site the line of warships under the bluff and between these two lines the civic part of the parade was held. Rear Admiral Howison has gracefully yielded to Rear Admiral Sampson in the matter of rank in the ships' division. The commander of the South Atlantic squadron will be present as a spectator and bring up the end of the line with the Chicago. Rear Admiral Sampson will follow the admiral in the New York, but will fly the red flag, while Howison flies the blue.  
Tomorrow night the grandest fireworks and illumination in the history of the city will occur. Tonight there was a preliminary illumination of rare beauty. All the buildings on the water front were lighted up. On the Brooklyn bridge the centers of living fire thirty feet high were the words "Welcome Dewey," while simultaneously from the shores of the East and North rivers, Staten and Governor's island, red fire glowed and sputtered, sending up fantastic clouds of smoke, turning the calm water into a sea of red flames and transforming the craft in the water into red specks.

Dewey. The galleries were crowded with visitors, who joined in the cheering of the brokers.

#### TRIBUTE OF SONG TO THE ADMIRAL.

Twelve Hundred Singers, Under Vice Mayor, Secorade Him.

NEW YORK, Sept. 28.—Twelve hundred strong, the People's Choral union tonight, under the leadership of Walter Damrosch, paid a tribute of song to Dewey. They left the pier on the Brooklyn street at 7:45 p. m., and forty minutes later the Warwick lay to fifty yards from the Olympia. "My Country, 'Tis of Thee" was the first number and as soon as it was over the Jackies and officers expressed their appreciation by three hearty cheers and a tiger.  
Then the flaglights played and showed the admiral's flag at the masthead. Three cheers arose from the Warwick and then the 1,200 singers broke forth into the stirring strain: "See, the Conquering Hero Comes."  
The band of the Olympia played "The Star Spangled Banner" and the band on the Warwick joined in and the Olympians helped the visitors to fill the night with the magnificent chorus, "Three cheers for Dewey," some one or two sang in the grand finale, some one sang the hymn of the great admiral, the admiral's flag played and showed the admiral's flag at the masthead. Three cheers arose from the Warwick and then the 1,200 singers broke forth into the stirring strain: "See, the Conquering Hero Comes."  
That was well under way when the national colors were run up on the stern of the Olympia and with the searchlights full on Old Glory it was gracefully dipped by way of salute and thanks.  
"The Star Spangled Banner" again rang out in swelling chorus and that was the singers' goodnight to the great admiral.  
Then Rear Admiral Sampson's ship, the New York, was sought out, while along the line of war ships, starting out with the Olympia, red and white signal lights winked, busily passing the word to give the Choral union the answer with cheer by red signals, the New York's crew gave the singers a warm welcome as they approached singing "The Battle Hymn of the Republic."  
The New York's searchlights were turned on the singers, and they cheered for Sampson and answered with cheer by red signals. Then somebody on the Warwick called out: "Three cheers for Admiral Schley," and the answering shout was fully as loud as that which went before. Then the Olympia sang "America" and "The Star Spangled Banner."

#### DUTY TOWARD PHILIPPINES

President Schurman of Cornell Speaks in Light of Observations.

COME TO ADMINISTER A GREAT TRUST

Nothing to Be Gained Now by Discussion of the Theory of Expansion—Must Meet Conditions as They Are.

ITHACA, N. Y., Sept. 28.—The scholastic year at Cornell university was formally opened in today with the usual ceremonies. President Jacob G. Schurman in his address at the opening of the scholastic year of Cornell university today spoke at considerable length on the subject of national expansion. Mr. Schurman was president of the commission sent to the Philippine islands to investigate the subject of the civil government of the archipelago. At the outset of his address he said that it was his duty to state that the treaty-making power of the United States, backed, he admitted, by an overwhelming public opinion, irrespective of party, took the Philippine islands from Spain. Some people were still discussing the theoretic question of right or wrong. He did not see an open question since last winter. The only question today open was this: "The United States having taken the Philippine islands from Spain, what shall be done with them?" This grave issue must be decided by the president and the people. They thought it could be left in the confident care of the president, but they had not seen the light of a wise solution would be reached. He invited attention to some observations on the general subject of national expansion.

#### FIRE RECORD.

##### Incorporation at Beatrice.

BEATRICE, Neb., Sept. 28.—(Special.)—The Burlington depot at this place was destroyed by fire this morning. The building is of brick and contained a great deal of contents, including the household goods of the agent, James Morrison, upon which there was no insurance. The building is believed to have been fired by tramps and with the high wind blowing from the north it went so quickly the agent and his family barely had time to escape. Prompt work by the fire department prevented the flames from spreading to the business part of town. About one hour later the fair grounds, half a mile south of town, were totally destroyed by fire. This also is believed to have been of incendiary origin. The property of the Fair association is covered by insurance.

##### Residence Destroyed.

The one-story frame cottage at 1444 South Eighteenth street belonging to William Neekel, night foreman of the press-room of the Bee, was almost totally destroyed by fire Thursday night. The members of the family were all up town watching the parade when the fire started and no one seems to know just how it originated. The alarm was turned in a little after 10 o'clock, but the flames had made such headway that the heroic efforts of the firemen could not overcome the fire. The cottage was valued at \$1,000 and the contents at \$500. The former was insured for \$500 and the latter for \$400.

##### Fire at Friend.

FRIEND, Neb., Sept. 28.—(Special Telegram.)—Fire occurred this evening in the rear of Speritz' butcher shop. Two streams were promptly turned on and the fire extinguished. The building is of brick and is badly burned and damaged by water. There is \$200 insurance on the stock and the building in the Phoenix.

##### Incendiary Fire at Edgar.

EDGAR, Neb., Sept. 28.—(Special.)—A fire, believed to be incendiary, broke out last night about 2 o'clock in the old livery barn owned by Hed Woodward, and it was totally destroyed, with its contents, including two horses. There was \$500 insurance on the building, but nothing on contents.

##### Fire Started by Burglars.

JACKSON, Miss., Sept. 28.—Madison station on the Illinois Central railroad, was almost destroyed by fire today. Nearly all the business houses and several residences were burned. The loss is about \$80,000. The fire was started by burglars.

##### HYMENEAL.

#### Jones-Gray.

FREMONT, Neb., Sept. 28.—(Special.)—Albert Jones, an attorney at Sioux Falls, S. D., and Marietta Gray, daughter of E. P. Gray of this city, were married yesterday at noon at the home of the bride's parents on East Sixth street, in the presence of a limited number of guests by Conrad Hollenbeck, judge of the district court. After the ceremony an elaborate wedding dinner was served. The bride wore a dress of white liberty silk over satin and carried white carnations. C. E. Abbott of this city was best man and Miss Victoria Gray and Miss Jones and Sloane of Sioux Falls, the bridesmaids.
