolutions. I think I am politician enough to draft a set of resolutions so drastic that if heeded all trusts and combinations would immediately take their departure from the commonwealth of which I have the honor to be chief executive; but I am not so confident that I am statesman enough to draft a bill which will compel their everlasting exit providing they are determined to stay. If the committee, seems to me comprehensive and effective, I will very gladly recommend it so, for I desire here and now to say that I have no sympathy with any combination of capital which results in monopoly.

"I desire that the governor of Missouri shall serve upon this committee, for the reason that he reports the statute of his state adequate to meet the demands of the hour; and I hope, if he shall consider it essential to this end, that he incorporate the law recently approved by him, which, if I may trust the verbal testimony of citizens of his state, permitted the competing lines of railway in this city to combine. And I desire that the governor of Tennessee may serve upon this committee, for, in private conversation he advised me, with evident pride I thought, that very extensive deposits of phosphate had been discovered in his state, from which great fortunes are now being made, and he reported that many of the producers of phosphate had been thereby driven from the market. I desire him to incorporate in the bill, if he shall deem it advisable, such provisions as will prohibit capitalists of Tennessee from monopolizing the phosphate business.

dreds of peoall the time asking what Dr. Pierce's medicines are mixed with to produce such marvelous These medicines are the result of Dr. Pierce's thorough professional education; his deep study of the princi-ples of materia medica and of the hu-

experience.

"I thank God for giving you wisdom and knowledge, and guiding you in making these medicines," sayo Mrs. H. A. Alsbrook, of Austin, Lonoke Co., Ark., in an earnest letter to Dr. Pierce. "After five months of great suffering I write this for the benefit of other sufferers from the same afflictions. I doctored with our family physician without any good results, so my husband urged me to try Dr. Pierce's medicines which I did, with wonderful results. I am completely cured. I took four bottles of Dr. Pierce's Pavorite Prescription, four of his 'Golden Medical Discovery' and two visis of his 'Pleasant Pellets.'"

There is no medicine in the world that has helped and cured so many weak and has helped and cured so many weak and ailing women, as Dr. Pierce's Favorite Prescription. It was devised solely for that purpose by one of America's most eminent specialists in this particular field of medical practice. Any woman may write to Dr. Pierce for advice which will be sent confidentially and absolutely tree of charge.

Dr. Pierce's great thousand-page Com-mon Sense Medical Adviser will be sent for the mere cost of mailing; paperbound for 21 one-cent stamps, or clothbound for 31 stamps. It is a grand and useful book. Address Dr. R. V. Pierce,
