Popooratic Press Bureau Run by Officeholders to Detriment of Their Duties.

School Journal While He Makes Political Medicine-Genuine Reformers Disgusted.

LINCOLN, Sept. 29 .- (Special.)-The following paragraph, which appeared in the last number of the Kearney Reform School Journal, is evidence of another case of misappropriation of state funds by popocratic officials:

"J. R. Farris, editor and printing instructor, is temporarily absent from his desk and during his absence the printing class is in full charge of the Journal and we trust friends will excuse any shortcoming and appearance of the paper should it not be up to the standard or meet their expectations.

On another page of the same paper it is stated that "The printing office boys were without work for awhile, as Mr. Farris was in Lincoln.'

Mr. Farris is one of the several office holders under the popocratic administration who are in the employ of the populist state central committee in this city and who at the same time are drawing a salary from the state. According to the statements in the Reform School Journal his work in the

institution is being neglected and the pupils in the department of printing are forced to remain idle while their foreman and instructor is doing political work for the state committee. Mr. Farris, in his capacity as foreman of the printing department, has Reform school. The object is to train of the institution in the various branches of the printing trade and in newspaper work. With Deputy Land Commissioner Nelson and Bookkeeper DeFrance, both of whom work for the committee and draw pay from the state, Mr. Farris is assisting in conducting the campaign of a "reform" political party while his pupils in the Industrial school are enjoying a vacation.

#### Displeases Real Reformers.

There seems to be very general dissatisfaction among the democrats and middleof-the-road populists in this section of the state over the work of the populist committee. The inconsistency of the so-called reform policy of the campaign managers be well denied in the face of the fact that three of them are drawing salaries from the state.

This kind of reform will not go down with some people," said a populist today, who is not in sympathy with the state house crowd or the methods pursued in carrying on the campaign. "A glance over the list of the employes of the committee is enough to convince the ordinary voter that the real cause of populism is being sacrificed for the purpose of furnishing additional employment to a lot of men who are drawing salaries from the state. The reputation of Edmisten as a pass-grabber and a political hold-up will not help the ticket any." J. F. Ritchart of this city, who has been referred to as one of the men denounced by the populist state central committee, furnishes an explanation as to why he was not

for the country press. "They offered me 50 cents a letter to write for them," said Mr. Ritchart. "I am a democrat and have been ever since I came to Nebraska, but I'm sore on this Bryan-Holcomb crowd and this year I am going to vote for Reese. Every time there is a justice of the peace, a governor or any other kind of an office to elect this crowd goes | against Lillian Howard, cruel treatment; nfter it

Misinterpret Election Law.

There seems to be a very general misun derstanding regarding the correct interpretation of the election law in respect to the filing of certificates of nomination and statements of expense. Candidates have until twenty-five days before election to file certificates of nomination, but their expense statements must be on file within ten days

after the convention. According to the general understanding of the law it is not necessary for judicial candidates to file certificates with the secretary of state. The law in this respect provides that all persons nominated for any judicial or state office by a convention representing a district larger than a county shall file certificates with the secretary of state, except as otherwise proning, 11 to 0. vided. Another section provides that judicial candidates must file certificates with

the county clerks and that they may file them with the secretary of state. So far only the Fourth district judicial candidates have filed certificates.

## QUARTER RECORD EASILY BROKEN.

Driven by Ed Geers, The Abbott Breaks a World's Record. LOUISVILLE, Ky., Sept. 29.—Notwith-standing the sky was cloudless the wind seemed to be a blast from the north pole today and the attendance at the fair grounds was not large. The racing was rather tame, being of the processional kind. Three strong favorites and one outsider, Endow, were the winners. **BABY'S AWFUL BURN** Large as a Silver Dollar. ## CURED BY CUTICURA

My little boy was two years old when he reached upon the table and spilled a cup of hot coffee all over his left hand. It had gone through to his breast, and before I could re-move his clothes it had burned his breast, and the skin came off with the clothes, and he has to day a scar as large as a silver dollar on his breast. I applied a great many things. The burn was a very ugly one, hard to heal. I was requested to try CUTICURA (ointment), which healed up rapidly, but before I used a half a box of CUTICURA it was well. Oh, I think CUTICURA is the salve above all others. Nov. 20, '98. MRS. R. CARTY, Needles, Cal.

# **BABY'S SORE HAND CURED**

I was obliged to keep the first three fingers of my little boy's hand done up all the time, as it was a raw sore, beginning to extend down toward the palm. We consulted three different physicians, each a certain length of time. A gentleman recommended CUTICURA remedies. I purchased CUTICURA SOAP, CU-TICURA (ointment), and CUTICURA RESOL VENT, put aside what I had been using, and began with them. Well! they cured that hand, MRS. DIAMOND,
