

ANNOUNCE IMPORTANT EDICT

Railroad Men Say that Free Transportation Must Be Abolished.

NO ONE WILL BE ABLE TO SHOW A PASS

Executive Officers Have Declared in Favor of Its Abolishment—Western Lines Will Decide the Question Next Month.

The railroad pass must go. This is the edict which has been promulgated by the executive officers of railroads operating in the United States. Even railroad men, who have always enjoyed the time-honored privilege of traveling on a pass, will have to pay fare when they ride over any other road than the one on which he is an employee.

A committee, representing six of the largest railroad systems in the west, has been at work on this proposition for the past six months. They have canvassed the field thoroughly. To the executive officers of every railroad in the United States this committee sent a letter of inquiry early in June asking from them their opinion on the abolition of free transportation.

Of 200,000 miles of road in the United States, 120,000 miles were in favor of the proposition. Managers of the other 80,000 miles either not replied or remained non-committal, so that the proposition practically meets with the unanimous approval of railroad men everywhere.

The committee which has had this matter in charge was composed of Vice President Earl of the Milwaukee, Vice President Morton of the Santa Fe, President Burt of the Union Pacific, Vice President Harahan of the Illinois Central, Vice President Ramsey of the Washash and Vice President Johnson of the Rock Island. A meeting in Chicago this week and its action was taken in accordance with the expressed preference of the railroad corporations who are vitally interested in the matter and whose intention to abolish the railroad pass is one of the most radical and sweeping measures ever decided upon. The committee has made a recommendation favoring the entire abolition of free transportation, which will be submitted to a general meeting of the executive officers of all railroads west of Chicago, to be held in St. Louis October 16.

From the expression of opinion received from the railroad managers it is possible that at this St. Louis meeting the recommendation of the committee will be adopted and the railroad pass will then be a thing of the past. In some quarters, however, doubt is entertained as to whether the railroad managers will agree to this plan after they have given it further deliberation. It may be more of a difficult matter than is anticipated to do away with the old-established custom of issuing passes to those who are considered worthy to receive them.

It will be remembered that the question was considered by officers of western roads at a meeting held in St. Louis last year. It was considered by many to be a wise course to pursue—the abolition of the pass—but no action in this direction was taken, further than the establishment of bureaus at different points to the extent of any heretofore transportation. Such a bureau is located in Omaha, and so far as known its operation has been very satisfactory.

GOSSIP OF BIG RAILROAD DEALS.

Great Combination for Two Transcontinental Lines. Journal and Advertiser says: While the death of Cornelius Vanderbilt may temporarily delay the consummation of the big Vanderbilt deal for a transcontinental line, it is not believed that railway financial circles will be any longer kept in the dark concerning these plans. The entrance of William Rockefeller into the directory of the New York Central, which was made possible by the death of Mr. Vanderbilt, it is believed, will further the deal. From reports now current, the projected combination in many cases may be simply in the way of traffic agreements and contracts and will by no means be composed exclusively of Vanderbilt properties.

At the present time the deal, which is more comprehensive than any heretofore brought about in American railway properties, representing nearly a billion in capital stock, includes Huntington, Rockefeller and Vanderbilt roads. Not only will there be a through mid-continent line from New York to Puget sound, but a line will also be a southern transcontinental line.

The Chicago & Alton will figure in the deal as a connecting link between the New York Central-Lake Shore and Chicago and the Missouri, Kansas & Texas at St. Louis and Kansas City. The Southern Pacific will be reached by the Missouri, Kansas & Texas, giving a through line to southern California, which is a much nearer point to the Philippines for shipping than any port on Puget sound.

Mr. Rockefeller, as a director in the New Haven road and an important factor in the Boston & Albany, will throw to the New York Central the control of the New England roads. He is also an important factor with the Vanderbilt in the first mortgage bondholders. The first mortgages are for \$1,592,000 on the Chicago, Peoria & St. Louis and \$1,599,000 on the St. Louis, Chicago & St. Paul. The second mortgages on the Chicago, Peoria & St. Louis amount to \$2,200,000 and on the St. Louis, Chicago & St. Paul \$1,255,000.

The roads will probably be sold the first week in November. They have defaulted interest since 1897.

BOTTOM NOW CLOSE IN SIGHT.

Last Reduction of Burlington Leaves Memphis Only One Cut to Make.

Following out its established policy the Burlington has made another reduction in rates on southeastern packing house shipments, to become operative September 22.

The rate will be lowered to 2 cents on shipments from Omaha to the Ohio river and 6 cents to Memphis. This gives Omaha a 3-cent differential over Kansas City according to the present tariff of the Kansas City, Fort Scott & Memphis, which became effective today, although it is expected that the Memphis will wipe out its rate entirely from Kansas City to Memphis as a last move. Then the Burlington will reduce its rate 3 cents and the Kansas City differential will become effective. When this is done

railroad men profess to be entirely in the dark as to future movements of the two roads. It is admitted that the rates cannot be kept as such a point for a great while, and the road which first cries "Hold! Enough!" will be the loser in the bitter contest which has developed into one of the most famous in the history of western rate wars. That the Burlington will win out in the fight is the prophecy made by many because of its aggressive determination manifested from the beginning. Railroaders are now worrying over the prospect of the rates ever catching the point held before the fight began.

Ation Files Big Mortgage.

SPRINGFIELD, Ill., Sept. 21.—The Chicago & Alton Railway company filed this afternoon with the recorder of deeds of Sangamon county a mortgage to the Illinois Trust and Savings bank of Chicago, on all their lines of railroads, terminal buildings, etc. The mortgage is to secure \$40,000,000 of fifty-year gold bonds, issued October 1, 1899, and due October 1, 1949, and bearing interest at 3 per cent and also to secure the issue of additional bonds of \$10,000,000 for the purpose of building additional road and extensions not to exceed in cost \$20,000 per mile and for bonds not exceeding \$10,000,000 for future betterment of the road to be contracted for after January 1, 1900.

Crookers Out of Southern Pacific. NEW YORK, Sept. 21.—Bellet is general in Wall street that the Southern Pacific Railway company has passed beyond the control of the Crocker estate. It is denied that the Vanderbilt has been identified with the road, and it is said that a syndicate, with C. P. Huntington at the head, has obtained control of the road.

Evansville's Annual Statement. INDIANAPOLIS, Ind., Sept. 21.—The annual report of the Evansville & Terre Haute railroad made public today shows gross receipts from operation were \$1,582,126.15; net operating expenses, \$919,858.88; total income, \$753,267.27; total deductions from income, \$384,318.40; leaving a total net income of \$368,948.87.

Railway Notes and Personals. General Agent Phillippi of the Missouri Pacific is in Kansas City on a brief business trip.

J. R. Phelan, superintendent of the Burlington's Wyoming division at Alliance, is a visitor at headquarters.

Arthur B. Smith, assistant general passenger agent of the Burlington, has returned from an extended trip over the western lines of the road.

The Omaha Bridge & Terminal company is about to begin work on the connection between its new freight depot at Eleventh and Chicago streets and the end of the track from the bridge. The trouble with the Union Pacific has been settled, and trains will soon run over the bridge between Omaha and Burlington.

Work has been begun in East Omaha on the grade for the Omaha & Council Bluffs Suburban Railway company's line across the river connecting the two cities. The western terminus of the line will be at the end of the line running from Sixteenth east on Locust street. Work on the line from the east end of the East Omaha bridge to Manawa is expected to begin shortly.

EACH RECEIVED \$10 CASH PRESENT.

White Russian Wrappers Worth Their Weight in Gold—So's the Soap.

The following letters addressed to Jas. S. Kirk & Co., are worth reading: "Gentlemen—I hereby acknowledge the receipt of \$10.00 given me as a prize for sending in the largest number of White Russian Soap wrappers in contest closing August 31. Please accept my thanks, with the assurance that I will take pleasure in pushing White Russian soap, which I can easily do as it speaks for itself and is the best money can buy. Yours truly, Lillie A. Ragatz, Columbus, Neb."

"Dear Sirs—I wish to acknowledge receipt of \$10.00 for collecting the most White Russian Soap wrappers between September 1 and September 15. I not only use White Russian Soap exclusively for laundry purposes but take pleasure in recommending it to all my lady friends because it is the very best soap I have been able to find, and I have tried them all. White Russian Soap certainly is the most economical because it goes so much further than any other. Respectfully, Mrs. E. A. Pippin."

HAYDEN BROS.

Special Dress Goods Sale. Priestley's crepons, the finest luster, the most perfect black. In this sale we will sell a crepon for 75c that is sold elsewhere at \$1.25. Announcements.

The Dreyfus pictures at the Creighton-Orpheum graphically tell the story of the greatest drama of modern times. The scenes and incidents, both in prison and in court, are reproduced true to life. All the principal actors in the Dreyfus case are shown. These illustrations will be given only this week. The women and children will have a good opportunity to see them at the matinee tomorrow. There are several other very attractive features on this week's bill.

The attraction at the Boyd Sunday night will be the new comedy farce, "Dear Old Charley," which will be illustrated by a splendid array of comedians, headed by such capable artists as George C. Boniface, Jr., George Ober, Bertha Walzinger and Kathryn Osterman. The latter is a very handsome actress, wears some stunning gowns and lends a note of beauty worth considering. Mrs. Osterman has a wholesome, grateful dignity and sweetness of presence which is most endearing, and there are always many admirers ready for her appearance to give her a complimentary reception and to enjoy her performance plentifully.

"The Chimes of Normandy," the comic opera which is this week's offering at the Froeders, is one of the most popular opera buffets ever produced in England or France. It was first sang there about fifteen years ago and since that time has been produced annually at one of the leading theaters of both Paris and London. The way it retains its popularity is ample evidence of its merit.

Looking for an Officer's Scrap. James Hyland, Jr., appeared in police court yesterday after the scalp of an officer who arrested his 12-year-old boy for fighting. Young Hyland and a companion named Julius Spiegle, 2412 Cumins street, came to bid near the corner at Spiegle's home and Hyland was arrested. His father got him out of custody. The boy is too young to be prosecuted in police court, so he was not given a hearing.

DIED.

KUHNS—Rev. Henry W., Tuesday, September 19. Aged 70 years 23 days. Funeral services at 2 p. m. Saturday, September 23, at Knights Memorial Lutheran church. Interment Forest Lawn cemetery.

CURTIS—Orvil Henry, September 20, 1899. Aged 4 years 1 month 2 days. Services at the Church of God Shepherd Saturday, September 23, at 2 o'clock. Interment Forest Lawn cemetery. Friends invited.

MUNN—Rev. Will F., Thursday morning at 8:40 o'clock. Funeral from family residence Tuesday, September 22, at 2 o'clock.

Black Eye is Antill's Jonah. The black eye with which Charles Antill decorated the countenance of Susie Hill is causing the donor no end of trouble. Last week Antill was arrested on the charge of assault and lost his position on account of the notoriety he acquired because of having lost his temper and awaiting Susie in the eye. Wednesday night Antill encountered T. W. Hooper, the man who poses as the woman's champion, and the two started a mill.

"Dear Sirs—I Hooper jumped on him without warning behind the corner of a building at Thirteenth and Dodge streets. Hooper declares that Antill struck the first blow. There were no witnesses to the fray.

Stops the ache and prevents decay. Dent's Toothache Gum. All druggists. 15 cents.

HAYDEN BROS.

The contest open, at present, only to women of Nebraska and Council Bluffs, Ia. White Russian soap is always the same quality. The very best. Does not injure woolen fabrics nor washes. Jas. S. Kirk & Co., 309 South Twelfth street, Omaha.

ALLEGED PLUMBERS' TRUST

Master Plumbers' Association Attacked in Court at Violation of the Law of 1897. A novel defense is set up by the management of the Moorish Palace in a case in which they are sued by J. J. Hanchey, a plumbing contractor. The case was heard by Justice Foster and is a suit over a disputed account. Attorney Strickler, for the defendants, resisted the attempt to collect a bill on the grounds that the Master Plumbers' association is a trust, and according to the statute passed in 1897, its members cannot collect money due them, such being the provision of that statute. The reply of the plaintiff to this is that the association is not a trust, but a trade union, and that it is a trust the statute is unconstitutional.

During the progress of the trial it was developed that the plumbing cost \$56 when it was put in new, and the bill for repairs necessitated by a freeze-up last winter amounted to \$27.

Monthly Statistics. The following births and deaths have been reported to the office of the health commissioner during the last forty-eight hours: Births—Alfred Bloomberg, 2016 North Twenty-fifth street, girl; Edgar Rouse, East Omaha, boy.

Deaths—Mrs. Margaret Conner, 1616 Webster street, 76 years; Rev. Henry W. Kuhns, Twenty-fifth and Franklin streets, 70 years.

For the Devvey Day Celebration at New York City, the Nickel Plate Road will sell tickets, Chicago to New York and return, at \$24.00. Tickets on sale September 26, 27 and 28, with return limit to and including October 4, 1899. Three through trains daily, with vestibuled sleeping cars. Please address General Passenger Agent at 111 Adams street, Chicago, for further information.

Robbed Sleeper of His Watch. Thomas Kelly, spike-driver on the Union Pacific railroad, known by the sobriquet "Splice Maw," was arrested this morning by Officer Russell as a suspicious character. Kelly had in his possession a valuable gold watch he was trying to sell at auction shop on Ninth and Jackson streets for \$4.00. Shortly after he was taken to the station, R. R. Stewart, a railroad brakeman from Villisca, Ia., appeared, in company with Officer Ryan, to complain of the theft of his watch stolen from his pocket while he was asleep in a chair in a rear room of Lauer's saloon, at Tenth and Douglas streets.

Stewart explained that he came to the city to look for work. He made Kelly's acquaintance in one of the downtown drinking resorts and at night accepted an invitation from Kelly to share his apartments till morning. Stewart said when he woke up he was lying on a floor among a lot of carriages. He supposed the place was a stable. When he went to Lauer's saloon a little later he again met Kelly and had a few drinks with him. Afterward he went asleep in a chair, and was awakened by the bartender shaking him and announcing that Kelly had gone away with his watch.

At the station Kelly said Stewart gave him the timepiece. When arrested on the street he told the officer he bought it of a man in Grand Island for \$6.00.

Everything New

Everything new and up to date. The only association of our present with our past in Clothing is our leadership.

Nobody daunts that—nothing obscures it. Surely there's no "pull" for a business like the pull of Right Clothing at Right Figures!

No two pairs of eyes see alike, but even with half an eye it is easy to see that something out of the common is happening here. Clothing the folks want, and at the prices they ought to pay, are difficult to keep out of sight.

Take Ten Dollars

and start out to buy the best suit of clothes that ten dollars will buy—look through all the clothing stores you can find, look carefully at the style, quality and construction of their best ten dollar suits, then make a bee line for The Nebraska. On your way take two dollars out of the pocket you have the ten dollars in and put it in your vest pocket. Go to our Men's Clothing Department, ask to see the best \$7.50 or \$8.00 suit of clothes in the house—now, if our \$7.50 and \$8.00 suits are not just as good and better than other stores ten dollar suits—don't buy 'em.

One man was so elated over his savings in our underwear department that he walked through one of our plate glass doors on Fifteenth and he says: "I didn't see how you could sell underwear as cheap as I bought it—neither did I see that plate glass door."

But all our transactions are as clear as the door—you can see through all of them. Buying in large quantities—selling for cash—being satisfied with a small profit—keeping everything clean and up-to-date is why we succeed—now will you buy your clothes here?

Nebraska Clothing Co. FARNAM & 15TH
